Embracing Non-Tenure Track Faculty Adrianna Kezar, 2012-05-04 The nature of the higher education faculty workforce is radically and fundamentally changing from primarily full time tenured faculty to non tenure track faculty This new faculty majority faces common challenges including short term contracts limited support on campus and lack of a professional career track Embracing Non Tenure Track Faculty documents real changes occurring on campuses to support this faculty group unveiling the challenges and opportunities that occur when implementing new policies and practices Non tenure faculty contributors across a diverse range of universities and colleges explore the change process on their campuses to improve the work environment and increase the quality of learning Kezar supplements these case studies by distilling trends and patterns from a national study of campuses that have successfully implemented policies to improve conditions for non tenure track faculty This invaluable research based resource illustrates that there are multiple pathways to successfully

implementing policy for non tenure track faculty Embracing Non Tenure Track Faculty provides the tools to create a lasting culture change that will shape the work lives of all faculty and ultimately improve student learning Outlining detailed strategies and approaches for providing equitable policies and practices for non tenure track faculty on college campuses this book is essential reading for both contingent faculty and higher education administrators **Getting Tenure** Marcia Lynn Whicker,Jennie J. Herbers,2014-10-28 The case for a flexible work schedule for faculty has been repeatedly made with one policy recommendation being part time positions for tenure track tenured faculty PTTT Despite some of the benefits of this approach for both faculty and institutions the PTTT concept is the least implemented policy for faculty flexibility and is poorly understood This report offers the first comprehensive treatment of PTTT suggesting that this mode of flexibility enhances recruitment retention and engagement of faculty while offering value added productivity planning potential and faculty loyalty for the institution Herbers provides data that explore how a PTTT policy can lead to faculty success and satisfaction across the lifespan of a career and likewise offers analogies and examples of well established practices that administrators across institution types can adapt to create their own policies Administrators and faculty will find the author s policy recommendations best practices and solutions to common challenges to be a roadmap for stimulating change in their institutions This is the 5th issue of the 40th volume of the Jossey Bass series ASHE Higher Education Report Each monograph is the definitive analysis of a tough higher education issue based on thorough research of pertinent literature and institutional experiences Topics are identified by a national survey Noted practitioners and scholars are then commissioned to write the reports with experts providing critical reviews of each manuscript before publication *Off-Track Profs* Edie N. David N. Figlio, Morton Owen Schapiro, Kevin B. Soter, 2013 This study makes use of detailed student level data from eight cohorts of first year students at Northwestern University to investigate the relative effects of tenure track tenured versus non tenure line faculty on student learning We focus on classes taken during a student s first term at Northwestern and employ a unique identification strategy in which we control for both student level fixed effects and next class taken fixed effects to measure the degree to which non tenure line faculty contribute more or less to lasting student learning than do other faculty We find consistent evidence that students learn relatively more from non tenure line professors in their introductory courses These differences are present across a wide variety of subject areas and are particularly pronounced for Northwestern s average students and less qualified students **How to Get Tenure** Michael S. Harris, 2018-06-22 Helping assistant professors and pre tenure faculty balance competing obligations in teaching research and service this comprehensive book explores the challenging path toward tenure Drawing from research literature on faculty development pedagogy and psychology How to Get Tenure covers topics such as productivity research agendas publication service and preparing a dossier Whether read from beginning to end or used as a reference this book provides clear concrete and accessible advice on the most effective and efficient strategies for navigating the inherent ambiguity of the tenure process tackling the challenges and complexity of the tenure track and building a strong case for tenure
