Tennyson In Egypt:

Tennyson in Egypt William Doremus Paden,1971 **Tennyson in Egypt** ,1942 Tennyson in Egypt William D. Paden,1942 **Allegories of One's Own Mind** David G. Riede,2005 Perhaps because major Victorians like Thomas Carlyle and Matthew Arnold proscribed Romantic melancholy as morbidly diseased and unsuitable for poetic expression critics have neglected or understated the central importance of melancholy in Victorian poetry *Allegories of One's Own Mind* re-directs our attention to a mode that Arnold was rejecting as morbid but also acknowledging when he disparaged the widely current idea that the highest ambition of poetry should be to present an allegory of the poet's own mind This book shows how early Victorian poets suffered from and railed against what they perceived to be a disabling post Wordsworthian melancholy we might refer to it as depression and yet benefited from this self absorbed or love obsessed state which ironically made them more productive David G Riede argues that the dominant thematic and formal concerns of the age in fact are embodied in the ambivalence of Carlyle Arnold and others who pitted a Victorian ideology of duty rationality and high moral character against a still compelling Romantic cultivation of the deep self intuited as melancholy Such ambivalence in fact is in itself constitutive of melancholy long understood as the product of conscience raging against inchoate desire and it constitutes the mood of the age's most important poetry represented here in the major works of Alfred Tennyson Elizabeth Barrett Browning and even in the notoriously optimistic Robert Browning David G Riede is professor of English at The Ohio State University **Tennyson in Egypt** John Erskine Hankins,Levi Robert Lind,William Doremus Paden,1940 **Tennyson's Characters** David Goslee,1989 Theme and Symbol in Tennyson's Poems to 1850 Clyde de L. Ryals,2016-11-11 One of Keats finest sonnets begins Much have I traveled yet Keats traveled very little only to Italy where he died Shelley also an introspective and intellectual dabbled in politics often with a comic effect and although he could not swim he was devoted to sailing Wordsworth marched to France praising the Revolution which he later regretted Coleridge wandered to Germany and German metaphysics Later he created the Ancient Mariner which is the mythic centerpiece of the Romantic period Each of these poets feels that the occupation of a poet demand a dedication to a life of action as well as inward discovery Consequently the image of the journey with its double reference to natural and psychic realities is one of the unifying motifs of nineteenth century poetry Alfred Tennyson the author claims was one of the last poets able to make both voyages but he could only do so with great effort and at great expense By nature introspective he found the life of the mind far more appealing than the life of action yet he knew like Milton and Keats before him that great poetry demands the voyage without as well as the voyage within His early poetry then is concerned with the pull of the two voyages and thus it becomes in Arnold's worlds the dialogue of the mind with itself There is for modern readers something intensely interesting about such a divided personality for we see in Tennyson almost the same dilemma that faces contemporary artists Often when we read his poems we feel that Tennyson is of our age But then at times he seems as remote from us as Bishop Wilberforce and his anti

Darwin fulminations What then is there about Tennyson that makes him appear so modern and yet so dated The answer is not easily given although this has been one of the primary concerns of Tennyson s critics In this book the author shows how Tennyson became the mental voyager exploring both the inner and outer worlds and further how in making the two voyages he followed the pattern of development of other Romantic artists of the nineteenth century He examines certain themes and images in Tennyson s early verse which in their frequent recurrence attain symbolic status and by doing so he shows that there is a very clear cut pattern in Tennyson s poetry one which is repeated time and again throughout the poet s work to 1850

Tennyson's Fixations Matthew Charles Rowlinson,1994 Conflating deconstructive theory with psychoanalysis Rowlinson English Dartmouth College proposes an analytic formalism as the appropriate model for reading Tennyson and demonstrates the utility of the approach with close readings of fragments and poems written from 1824 to 1833 focusing on the nature of place the structuring of desire Annotation copyright by Book News Inc Portland OR

The Artistry and Tradition of Tennyson's Battle Poetry Timothy J. Lovelace,2004-03-01 Many readers are aware of Alfred Tennyson s treatment of legendary battles in such poems as Boadicea The Revenge Battle of Brunanburh and Achilles over the Trench Yet among Tennyson s most neglected works are his first battle poems pieces that reflect the poet s immersion in the literature of the heroic age J Timothy Lovelace argues that Tennyson s war poems reflect image patterns of the Illiad and Aeneid and reinvigorate the heroic ethos that informs these and other ancient texts Highlighting the heroic aspects of Maud and the Idylls of the King this book shows that Tennyson s early grounding in the Homeric tradition greatly influenced his later celebrated work on martial subjects

Tennyson's Rapture Cornelia D. J. Pearsall,2008-01-29 This book explores Tennyson s representation of rapture as a radical mechanism of transformation theological social political or personal and as a figure for critical processes in his own poetics Offering a new approach to reading Victorian dramatic monologues Pearsall probes the complex aims of these performances showing how speakers ambitions are both articulated in and attained through their consequential speech
