Cyre, 2019-06-02 This book examines the whole of Scripture as the unfolding marriage covenant between God and his people The book demonstrates that God's marriage to his people is the central theme of the Bible Eighteenth century Reformed pastor Jonathan Edwards captured that perspective when he observed The creation of the world seems to have been especially for this end that the eternal Son of God might obtain a spouse to whom he might pour forth all that immense fountain of love and grace that was in his heart and that in this way God might be glorified This book traces the divine marriage from God's promises to Abraham to the betrothal covenant that includes the Ten Commandments to Israel's breaking of the covenant as described by the prophets to the new covenant in Christ and finally to the consummation of the divine marriage covenant in Revelation at the wedding of the Lamb God instituted the marriage of a man and a woman in Genesis 2 to be an image of God's divine marriage with his people Therefore it is not a coincidence that both the Gospel and marriage are under attack in our culture Human marriage cannot be rightly understood apart from the Gospel and the Gospel cannot be fully understood apart from marriage This book enables Christians whether single or married to appreciate in a much fuller way the depth and nature of God's love for his bride Seeing how the divine marriage defines and shapes human marriage also presents a clearer understanding of the spiritual importance of human marriage inspiring Christians to pursue marriages that more faithfully reflect God's design This book proclaims Scripture's message of

God's unrelenting irrevocable love for his bride and invites the church to respond Susan A Cyre MDiv helped found Presbyterians for Faith Family and Ministry in 1995 and served as its executive director until 2014 She edited its bimonthly publication Theology Matters She has authored numerous articles dealing with biblical truth and its intersection with cultural norms She and her husband live in Virginia

and fifteen women include scientists entrepreneurs humanitarians politicians entertainers sports stars and war heroes The list contains well known names like Stephen Hawking Steve Jobs and Walt Disney but also features lesser known profiles of Virginia Hall Irena Sendler and Victor Frankl a holocaust survivor who after his experiences in the concentration camps developed a therapy to find meaning and purpose in adversity The book looks at the adversity these greats faced what they achieved despite it but also how they dealt with adversity often using it to their advantage Their coping mechanisms are summarised in five characteristics for each individual and packaged into a general formula for tackling life's problems The conclusion found within these pages is that it is often how people respond to adversity that can determine successful outcomes The Adversity Formula Inspirational Lessons from History will be particularly relevant to those interested in self development especially during difficult times as well as those with a love of history The book offers hope in the face of life's major challenges
