Smug Minority Pierre Berton, 2012-12-18 This is a book about freedom and the lack of it in Canada freedom from useless and often degrading toil freedom from want and freedom from ignorance It is Pierre Berton's thesis documented by public statements made over the past generation that a smug minority of business and political leaders has conspired to inhibit that freedom The establishment says Berton has brainwashed the public into believing a series of myths which have no validity in a post Puritan age These myths include such old saws as A woman's place is in the home Anybody can work his way through college Satan finds more mischief still for idle hands to do Too much security kills initiative It's your own fault you're so poor The author indicts his fellow countrymen for failing to invest in human beings in the same way that they invest in power plants highways and gold mines His researches into poverty in Canada and into inequalities of the educational system will shock a good many readers just as his theories on work and leisure will enrage others raised in the Calvinist ethic The book ranges over a wide variety of topics the hippie movement in Toronto's Yorkville village the author's personal experiences in a Yukon mining camp the future of educational television in Canada the Chamber of Commerce's abortive Operation Freedom campaign But always Berton hammers on his central theme that the nation has been held back by an inbred power elite Selfish narrow short sighted men unable to grasp the vision of the future imprisoned by a bookkeeping attitude to life creeping silently and blindly along at the tail end of the parade of progress *The Smug Minority* is certain to stimulate the same kind of national debate that the author's previous best selling book about religion *The Comfortable Pew* engendered Many will disagree with its central thesis but few will be able to put it down It's that kind of book

Inequality in Canada Eric W. Sager,2021-01-20 In Inequality in Canada Eric Sager considers one of the defining but hardest to define ideas of our era and traces its different meanings and contexts across the nineteenth and twentieth centuries Sager shows how the idea of inequality arose in the long evolution in Britain and the United States from classical economics to the emerging welfare economics of the twentieth century Within this transatlantic frame inequality took a distinct form in Canada different iterations of the idea appear in Protestant critiques of wealth labour movements farmer progressive politics the social gospel social Catholicism in Quebec English Canadian political economy and political and intellectual justifications of the social security state A tradition of idealist thought persisted in the twentieth century sustaining the idea of inequality despite deep silences among Canadian economists Sager argues that inequality goes beyond the distribution of income and wealth it is the idea that there are wide gaps between rich and poor that the gaps are both an economic problem and a social injustice and

that when inequality appears it is as a problem that can be either eliminated or reduced It is precisely because inequality appears in different contexts and because it changes Sager reasons that we can begin to perceive the contours and cleavages of inequality in our time In our century a political solution to inequality may rest on the recovery of an ethical ideal and egalitarian politics that have long preoccupied the history of Canadian thought *As I Walked Out One Evening* W. H. Auden,1995-08-08 W H Auden once defined light verse as the kind that is written by poets who are democratically in tune with their audience and whose language is straightforward and close to general speech Given that definition the 123 poems in this collection all qualify they are as accessible as popular songs yet have the wisdom and profundity of the greatest poetry *As I Walked Out One Evening* contains some of Auden s most memorable verse *Now Through the Night s Caressing Grip Lullaby Lay your Sleeping Head My Love Under Which Lyre and Funeral Blues* Alongside them are less familiar poems including seventeen that have never before appeared in book form Here among toasts ballads limericks and even a foxtrot are *Song The Chimney Sweepers* a jaunty evocation of love and the hilarious satire *Letter to Lord Byron* By turns lyrical tender sardonic courtly and risqu *As I Walked Out One Evening* is Auden at his most irresistible and affecting *Profiles in Canadian Literature* Jeffrey M. Heath,1991-09-01 A series of essays on Canadian authors profiling the writers work providing insight into themes and giving a chronology of the authors life *Lauragais* Colin Duncan Taylor,2018-09-18 A journey through the past and present of a little known area of south west France Explores the people places and events that shaped a land once too important to ignore A whole library has been written about the Lauragais in French but virtually nothing in English The Lauragais lies in south west France at the heart of Occitania Today it is largely ignored by the millions who visit its neighbours each year Toulouse and Carcassonne but in times gone by it rarely escaped the attentions of the great and the good or the ambitious and the avaricious This is a book with big characters Simon de Montfort the Black Prince Thomas Jefferson and the Duke of Wellington among others but most of all it tells the story of the people who have shaped this land the living and the dead families that have lived in the same house or village for hundreds of years This is the story of their lives their religion their forgotten language and their environment On the autoroute a journey through the Lauragais will take you three quarters of an hour but all you will see are tantalising glimpses of gorgeous countryside and distant signs of human habitation In this book the author takes you on a more leisurely trip through time in a land that is endearingly modest about its illustrious past ***States of Mind*** Dayton Lummis,2008-03 *STATES OF MIND* is a collection of the author s letters from Santa Fe New Mexico and St David s Pennsylvania to a very literate and old fashioned gentleman in San Francisco Written between 1993 and 2000 they are insightful humorous and sometimes grouchy They reflect two very diverse places in the American landscape some would say no two places could be more different and the author deftly switches roles with changes in locale *Peter Gzowski* R.B. Fleming,2010-08-27 Born in 1934 Peter Gzowski covered most of the last half of the century as a journalist and interviewer This biography the most comprehensive and definitive yet published is also a portrait

of Canada during those decades beginning with Gzowski's days at the University of Toronto's *The Varsity* in the mid 1950s through his years as the youngest ever managing editor of *Maclean's* in the 1960s and his tremendous success on CBC's *Morningside* in the 1980s and 1990s and ending with his stint as a *Globe and Mail* columnist at the dawn of the 21st century and his death in January 2002 Gzowski saw eight Canadian Prime Ministers in office most of whom he interviewed and witnessed everything from the Quiet Revolution in Quebec to the growth of economic nationalism in Canada's West From the rise of state medicine to the decline of the patriarchy Peter was there to comment to resist and to participate Here was a man who was proud to call himself Canadian and who made millions of other Canadians realize that Canada was in what he claimed was a Canadian expression not a bad place to live *Encyclopedia of Television* Horace Newcomb, 2014-02-03 The *Encyclopedia of Television* second edition is the first major reference work to provide description history analysis and information on more than 1100 subjects related to television in its international context For a full list of entries contributors and more visit the *Encyclopedia of Television* 2nd edition website **Klondike** Pierre Berton, 2011-02-11 With the building of the railroad and the settlement of the plains the North West was opening up The Klondike stampede was a wild interlude in the epic story of western development and here are its dramatic tales of hardship heroism and villainy We meet Soapy Smith dictator of Skagway Swiftwater Bill Gates who bathed in champagne Silent Sam Bonnifield who lost and won back a hotel in a poker game and Roddy Connors who danced away a fortune at a dollar a dance We meet dance hall queens paupers turned millionaires missionaries and entrepreneurs and legendary Mounties such as Sam Steele the Lion of the Yukon Pierre Berton's riveting account reveals to us the spectacle of the Chilkoot Pass and the terrors of lesser known trails through the swamps of British Columbia across the glaciers of southern Alaska and up the icy streams of the Mackenzie Mountains It contrasts the lawless frontier life on the American side of the border to the relative safety of Dawson City Winner of the Governor General's award for non-fiction *Klondike* is authentic history and grand entertainment and a must read for anyone interested in the Canadian frontier **European Land Law** Peter Sparkes, 2007-11-30 In his remarkable path breaking new book Peter Sparkes takes stock of the development of a distinctive body of European land law taking as his starting point the idea that methods of land holding permitted by a legal system both shape and reflect the attitudes of the land owners and society in general However it quickly becomes very difficult to test that idea when the society in question is governed by an internal market composed of 30 countries the EU 27 including Bulgaria and Romania and the EEA 3 whose property systems differ so markedly and which reflect such widely differing cultures Yet the internal market has already effected a gradual equalisation and standardisation across Europe as foreign capital spreads to create equality of yield We all become better off by joining a larger trading block but the social consequences will be profound Brits will need to emigrate to the continent to afford a home Bulgarians will need to make way for them along the Black Sea coast and title deeds will be reshuffled all over Europe on a giant Monopoly board writes the author in his preface before embarking on a dispassionate examination of the

beginning of that process of profound change The opening chapters are devoted to an explanation of how the internal market has created a substantive European land law Chapter 3 examines the rise of a distinctive European land law and the development of conflicts principles applying to recovery of land Chapters 5 to 9 on the marketing and sale of land focus upon Community competence on consumer protection The decision to treat land as a product like any other in the Unfair Commercial Practices Directive will have wide ranging and far reaching implications and apart from marketing of land and of timeshares other chapters deal with conveyancing contracting and the emerging market in mortgage credit The book concludes with a miscellany of conflicts rules which are gradually coalescing and form the elements from which a substantive European land law can be forged A number of topics which it is not possible to cover in detail VAT other taxes environmental controls and agriculture are touched on briefly and the same is true of international aspects of trusts and succession **Not this Time** Marcel Martel,2006-01-01 In Not This Time Marcel Martel explores recreational use of marijuana in the 1960s and its emergence as a topic of social debate *Niagara* Pierre Berton,2011-07-27 Full of heroes and villains eccentrics and daredevils scientists and power brokers Niagara has a contemporary resonance how a great natural wonder created both the industrial heartland of southern Ontario and the worst pollution on the continent
