Zullo,1996 The Green New Deal Jeremy Rifkin,2019-09-10 New York Times Bestselling Author The renowned economic theorist explains how America can and must create a post fossil fuel culture to survive We can't keep doing business as usual Facing a global emergency a younger generation has spearheaded a national conversation around a Green New Deal a movement with the potential to revolutionize society But while the Green New Deal has become a lightning rod in the political sphere there is a parallel movement emerging within the business community that will shake the very foundation of the global economy in coming years Key sectors of the economy are fast decoupling from fossil fuels in favor of ever cheaper solar and wind energies and the new business opportunities and employment that accompany them New studies are sounding the alarm that trillions of dollars in stranded fossil fuel assets could create a carbon bubble likely to burst by 2028 causing the collapse of the fossil fuel civilization The marketplace is speaking and governments will need to adapt if they are to survive and prosper In The Green New Deal Jeremy Rifkin delivers the political narrative and economic plan for the Green New Deal that we need at this critical moment in history The concurrence of a stranded fossil fuel assets bubble and a green political vision opens up the possibility of a massive shift to a post carbon ecological era in time to prevent a temperature rise that will tip us over the edge into runaway climate change With twenty five years of experience implementing Green New Deal style transitions for both the European Union and the People's Republic of China Rifkin offers his vision for how to transform the global economy and save life on Earth The Green New Deal takes a stance quite different from that of typical Green New Deal supporters he's interested in building factories farms and vehicles in a fossil free world asserting that the Green New Deal is all about infrastructure The New York Times Book Review An urgent endorsement of efforts to remake a doomed fossil fuel economy before it's too late Kirkus Reviews Smart About the Fifty States Jon Buller,Dana Regan,True Kelley,Joan Holub,Maryann Cocca-Leffler,Susan Schade,2003 **IOT BASED APPLICATION IN SMART HEALTH CARE SYSTEM** Dr. Bhavna Bajpai,Mr. Digant Parmar,P. Lavanya,2023-05-03 In today's world it is important that individuals pay careful attention to their own health and make an effort to keep track of any changes The following factors have an effect on patients Major health risks have been brought to light as a direct result of the inadequate health surveillance that has been

carried out The Internet of Things refers to the network of interconnected electronic devices that may take on a wide range of forms and configurations In this day and age the capacity to monitor the current state of health of a patient through the use of the internet is widely available People who work in the medical field are also utilizing this high tech equipment in order to keep an eye on their patients This is done in order to improve patient care The Internet of Things IoT is the fundamental driving factor behind the rapid transformation that is now occurring in the field of health care This shift is being driven forward by a variety of new companies whose primary focus is on developing technological solutions for the healthcare industry We are going to use the Internet of Things IoT as the foundation for the creation of a health monitoring system that we will use for the purposes of this project This system will monitor the patient s heart rate in addition to the patient s body temperature and if any of those values surpass certain critical limits an alarm will be issued to the user in the form of an email or a text message Because of the data that is gathered by Thing View such as the patient s pulse rate and body temperature it is possible to monitor the patient s health through the internet from any location in the globe Because of the data that has been recorded this is now feasible A buzzer that is connected to the kit and is put close to the patient in order to alert the patient s loved ones about the serious condition that the patient is in may be found in the kit The system that is being presented is intended to be deployed in scenarios in which medical professionals and patients are physically separated by a substantial distance and it is vital to supply the medical professional with detailed information regarding the temperature and heart rate of the patient In particular the system is designed to be utilized in settings in which it is necessary to supply the medical professional with information regarding the temperature of the patient as well as their heart rate

The Intelligent Entrepreneur Bill Murphy, 2025-09-23 Written with the cooperation of Harvard Business School an instructive and inspiring book for anyone who dreams of starting a highly profitable business In 1998 three Harvard Business School graduates two men and one woman turned down six figure salaries at big corporations bet on themselves and launched their own new companies By their ten year reunion their audacity had paid huge dividends They d made many millions of dollars created hundreds of jobs and

left their mark on the world Based on dozens of interviews with highly successful entrepreneurs Harvard Business School professors and HBS alumni *The Intelligent Entrepreneur* tells the compelling and instructive story of how these three young founders developed ideas assembled teams built ventures and achieved their dreams Along the way they learned that starting great companies requires much more than a ferocious work ethic or good timing Their hard won insights distilled into ten key rules will help anyone become a successful entrepreneur What they teach you at Harvard Business School is that intelligent entrepreneurship can be learned In that spirit Bill Murphy Jr uses a unique combination of vivid storytelling and lucid instruction to show would be entrepreneurs how to improve their odds of creating dynamic lasting businesses *Think Like a Freak* Steven D. Levitt, Stephen J. Dubner, 2014-05-13 From the rule breaking authors of international bestsellers *Freakonomics* and *Superfreakonomics* this is the ultimate guide to how to *Think Like a Freak* The *Freakonomics* books have come to stand for something challenging conventional wisdom using data rather than emotion to answer questions and learning to unravel the world's secret codes Now Levitt and Dubner have gathered up what they have learned and turned it into a readable and practical toolkit for thinking differently thinking that is like a *Freak* Whether you are interested in the best way to improve your odds in penalty kicks or in major global reforms here is a blueprint for an entirely new way to solve problems Along the way you'll learn how the techniques of a Japanese hot dog eating champion can help you the reason an Australian doctor swallowed a batch of dangerous bacteria why Nigerian e-mail scammers make a point of saying they're from Nigeria and why Van Halen's demanding tour contract banning brown M&Ms was really a safety measure You'll learn why sometimes it's best to put away your moral compass and smarter to think like a child You will be given a master class in incentives because for better or worse incentives rule our world And you will learn to quit before you fail because you can't solve tomorrow's problem if you aren't willing to abandon today's dud Levitt and Dubner see the world like no one else Now you can too Never before have such iconoclastic thinkers been so revealing and so much fun to read **The Woven Figure** George F. Will, 1999-07-15 Swatches From The Century's End I cannot deny my past to which my self is wed the woven figure cannot undo its thread Louis MacNeice Valediction These words express a truth of conservatism that has discomfited conservatives in the years covered by this volume This collection of columns shows how in the mid 1990s conservatives fancied themselves poised to conduct a revolution a radical reorientation of politics and governance But in the late 1990s they have discovered how resistant a complex nation is to being undone and rewoven In this volume George F Will distinguished political columnist and cultural critic examines many episodes of the conservative tribulations and the liberal accommodations to the new political landscape These writings present a map of the landscape a guide for people perplexed by the gap between contemporary political theories and practices With his customary linguistic flair and acerbic wit Mr Will tackles a wide range of subjects including political correctness on college campuses extreme fighting the 1996 presidential campaign judicial activism ESPN and Corvettes These writings are history written on deadline and together they constitute a

richly woven tapestry of our era
