Asiatic Journal and Monthly Register for British and Foreign India, China, and Australia, 1817 **Catastrophe!**

Stephen J. Spignesi, 2004 More than half of the disasters chronicled are natural These floods storms droughts blizzards famines and epidemics are fierce reminders that humankind is no match for the devastating force and fury of nature From the Great Influenza Epidemic of WWI that took nearly 40 million lives to the 1906 San Francisco Earthquake there are numerous accounts of catastrophes that could not be averted and whose destructive power was beyond imagining *The End of Plenty* Joel K. Bourne Jr, 2015-06-02 An urgent and at times terrifying dispatch from a distinguished reporter who has given heart and soul to his subject Hampton Sides In *The End of Plenty* award winning environmental journalist Joel K Bourne Jr puts our fight against devastating world hunger in dramatic perspective He travels the globe to introduce a new generation of farmers and scientists on the front lines of the next green revolution He visits corporate farmers trying to restore Ukraine as Europe's breadbasket a Canadian aquaculturist the agronomist behind the world's largest organic sugarcane plantation and many other extraordinary farmers large and small who are racing to stave off catastrophe as climate change disrupts food production worldwide A Financial Times Best Book of the Year and a Finalist for the PEN E O Wilson Literary Science Writing Award **Mr. China's Son** Liyi He, 2018-02-19 He Liyi belongs to one of China's minorities the Bai and he lives in a remote area of northwestern Yunnan Province In 1979 his wife sold her fattest pig to buy him a shortwave radio He spent every spare moment listening to the BBC and VOA in order to improve the English he had learned at college between 1950 and 1953 For further practice he decided to write down his life story in English Humorous and unfiltered by translation his autobiography is direct and personal full of richly descriptive images and phrases from his native Bai language At the time of He Liyi's graduation English was being vilified as the language of the imperialists so the job he was assigned had nothing to do with his education In 1958 he was labeled a rightist and sent to a reeducation through labor farm Spirited away by truck on the eve of his marriage Mr He spent years in the labor camp where he schemed to garner

favor from the authorities who nevertheless shamed him publicly and told him that all his problems belong to contradictions between the people and the enemy After his release in 1962 the talented Mr He had no choice but to return to his native village as a peasant His stratagems for survival which included stealing nightsoil from public toilets and extracting peach pit oil from thousands of peaches personify the peasant s universal struggle to endure during those difficult years He Liyi s autobiography recounts nearly all the major events of China s recent history including the Japanese occupation the Communist victory over the Nationalists in 1949 Mao s disastrous Great Leap Forward and Cultural Revolution the experience of the labor camps and changes brought about by China s dramatic re opening to the world since Deng Xiaoping came to power in 1978 No other book so poignantly reveals the travails of the common person and village life under China s tempestuous Communist government which He Liyi ironically refers to as Mr China Yet he describes his saga of poverty and hardship with humor and a surprising lack of bitterness And rarely has there been such an intimate frank view of how a Chinese man thinks and feels about personal relationships revealed in dialogue and letters to his two wives He Liyi s autobiography stands as perhaps the most readable and authentic account available in English of life in rural China He Liyi s previous book is *The Spring of Butterflies* London and New York 1985 a translation of Chinese folk tales

Roving Through Southern China Harry Alverson Franck, 1925 *Tang China in Multi-Polar Asia* Zhenping Wang, 2013-10-31

Using a synthetic narrative approach this ambitious work uses the lens of multipolarity to analyze Tang China s 618-907 relations with Turkestan the Korean states of Kogury Silla and Paekche the state of Parhae in Manchuria and the Nanzhao and Tibetan kingdoms Without any one entity able to dominate Asia s geopolitical landscape the author argues that relations among these countries were quite fluid and dynamic an interpretation that departs markedly from the prevalent view of China fixed at the center of a widespread tribute system To cope with external affairs in a tumultuous world Tang China employed a dual management system that allowed both central and local officials to conduct foreign affairs The court authorized Tang local administrators to receive foreign visitors forward their diplomatic letters to the capital and manage contact with outsiders whose territories bordered on China Not limited to handling routine matters local officials used their knowledge of border situations to influence the court s foreign policy Some even took the liberty of acting without the court s authorization when an emergency occurred thus adding another layer to multipolarity in the region s geopolitics The book also sheds new light on the ideological foundation of Tang China s foreign policy Appropriateness efficacy expedience and mutual self interest guided the court s actions abroad Although officials often used virtue and righteousness in policy discussions and announcements these terms were not abstract universal principles but justifications for the pursuit of self interest by those involved Detailed philological studies reveal that in the realm of international politics virtue and righteousness were in fact viewed as pragmatic and utilitarian in nature Comprehensive and authoritative *Tang China in Multi Polar Asia* is a major work on Tang foreign relations that will reconceptualize our understanding of the complexities of

diplomacy and war in imperial China **Ten Sacks of Rice** Penelope Dale, 2002-01-01 Donald and Penny's story is like their life swashbuckling funny and compassionate Jackie Pullinger To Author of Chasing the Dragon They had asked me to pray with one of their sons Before I began praying there was something I needed to know I asked the boy Do you see Jesus in your parents Without hesitation he answered Yes That is why this book is so powerful It should be read by everyone All of us can become a letter from Christ From the foreword by Brother Andrew
