Small Ecstasies:

Little Miss Lustrig Agnes Giberne, 1896 **Seeing Through the Eye** Cecil Kuhne, 2016-01-22 Malcolm Muggeridge was one of Great Britain's most well known journalists and television personalities having interviewed practically every major public figure of his time. He shocked the world with his conversion to Christianity later in life. St Mugg as he was affectionately known, was clear in his new found faith. It is the truth that has died, not God, and Jesus was God, or he was nothing. These wonderful selections of Muggeridge's writings and speeches cover a wide variety of spiritual themes revealing his profound faith, great wit, and lively writing style. Topics include Jesus, The Man Who Lives, Is There a God, The Prospect of Death, Do We Need Religion, Peace and Power, and many more. The counter countercultural declaration of Mr Muggeridge's conversion was especially eye catching given the great legions traveling in the opposite direction. His larger public knew him through his work as a television host and critic. But all of literate England and much of America knew him as a learned and incisive journalist who had written *Winter in Moscow*, a searing exposé of Communism. His intellect and historical savoir faire gave his criticisms a very long reach. In America he made regular appearances as book editor of *Esquire* magazine. No Englishman has a more mordant, more attractive wit. William F Buckley Jr. From the Introduction **Ascent of the Mountain, Flight of the Dove** Michael Novak, 2011-12-31 The essence of *Ascent of the Mountain, Flight of the Dove* remains intact: its vision of religious studies as sustained reflection on our lifelong voyage to discover who we are. The story we choose for ourselves, the story we live, can sacralize or secularize our lives and our world by the way in which we choose to relate to it. With this awareness of the story dimension of life, *Ascent of the Mountain, Flight of the Dove* opens us to awe, reverence, and wonder at the risks and possibilities of human freedom. This book is even more important than it was thirty years ago. We need religion to strike deeply into the self, away from public glare. Unless Americans become more sophisticated about the language of the self, inner life will shrivel. In addition, our people will continue to be vulnerable to fundamentalist movements. Such movements take over too many innocents. They promise and sometimes deliver a touching happiness. But they do so by closing the spirit in a powerful and dangerous way. Families and schools do not provide a large and critical vocabulary by which to express the inner longings of the spirit. The souls of many are parched and they gladly accept water, any water, from those who offer it. The liberation of the religious spirit from trivial, closed, and simplistic systems of thought can only be achieved through the development of a critical language, exercises and disciplines that open rather than close the mind, that lead to higher viewpoints, breakthroughs, and new syntheses in a constant enlargement of spirit. Novak's book leads us to that place. **Rivers of Light** Miriam Kalman Friedman, 2019-04-04 Growing up in a conservative middle class family in Texas, Claire Myers Owens sought adventure and freedom at an early age. At twenty years old, she left home and quickly found a community of like minded free spirits and intellectuals in New York's Greenwich Village. There Owens wrote novels and short stories, including the controversial novel *The Unpredictable Adventure: A Comedy of Woman's Independence*, which was

banned by the New York Public Library for its risqu content Drawn to ideals of selfactualization and creative freedom Owens became a key figure in the Human Potential Movement along with founder Abraham Maslow and Aldous Huxley and became an ardent follower of Carl Jung In her later years Owens devoted her life to the practice of Zen Buddhism moving to Rochester NY where she joined the Zen Center and studied under Roshi Philip Kapleau She published her final book Zen and the Lady at the age of eighty three Friedman s rediscovery of Owens brings well deserved attention to her little known yet extraordinary life and passionate spirit Drawing upon autobiographies letters journals and novels Friedman chronicles Owens s robust intellect and her tumultuous private life and along the way shows readers what makes her story significant With very few role models in the early twentieth century Owens blazed her own path of independence and enlightenment

Ascent of the Mountain, Flight of the Dove J. The Cliff-Dwellers Henry Blake Fuller, 2022-11-13 In The Cliff Dwellers Henry Blake Fuller crafts a vivid portrayal of the burgeoning urban landscape of late 19th century Chicago Using a distinct naturalism infused with evocative imagery Fuller weaves together the lives of a diverse cast of characters exploring their struggles and aspirations against the backdrop of a rapidly changing society He adeptly captures the tensions between the emerging middle class and the established social structures illustrating the moral ambiguities and unique challenges that arise in a city teetering on the brink of modernity This novel not only reflects the pulsating energy of urban life but also critiques the societal norms that dictate personal ambitions and relationships within the newly industrialized American milieu Henry Blake Fuller an influential figure in American literature is often credited with pioneering the Chicago literary renaissance His experiences in the city along with his keen observations of its socioeconomic dynamics informed his writing

As a contemporary of naturalist writers such as Theodore Dreiser Fuller's deep engagement with the cultural and architectural transformations of his time led him to address themes of identity and community making *The Cliff Dwellers* a poignant exploration of urban existence Readers seeking a profound understanding of the complexities of urban life in post Civil War America will find *The Cliff Dwellers* an invaluable text Fuller's nuanced storytelling and intricate character development provide a compelling lens through which to examine the intersection of personal and societal challenges This novel is not just a snapshot of an era but a timeless reflection on the human condition making it a must read for anyone interested in the evolution of American literature

nomadic and fluid They call us to pay attention to the symbols used in the cultural construction of both homelands and identities in the country of immigration and to think of the complex ways in which transnational politics affect the homeland and are in turn affected by it Ecstasy: The Complete Guide Julie Holland,2001-08 Written by the world s leading experts on MDMA Ecstasy The Complete Guide takes the first unbiased look at the risks and the benefits of this unique drug including the science of how it works its promise as a treatment for depression post traumatic stress disorders and other mental illnesses and how to minimize the risks of use The Year's Best Science Fiction: Twentieth Annual Collection Gardner Dozois,2007-04-01 Widely regarded as the one essential book for every science fiction fan The Year s Best Science Fiction Winner of the 2002 Locus Award for Best Anthology continues to uphold its standard of excellence with more than two dozen stories representing the previous year s best SF writing This year s volume includes Ian R MacLeod Nancy Kress Greg Egan Maureen F McHugh Robert Reed Paul McAuley Michael Swanwick Robert Silverberg Charles Stross John Kessel Gregory Benford and many other talented authors of SF as well as thorough summations of the year and a recommended reading list The Best of the Best: 20 Years of the Year's Best Science Fiction Gardner Dozois,2005-02-01 The renowned sci fi anthology presents a twenty year retrospective featuring many of the genre s most important authors The results are breathtaking Booklist For decades The Year s Best Science Fiction has been the most widely read short science fiction anthology of its kind Now after twenty one annual collections comes the ultimate in science fiction anthologies The Best of the Best 20 Years of the Year s Best Science Fiction in which legendary editor Gardner Dozois selects the very best short stories for this landmark collection Some notable stories include Coming of Age in Karhide by Ursula K Le Guin The feminist science fiction pioneer returns to the world of her classic The Left Hand of Darkness The Winter Market by William Gibson Called the SF Timothy Leary of our times Gibson returns to the subject that made him a cultural icon cyberpunk Trinity by Nancy Kress The search for God is enhanced by cutting edge technology in this story from one of the anthology s most frequent and admired contributors Contributors include Stephen Baxter Greg Bear William Bigson Terry Bisson Pat Cadigan Ted Chiang John Crowley Tony Daniel Greg Egan Molly Gloss Eileen Gunn Joe Haldeman James Patrick Kelly John Kessel Nancy Kress Ursula K Le Guin Ian R MacLeod David Marusek Paul McAuley Ian McDonald Maureen F McHugh Robert Reed Mike Resnick Geoff Ryman William Sander Lucius Shepard Robert Silverberg Brian Stableford Bruce Sterling Charles Stross Michael Swanwick Steven Utley Howard Waldrop Walter Jon Williams Connie Willis Gene Wolfe **The Mammoth Book of Best New SF 16** Gardner Dozois,2011-08-04 Michael Swanwick Geoff Ryman Allen Steele Nancy Kress Robert Reed Michael Cassott Charles Stross are just some of the high profile names that feature in this volume of what is now regarded as essential reading for every science fiction fan This year s edition includes not just the biggest names in science fiction writing but also many of its other brightest young talents too as well as even more stories than ever before All this and the usual thorough summations of the year plus a list of recommended reading more than upholds an established tradition of value and
