Ten Lies And Ten Truths:

Ten Lies and Ten Truths Parker Hudson, 2005-11 *Ten Lies and Ten Truths* is a compilation of intriguing short stories each exploring one of the foundational lies in American life today. The subjects include marriage, abortion, character, relative truth, and macro evolution. Immediately following each parable is a specific statement of the underlying Lie, its corresponding Truth, and several non-fiction resources for further study of the issue. These resources include other books, scripture references, and websites. The purpose of the book is to arm believers with a memorable story and facts about an important issue and to disarm unbelievers by pulling them into a realistic situation which then requires them to rethink what they have always thought was the Truth. An engaging, non-threatening conversation starter with friends and family members who hold secular views on important cultural issues.

Ten Lies, Ten Truths: Unmasking the American Dream Pasquale De Marco, 2025-05-02 *Ten Lies Ten Truths Unmasking the American Dream* is a book that will challenge everything you thought you knew about the United States of America. It will force you to confront the myths that have been sold to you by politicians, the media, and even your own family and friends. This book is not for the faint of heart. It will make you angry, it will make you sad, and it will make you question everything you thought you knew about your country. But it will also open your eyes to the truth about America and it will empower you to fight for a better future. In this book, we will explore ten of the most damaging lies that are told about America. We will examine the evidence, and we will see how these lies have been used to control us, to divide us, and to keep us from reaching our full potential. We will also offer ten truths about America. These are the truths that have been hidden from us, the truths that we need to hear if we are going to build a better future. This book is not a call to despair. It is a call to action. It is a call to wake up, to speak out, and to fight for the America we all deserve. We can no longer afford to live in ignorance. We can no longer afford to be lied to. It is time to face the truth about America and it is time to fight for a better future. *Ten Lies Ten Truths* will challenge everything you thought you knew about America. It will make you angry, it will make you sad, but it will also open your eyes to the truth and inspire you to fight for a better future. If you like this book, write a review on Google Books.

The Lie and the Power of Creation Alexander Atleski, 2011-12 *The Lie and the Power of Creation* is an exploration of deeper understanding. It contains words of inspiration and creativity suitable for the assistance in each person's journey through life. These writings offer a candle to light the way through the dark areas of that journey, but each person must light that candle and keep it burning. Author Alexander Atleski's main premise is that if we understand the Lie, we will be able to find our true path in the world. It is the dysfunction of our own thinking and mental state that takes us away from the true power. Atleski offers examples and interpretations from his own experiences for use in your interpretations and understandings of the world around you. *The Lie and the Power of Creation* can help us understand our surrounding world together and see how we relate to each other.
