**The Hansa** Johannes Schildhauer,1985      **The Hansa** Johannes Schildhauer,1988      The Hansa Towns Helen Zimmern,2023-07-18 Explore the history and culture of the Hanseatic League a powerful trading association that dominated northern Europe for centuries From the humble beginnings of the organization to its decline in the 16th century readers will gain a deeper understanding of the impact that the Hanseatic League had on the world of trade and commerce This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      **The ^ABoundless Sea** David Abulafia,2019-09-16 A sweeping history of the world through its oceans and seas and their interconnections      **A Cultural History of Food in the Renaissance** Ken Albala,2014-05-22 Food and attitudes toward it were transformed in Renaissance Europe The period between 1300 and 1600 saw the discovery of the New World and the cultivation of new foodstuffs as well as the efflorescence of culinary literature in European courts and eventually in the popular press and most importantly the transformation of the economy on a global scale Food became the object of rigorous investigation among physicians theologians agronomists and even poets and artists Concern with eating was in fact central to the cultural dynamism we now recognize as the Renaissance A Cultural History of Food in the Renaissance presents an overview of the period with essays on food production food systems food security safety and crises food and politics eating out professional cooking kitchens and service work family and domesticity body and soul representations of food and developments in food production and consumption globally      **The Early Baroque Era** Curtis Price,1993-11-09      The Origins of Democracy in Tribes, City-States and Nation-States Ronald M. Glassman,2017-06-19 This four part work describes and analyses democracy and despotism in tribes city states and nation states The theoretical framework used in this work combines Weberian Aristotelian evolutionary anthropological and feminist theories in a comparative historical context The dual nature of humans as both an animal and a consciously aware being underpins the analysis presented Part One covers tribes It uses anthropological literature to describe the campfire democracy of the African Bushmen the Pygmies and other band societies Its main focus is on the tribal democracy of the Cheyenne Iroquois Huron and other tribes and it pays special attention to the role of women in tribal democracies Part Two describes the city states of Mesopotamia Syria and Canaan Phoenicia and includes a section on the theocracy of the Jews This part focuses on the transition from tribal democracy to city state democracy in the ancient Middle East from the Sumerian city states to the Phoenician Part Three focuses on the origins of democracy and covers Greece Mycenaean Dorian and the Golden Age It

presents a detailed description of the tribal democracy of Archaic Greece emphasizing the causal effect of the hoplite phalanx military formation in egalitarianizing Greek tribal society Next it analyses the transition from tribal to city state democracy with the new commercial classes engendering the oligarchic and democratic conflicts described by Plato and Aristotle Part Four describes the Norse tribes as they contacted Rome the rise of kingships the renaissance of the city states and the parliamentary monarchies of the emerging nation states It provides details of the rise of commercial city states in Renaissance Italy Hanseatic Germany and the Netherlands

*Forces of the Hanseatic League* David Nicolle, 2014-04-20 A commercial and defensive federation of merchant guilds based in harbour towns along the North Sea and Baltic coasts the Hanseatic League eventually dominated maritime trade in Northern Europe and spread its influence much further afield The League was formed to protect the economic and political interests of member cities throughout a vast and complex trading network During its 300 years of dominance the League's large ships called cogs were at the forefront of maritime technology were early users of cannon and were manned by strong fighting crews to defend them from pirates in both open sea and river warfare David Nicolle explores these approaches as well as the fortifications and gunpowder weapons they invested in to protect them from the sieges they were subjected to Featuring specially commissioned artwork this is first detailed illustrated study in English of the fighting men weapons and ships of the greatest mercantile and naval power of medieval northern Europe

**The Sea in World History** Stephen K. Stein, 2017-04-24 This two volume set documents the essential role of the sea and maritime activity across history from travel and food production to commerce and conquest In all eras water transport has served as the cheapest and most efficient means of moving cargo and people over any significant distance Only relatively recently have railroads and aircraft provided an alternative Most of the world's bulk goods continue to travel primarily by ship over water Even today 95 percent of the cargo that enters and leaves the United States does so by ship Similarly people around the world rely on the sea for food and in recent years the sea has become an important source of oil and other resources with the longterm effects of our continuing efforts to extract resources from the sea further highlighting environmental concerns that range from pollution to the exhaustion of fish stocks This chronologically organized two volume reference addresses the history of the sea beginning with ancient civilizations 4000 to 1000 BCE and ending with the modern era 1945 to the present day Each of the eight chapters is further broken down into sections that focus on specific nations or regions offering detailed descriptions of that area of the world and shorter entries on specific topics individuals and events The book spans maritime history covering major seafaring peoples and nations famous explorers travelers and commanders events battles and wars key technologies including famous ships important processes and ongoing events such as piracy and the slave trade and more Readers will benefit from dozens of primary source documents ranging from ancient Egyptian tales of seafaring to texts by renowned travelers like Marco Polo Zheng He and Ibn Battuta that provide firsthand accounts from the age of discovery as well as accounts of battle from World War I and II and more modern accounts of the

sea     Culture's Consequences Geert Hofstede, 2001-04-20 Geert Hofstede has completely rewritten revised and updated Culture's Consequences for the twenty first century he has broadened the book's cross disciplinary appeal expanded the coverage of countries examined from 40 to more than 50 reformulated his arguments and a large amount of new literature has been included The book is structured around five major dimensions power distance uncertainty avoidance individualism versus collectivism masculinity versus femininity and long term versus short term orientation     The World History of Beekeeping and Honey Hunting Eva Crane, 1999-10-13 First published in 2000 This comprehensive book represents the first attempt to write a world history of people's use of social bees how bees' nests were initially hunted for their honey and wax and later how the bees were kept in purpose made hives Evidence survives from early times in the form of artefacts pictures and written records and also human traditions of dealing with bees Since 1949 the author has had opportunities to travel in over sixty countries and to see traditional and modern hive beekeeping and also honey collection from nests She learned much that helped her to piece together some of the long history in the different continents     **History of the Literary Cultures of East-Central Europe** Marcel Cornis-Pope, John Neubauer, 2006-09-13 Continuing the work undertaken in Vol 1 of the History of the Literary Cultures of East Central Europe Vol 2 considers various topographic sites multicultural cities border areas cross cultural corridors multiethnic regions that cut across national boundaries rendering them permeable to the flow of hybrid cultural messages By focusing on the literary cultures of specific geographical locations this volume intends to put into practice a new type of comparative study Traditional comparative literary studies establish transnational comparisons and contrasts but thereby reconfirm however inadvertently the very national borders they play down This volume inverts the expansive momentum of comparative studies towards ever broader regional European and world literary histories While the theater of this volume is still the literary culture of East Central Europe the contributors focus on pinpointed local traditions and geographic nodal points Their histories of Riga Plovdiv Timișoara or Budapest of Transylvania or the Danube corridor to take a few examples reveal how each of these sites was during the last two hundred years a home for a variety of foreign or ethnic literary traditions next to the one now dominant within the national borders By foregrounding such non national or hybrid traditions this volume pleads for a diversification and pluralization of local and national histories A genuine comparatist revival of literary history should involve the recognition that treading on native grounds means actually treading on grounds cultivated by diverse people     *Frege* Dale Jacquette, 2019-04-04 Gottlob Frege 1848-1925 is one of the founding figures of analytic philosophy whose contributions to logic philosophical semantics philosophy of language and philosophy of mathematics set the agenda for future generations of theorists in these and related areas Dale Jacquette's lively and incisive biography charts Frege's life from its beginnings in small town north Germany through his student days in Jena to his development as an enduringly influential thinker Along the way Jacquette considers Frege's ground breaking *Begriffsschrift* 1879 in which he formulated his ideal logical language his magisterial *Grundgesetze*

der Arithmetik 1893 and 1903 and his complex relation to thinkers including Husserl and especially Russell whose Paradox had such drastic implications for Frege's logicism Jacquette concludes with a thoughtful assessment of Frege's legacy His rich and informative biography will appeal to all who are interested in Frege's philosophy *International Status in the Shadow of Empire* Cait Storr, 2020-09-17 This book offers a new account of Nauru's imperial history and examines its significance in the history of international law *Acta Periodica Duellatorum* (vol. 2) Daniel Jaquet, Matyas Miskolczi, 2018-06-19 *Acta Periodica Duellatorum* APD is an independent international and peer reviewed journal dedicated to Historical European Martial Arts studies This emerging field of research has strong interdisciplinary dimensions with notably History Anthropology Historical sciences Art History History of Science and Technology Archaeology Sport Sciences etc APD was founded in 2013 and publishes two issues per year from 2016 on *Place and Politics: Local Identity, Civic Culture, and German Nationalism in North Germany during the Revolutionary Era* Katherine Aaslestad, 2005-12-01 This study examines North Germany during the transformative era of the French Revolution Napoleonic occupation and Wars of Liberation it reveals international exploitation military occupation economic destruction of the city state Hamburg as well as the republic's liberation and post Napoleonic autonomy Examining shifts within local culture and the role of public opinion on civic morality this book underscores the relationship between the civic ethics public language and collective memory in the construction of political identity and concludes that the transformation in values at the local level ultimately provides the crucial direction in the process of modern nation building Throughout the 1800s the public commemoration and memory of occupation and liberation rather than the actual Napoleonic experience shaped the development of German nationalism

**The Hansa Towns** Helen Zimmern, 1889 *Photography, Reconstruction and the Cultural History of the Postwar European City* Tom Allbeson, 2020-11-16 Examining imagery of urban space in Britain France and West Germany up to the early 1960s this book reveals how photography shaped individual architectural projects and national rebuilding efforts alike Exploring the impact of urban photography at a pivotal moment in contemporary European architecture and culture this book addresses case studies spanning the destruction of the war to the modernizing reconfiguration of city spaces including ruin photobooks about bombed cities architectural photography of housing projects and imagery of urban life from popular photomagazines as well as internationally renowned projects like UNESCO's Paris Headquarters Coventry Cathedral and Berlin's Gedächtniskirche This book reveals that the ways of seeing shaped in the postwar years by urban photography were a vital aspect of not only discourses on the postwar city but also debates central to popular culture from commemoration and modernization to democratization and Europeanization This book will be a fascinating read for researchers in the fields of photography and visual studies architectural and urban history and cultural memory and contemporary European history
