Tending Lives:

Tending Lives Echo Heron, 2009-02-04 As the healthcare debate rages on with the growth of the HMO industry nurses quietly continue to provide the day to day grit and deeply felt passion that hold the healing profession together Within these remarkable women and men are poignant outrageous stories drawn from the edge of life But fear of career backlash and reprisals have made them reluctant to talk to outsiders about their experience Now Echo Heron New York Times bestselling author of *Intensive Care* draws truths far stranger than fiction out of her colleagues and allows the nurses to speak to us in their own words Ranging from inspiring to tragic to outrageously funny these narratives are real life medical dramas as experienced by nurses across the country each practicing in a variety of specialties including cardiac care labor and delivery burns the ER even a nurse who works in dolphin care *Tending Lives* portrays a penitentiary nurse responsible for orchestrating a murderer's execution a stroke victim who rose out of his depression when his nurses began telling him jokes and perhaps the most riveting testimony the moment by moment memories of several nurses who served in the aftermath of the Oklahoma City bombing gripping accounts that give us new perspectives on the horror and heroism of that nightmare day Pediatric nurses psychiatric nurses home care nurses intensive care nurses all with distinct voices and unique stories to tell Filled with both tears and laughter and charged with the issues that afflict nursing care today *Tending Lives* is a gripping moving inspiring book a fitting tribute to a noble profession *Tending the Garden* Marshall & Julia Welch, 2012-08-31

Tending the Garden is a unique perspective and approach nurturing of Christian spirituality using the garden and gardening as a metaphor Marshall and Julie Welch combine their experience and expertise in spiritual formation and gardening as an invitation to tending to one's spirituality Whether an experienced or novice gardener the reader will gain insight not only into the art of gardening but Christian spirituality as well Spirituality is presented as a relational way to grow compassion and sensitivity to self others the environment and to God The book can be read individually or as a small book club group Guidelines for facilitating a small group discussion are presented in the introduction Part I consists of 14 short engaging chapters with titles such as Weeding Spiritual Discernment Manure Happens Desolation and Consolation and Thank You Very Much Our Spiritual Security Blanket The narrative is written in a very conversational voice Each chapter begins with scripture and an inspirational quote and concludes with a series of reflection questions as well as tips on how to cultivate one's spirituality The tips are easy to do activities that are grounded in a long tradition of spiritual exercises presented in a contemporary context In Part II the authors also use their experience as co coordinators of a community garden in their own church congregation to present step by step suggestions on how other communities of faith can start and maintain their own garden Church gardens are introduced as a unique form of spiritual formation through a sense of community with other gardeners and a form of mission and ministry Teenagers' Perspectives on the Role of Religion in their Lives, Schools and Societies. A European Quantitative Study Pille Valk, Gerdien Bertram-Troost, Markus Friederici, Céline Béraud, 2009 Religion

is on the European agenda again The secularisation paradigm has lost its explanatory power and the newly coined term post secularism is used to describe the realisation that in the current social transformation religion cannot be ignored any longer The quantitative study presented in this book is part of the research effort by the REDCo project REDCo is the abbreviation for Religion in Education A contribution to Dialogue or a Factor of Conflict in Transforming Societies of European Countries The project brought together nine research teams from eight European countries England Estonia France Germany The Netherlands Norway Russia and Spain The research involved interdisciplinary cooperation between specialists in the different academic fields of education religious education sociology political science anthropology psychology theology and religious studies The book offers valuable interpretations and inspirations on the question how the students in the 14 16 year age group in Europe see the ir relevance of religions for dialogue and conflict in their daily lives in the school environment and in society as a whole The young respondents of the quantitative study are clearly aware that the diversity of religious and non religious worldviews is the reality of the European contexts they have to manage within Most of them are convinced that religion must be addressed in schools as it is too important as factor in social life and for the coexistence of people from different cultural and religious backgrounds throughout Europe to be ignored

The Reef Nora Roberts,2013-06-25 A marine archaeologist and a salvager join forces to search for a legendary treasure in this novel that takes readers to the depths of the Caribbean and the heights of passion and suspense from 1 New York Times bestselling author Nora Roberts Tate Beaumont has a passion for treasure hunting Over the years she and her father have uncovered many fabulous riches but one treasure has always eluded them Angelique s Curse a jeweled amulet heavy with history dark with legend and tainted with blood In order to find this precious artifact the Beaumonts reluctantly form a partnership with salvagers Buck and Matthew Lassiter As the Beaumonts and Lassiters pool their resources to locate Angelique s Curse the Caribbean waters darken with shadowy deceptions and hidden threats Their partnership is placed in jeopardy when Matthew refuses to share information including the truth behind his father s mysterious death For now Tate and Matthew continue their uneasy alliance until danger and desire begin to rise to the surface

On the Cancer Frontier Paul Marks,James Sterngold,2014-03-11 In 1950 a diagnosis of cancer was all but a death sentence Mortality rates only got worse and as late as 1986 an article in the New England Journal of Medicine lamented We are losing the war against cancer Cancer is one of humankind s oldest and most persistent enemies it has been called the existential disease But we are now entering a new and more positive phase in this long campaign While cancer has not been cured and a cure may elude us for a long time yet there has been a revolution in our understanding of its nature Years of brilliant science have revealed how this individualistic disease seizes control of the foundations of life our genes and produces guerrilla cells that can attack and elude treatments Armed with those insights scientists have been developing more effective weapons and producing better outcomes for patients Paul A Marks MD has been a leader in these efforts to finally control this devastating disease Marks helped establish

the strategy for the war on cancer in 1971 as a researcher and member of President Nixon's cancer panel. As the president and chief executive officer for nineteen years at the world's pre-eminent cancer hospital, the Memorial Sloan Kettering Cancer Center, he was instrumental in ending the years of futility. He also developed better therapies that promise a new era of cancer containment. Some cancers like childhood leukemia and non-Hodgkin's lymphoma that were once deadly conditions are now survivable, even curable. New steps in prevention and early diagnosis are giving patients even more hope. On the Cancer Frontier is Marks' account of the transformation in our understanding of cancer and why there is growing optimism in our ability to stop it.

The Writings of Oliver Wendell Holmes Oliver Wendell Holmes, 1892 **Over the teacups** Oliver Wendell Holmes, 1904

Everyday Creativity Kirin Narayan, 2016-11-22 Kirin Narayan's imagination was captured the very first time that as a girl visiting the Himalayas she heard Kangra women join their voices together in song. Returning as an anthropologist, she became fascinated by how they spoke of singing as a form of enrichment, bringing feelings of accomplishment, companionship, happiness, and even good health, all benefits of the everyday creativity she explores in this book. Part ethnography, part musical discovery, part poetry, part memoir, and part unforgettable portraits of creative individuals, this unique work brings this remote region in North India alive in sight and sound while celebrating the incredible powers of music in our lives. With rare and captivating eloquence, Narayan portrays Kangra songs about difficulties on the lives of goddesses and female saints as a path to well-being. Like the intricate geometries of mandala patterns drawn in courtyards or the subtle balance of flavors in a meal, well-crafted songs offer a variety of deeply meaningful benefits as a way of making something of value as a means of establishing a community of shared pleasure and skill as a path through hardships and limitations and as an arena of renewed possibility. *Everyday Creativity* makes big the small world of Kangra song and opens up new ways of thinking about what creativity is to us and why we are so compelled to engage it.
