Liminal Spaces Alex Ramon, 2009-10-02 This book offers a comprehensive reassessment of the work of Carol Shields Arguing against enduring conceptions of Shields's fiction as celebratory domestic miniaturism the study presents her work as more expansive and equivocal than has sometimes been recognised reading her texts as liminal spaces situated on a series of formal and thematic borders Close attention is paid to Shields's stylistic experimentation to her subversions of auto biography and historiography and to the significance of her critical writing while works which have previously received very little analysis such as her early poetry collections are also examined Intertextual links between Shields's work and that of a range of other writers including Phillip Larkin Iris Murdoch Alice Munro and Margaret Atwood are identified and explored and the study also draws extensively on manuscript materials which give an insight into Shields's working methods and extend debate about her experiments with narrative perspective and genre mixing

The Small Entireties of the Big Places Lee Firefly, 2025-10-26 This book doesn't shout It hums It's a quiet rebellion against the idea that only the grand or tragic deserves our attention What you'll find here is

smaller steadier poems that believe the ordinary can be holy if you look at it long enough They take the daily fragments we usually overlook the cooling mug on the counter the burnt match the scrape of a chair and let them glow with meaning Read a few lines aloud and you ll feel the shift the way the language exhales how the poems start calm and then crack open just enough to let the heart show through The details are close and tactile salt drying on skin a shoreline breathing against itself the kettle s soft insistence Honesty here isn t a confession it s a practice The poems don t reach for spectacle they reach for truth and that s what makes them powerful If you re looking for rules there aren t any These pieces move like vignettes small resurrections of what s easily forgotten A wet sleeve becomes a prayer A laugh breaks into a sob A fingerprint on glass feels like a kind of answer There s a quiet defiance in these pages Not a call to arms but a gentler form of resistance making bread keeping a light on measuring love in steps not distances If you need comfort that doesn t condescend grief that feels lived in and love described as an act rather than a performance this book will find you It s the kind of tenderness you hold with both hands small deliberate and lasting the kind that stays with you long after the page closes tucked in the same pocket where promises live
