Davidson, 2018-07-11 Eli Washington Caruthers's unpublished manuscript *American Slavery and the Immediate Duty of Southern Slaveholders* is the arresting and authentic alternative to the nineteenth century hermeneutics that supported slavery On the basis of Exodus 10:3 Let my people go that they may serve me Caruthers argued that God was acting in history against all slavery Unlike arguments guided largely by the New Testament Caruthers believed the Exodus text was a privileged passage to which all thinking on slavery must conform As the most extensive development of the Exodus text within the field of antislavery literature Caruthers's manuscript is an invaluable primary source It is especially relevant to historians' current appraisal of the biblical sanction for slavery in nineteenth century America because it does not correspond to characterizations of antislavery literature as biblically weak To the contrary Caruthers's manuscript is a thoroughly reasoned biblical argument unlike any other produced during the nineteenth century against the hermeneutics supporting slavery **The Presbyterian Churches and the Federal Union, 1861-1869** Lewis George Vander Velde, 1932 This book deals with the history of the particular

American religious sect which because of its large and varied membership its intellectual vigor and the part played by its clergy in shaping public thought affords the richest field for a study of the influence of religious organizations upon American life The story of the struggle of the Old School Presbyterian leaders to choose between their desire to avoid a break in their church and their feeling that it was their duty to voice their loyalty to the Union forms an interesting and illuminating commentary on the problems of the troublous times of the War of the Rebellion The minor Presbyterian groups played varying parts but always occupied more than their proportionate share of public attention because each met its own problems with a characteristically Presbyterian individuality Professor Vander Velde s monograph is important not only for American religious history but also for the fact that it illustrates how closely Church and State were related during the Civil War period Journal of the Department of History, Presbyterian Historical Society Presbyterian Historical Society, 1923
