Edward Abbey James M. Cahalan, 2022-08-09 The best biography ever about Ed Cahalan's meticulous research and thoughtful interviews have made this book the authoritative source for Abbey scholars and fans alike Doug Peacock author environmentalist activist and explorer and the inspiration for Hayduke in The Monkey Wrench Gang He was a hero to environmentalists and the patron saint of monkeywrenchers a man in love with desert solitude A supposed misogynist ornery and contentious he nevertheless counted women among his closest friends and admirers He attracted a cult following but he was often uncomfortable with it He was a writer who wandered far from Home without really starting out there James Cahalan has written a definitive biography of a contemporary literary icon whose life was a web of contradictions Edward Abbey A Life sets the record straight on Cactus Ed giving readers a fuller more human Abbey than most have ever known It separates fact from fiction showing that much of the myth surrounding Abbey such as his birth in Home Pennsylvania and later residence in Oracle Arizona was self created and self perpetuated It also shows that Abbey cultivated a persona both in his books and as a public speaker that contradicted his true nature publicly racy and sardonic he was privately reserved and somber Cahalan studied all of Abbey's works and private papers and interviewed many people who knew him including the models for characters in The Brave Cowboy and The Monkey Wrench Gang to create the most complete picture to date of the writer's life He examines Abbey's childhood roots in the East and his love affair with the West his personal relationships and tempestuous marriages and his myriad jobs in continually shifting locations including sixteen national parks and forests He also explores Abbey's writing process his broad intellectual interests and the philosophical roots of his politics For Abbey fans who assume that his honest novel The Fool's Progress was factual or that his public statements were entirely off the cuff Cahalan's evenhanded treatment will be an eye opener More than a biography Edward Abbey A Life is a corrective that shows that he was neither simply a countercultural cowboy hero nor an unprincipled troublemaker but instead a complex and

multifaceted person whose legacy has only begun to be appreciated The book contains 30 photographs capturing scenes ranging from Abbey's childhood to his burial site *Park Profiles: Canyon Country Parklands* National Geographic Society, Scott Thybony, 1998 Explore some of the Southwest's greatest scenic marvels A 16 page portfolio highlights the diversity of plants and animals that live in canyon country **A Naturalist's Guide to Canyon Country** David Williams, 2020-05-01 Published in cooperation with Canyonlands Natural History Association this comprehensive and beautifully illustrated trailside reference describes more than 270 plants and animals plus geology of an area that includes nine national parks and monuments in the Southwest A Naturalist's Guide to Canyon Country is the essential tool for exploring the northern Colorado Plateau that vast province that encompasses eastern Utah far western Colorado and sections of northern Arizona and New Mexico With this fully updated and revised guide in hand you will gain a sympathetic understanding of the desert ecosystems that make up the region **4WD Trails: Southeast Utah** Peter Massey, Jeanne Wilson, 2002-10 This 2 color scenic driving guidebook is loaded with detailed information covering 57 trails in Southeast Utah Trails are in the vicinity of Moab Canyonlands Mexican Hat Bluff Monticello Green River and Blanding Find ancient petroglyphs and pictographs get information on historic events ghost towns land barons mining camps and more Good backcountry campsites and hiking trailheads are included GPS coordinates throughout Contact information for the BLM and national forest areas are given Many photographs both current and historic **Wrenched from the Land** ML Lincoln, 2020-04-01 Wrenched from the Land features sixteen interviews with some of the most iconic eco warriors to put themselves on the line for their beliefs The activists featured in this book are inspired by the late Edward Abbey one of America's uncompromising and irascible defenders of wilderness The book includes interviews with Terry Tempest Williams the late Charles Bowden Sea Shepherd Society founder Paul Watson Jack Loeffler Doug Peacock Ingrid Eisenstadter John De Puy Bob Lippman Derrick Jensen Shonto Begay Ken Sanders Ken Sleight the late Katie Lee Executive Director of the Center for Biological Diversity Kieran Suckling Earth First cofounder Dave Foreman and climate activist Tim DeChristopher Some were among Abbey's closest friends and were the inspiration for his irreverent comedic masterpiece *The Monkey Wrench Gang* Here are mesmerizing stories about how they adapted Abbey's monkeywrenching ideas into a radical blueprint for direct action Their achievements as ingenious and fierce as the individuals in this book will encourage readers to discover their own pathways toward positive change
