

# PITTSBURGH SLOPES

Sloping city, proud of its water  
As most cities are known to be,  
Claims proudly three rivers  
Despite many maps suggesting only two  
Or even only one and a half  
When seen in the long view.

Multi-level city built  
On a slant could promote movement  
Up and down the angles:

If they could build some sort of zigzag escalators for the  
Multi-level multi-river city where steel and deer hunters were king.
