Destroy Them Gradually Andrew R. Basso,2024-02-16 Perpetrators of mass atrocities have used displacement to transport victims to killing sites or extermination camps to transfer victims to sites of forced labor and attrition to ethnically homogenize regions by moving victims out of their homes and lands and to destroy populations by depriving them of vital daily needs Displacement has been treated as a corollary practice to crimes committed not a central aspect of their perpetration Destroying Them Gradually examines four cases that illuminate why perpetrators have destroyed populations using displacement policies Germany s genocide of the Herero 1904 1908 Ottoman genocides of Christian minorities 1914 1925 expulsions of Germans from East Central Europe 1943 1952 and climate violence twenty first century Because displacement has been typically framed as a secondary aspect of mass atrocities existing scholarship overlooks how perpetrators use it as a means of executing destruction rather than a vehicle for moving people to a specific location to commit atrocities **Subject Catalog, 1982** Library of Congress,1982 **Library of Congress Catalogs** Library of Congress,1983 **Subject Catalog** Library of Congress, New Paradigms Tom Reidy,2012-12 New Paradigms presents some out of the box sometimes known as common sense thinking on new ways to approach the Economy Public Education Military structure Welfare jury reform and immigration reform to name just a few New Paradigms outlines nine concepts that would make government function more efficiently Pay close attention to the New Economic paradigm since it includes two alternative solutions that would accelerate paying down the National Debt *Rape and Representation* Lynn A. contributes to what a society believes about itself Fourteen essays by authors in the fields of English American and African American German African Brazilian Classical and French literatures and film present a wide range of texts from different historical periods and cultures Contributors demythologize patriarchal representation in literature and art in order to show how it makes rape seem natural and inevitable Contributors include the editors John J Winkler Patricia Klindiest Joplin Susan Winnett Ellen Rooney Copp lia Kahn Eileen Julien Marta Peixoto Kathryn Gravdal Carla Freccero Nellie V McKay Nancy A Jones and Froma I Zeitlin Their work raises pressing and often difficult questions for feminist criticism
