

The background of the book cover is a romantic scene at sunset. Two hands are clasped together in the center, one wearing a blue denim sleeve and the other a light-colored sleeve. The hands are positioned over a field of tall, golden-brown grass. In the background, a calm body of water stretches to the horizon, where a small lighthouse sits on a pier. Two seagulls are captured in flight against the warm, orange-hued sky.

British Spy Fiction and the End of Empire Sam Goodman,2015-06-05 The position of spy fiction is largely synonymous in popular culture with ideas of patriotism and national security with the spy himself indicative of the defence of British interests and the preservation of British power around the globe This book reveals a more complicated side to these assumptions than typically perceived arguing that the representation of space and power within spy fiction is more complex than commonly assumed Instead of the British spy tirelessly maintaining the integrity of Empire this volume illustrates how spy fiction contains disunities and disjunctions in its representation of space and the relationship between the individual and the state in an era of declining British power Focusing primarily on the work of Graham Greene Ian Fleming Len Deighton and John le Carre the volume brings a fresh methodological approach to the study of spy fiction and Cold War culture It presents close textual analysis within a framework of spatial and sovereign theory as a means of examining the cultural impact of decolonization and the shifting geopolitics of the Cold War Adopting a thematic approach to the analysis of space in spy fiction the text explores the reciprocal process by which contextual history intersects with literature throughout the period in question arguing that spy fiction is responsible for reflecting strengthening and in some cases precipitating cultural anxieties over decolonization and the end of Empire This study promises to be a welcome addition to the developing field of spy fiction criticism and popular culture studies Both engaging and original in its approach it will be important reading for students and academics engaged in the study of Cold War culture popular literature and the changing state of British identity over the course of the latter twentieth century

Pluralism in the Iraqi Novel after 2003 Ronen Zeidel,2020-01-13 Pluralism in the Iraqi Novel is about the use of literature and the novel to express the new content of an Iraqi national identity constructed after the American invasion of 2003 Instead of the homogenizing national identity in Iraqi literature created before 2003 postoccupation literature presents Iraqi society as a kaleidoscope of multiple religious identities converging in an accommodating Iraqi national identity The author argues that this could not have happened without the upheaval of 2003 and its consequent results democracy and
