**Studies in Medieval History 1995** C. P. Lewis, Emma Cownie, 1997 New research on political social legal and religious history of England and neighbours 7c 13c **Western Warfare In The Age Of The Crusades, 1000-1300** John France, 2020-09-16 In 1095 the First Crusade was launched establishing a great military endeavour which was a central preoccupation of Europeans until the end of the thirteenth century In Western warfare in the age of the Crusades 1000 1300 John France offers a wide ranging and challenging survey of war and warfare and its place in the development of European Society culture and economy in the period of the Crusades Placing the crusades in a wider context this book brings together the wealth of recent scholarly research on such issues as knighthood siege warfare chivalry and fortifications into an accessible form Western warfare in the age of the Crusades 1000 1300 examines the nature of war in the period 1000 1300 and argues that it was primarily shaped by the people who conducted war the landowners John France illuminates the role of property concerns in producing the characteristic instruments of war the castle and the knight This authoritative study details the way in which war was fought and the reasons for it as well as reflecting on the society which produced the crusades Warfare in the Global Middle Ages David S. Bachrach, Bernard S. Bachrach, 2025-09-30 War preparation for war and dealing with war s aftermath consumed the greater part of the surplus resources of societies around the globe throughout the pre modern period Military matters affected men women and children alike as direct participants in organized violence as the victims of conflicts or through broad based impositions on ostensibly civilian populations in cash kind and labor Warfare in the Global Middle Ages illuminates the organization and conduct of war as well as the impact of warfare on societies in Europe Asia Africa and the Americas across a long millennium spanning from the third century CE to the sixteenth century CE The volume is organized in eight chapters which address the current state of scholarship regarding warfare over this long period the source materials available to scholars to investigate the myriad questions related to this broad field and the institutions developed by societies to defend themselves and engage in wars of conquest military technology the logistics of war the education and training of military leaders and individual combatants as well as strategy military intelligence and diplomacy The authors argue that an analysis of these topics illuminates broad similarities among polities across the globe the transmission of ideas and technologies on a regional and global level and also important differences in the ways that societies responded to similar challenges This work is intended broadly both for specialists in the history of warfare across the globe for an interested lay public as well as for use in the classroom **Medieval Narrative Sources** Werner Verbeke, Ludovicus Milis, Jean Goossens, 2005 Reduced Price Now only 15 00 instead of 51 50 More than ten years ago some mediaevalists of the K U Leuven and the University of Ghent joined together to create a repertory of medieval narrative sources focusing on the southern Low Countries A pre print was published in a paper version and was soon followed by the electronic database entitled Narrative Sources which is available through the Internet Since 1996

Narrative Sources has been adapted supplemented and rearranged every year and over the years the number of inventoried items has been increased to far more than 2150 titles The information present thus far in Narrative Sources already allows and facilitates the study of the sources as such individually or collectively qualitatively or quantitatively In a next step the goal would be the exploitation of the contents with a specific focus on monastic historiography its social setting and self image In this proceeding some of the scholars working on this project present their work their methodology and their results to date

**The Canons of the Third Lateran Council of 1179** Danica Summerlin,2019-11-28 Investigates papal government in the later twelfth century focusing on the decrees issued at papal councils and their reception

**Monastic Revival and Regional Identity in Early Normandy** Cassandra Potts,1997 Normandy transformed from military power base of pagan Norse invaders to Christian political entity The rulers of Normandy performed a complex juggling act starting from a pagan Norse military power base round Rouen they built an accepted political entity within the boundaries of the Christian state their ancestors had invaded Successfully reconciling Viking Frankish and Breton elements within their realm the Norman rulers created one people out of

the various races in the words of one eleventh century writer As part of that effort they revived and reformed the monasteries in the region enlisting the aid of prestigious abbots from reform centres beyond Normandy By the early eleventh century there was a consciousness within the region that a new people as well as a new principality had taken shape over the course of the past century In this process of state building and ethnogenesis the revival and reform of monasticism played a crucial role This book evaluates the relationship between Norman lords and monastic communities and demonstrates how that relationship contributed to the political and social evolution of the duchy Through this regional focus Monastic Revival and Regional Identity in Early Normandy adds to an understanding of the role monasticism played in tenth and eleventh century European society and more broadly in the formation of political and cultural entities in medieval Europe The conclusions presented in this study are based on an analysis of published sources as well as over two hundred unpublished monastic charters located in Norman archives and libraries Dr CASSANDRA POTTS teaches at Middlebury College

**Queenship in Medieval Europe** Theresa Earenfight, 2017-09-16 Medieval queens led richly complex lives and were highly visible women active in a man's world Linked to kings by marriage family and property queens were vital to the institution of monarchy In this comprehensive and accessible introduction to the study of queenship Theresa Earenfight documents the lives and works of queens and empresses across Europe Byzantium and the Mediterranean in the Middle Ages The book Introduces pivotal research and sources in queenship studies and includes exciting and innovative new archival research Highlights four crucial moments across the full span of the Middle Ages ca 300 700 1100 and 1350 when Christianity education lineage and marriage law fundamentally altered the practice of queenship Examines theories and practices of queenship in the context of wider issues of gender authority and power This is an invaluable and illuminating text for students scholars and other readers interested in the role of royal women in medieval society

*Alfred the Great* Richard Abels, 2013-11-26 This biography of Alfred the Great king of the West Saxons 871 899 combines a sensitive reading of the primary sources with a careful evaluation of the most recent scholarly research on the history and archaeology of ninth century England Alfred emerges from the pages of this biography as a great warlord an effective and inventive ruler and a passionate scholar whose piety and intellectual curiosity led him to sponsor a cultural and spiritual renaissance Alfred's victories on the battlefield and his sweeping administrative innovations not only preserved his native Wessex from Viking conquest but began the process of political consolidation that would culminate in the creation of the kingdom of England Alfred the Great War Kingship and Culture in Anglo Saxon England strips away the varnish of later interpretations to recover the historical Alfred pragmatic generous brutal pious scholar within the context of his own age

**Siege Warfare and Military Organization in the Successor States (400-800 AD)** Leif Inge Ree Petersen, 2013-09-15 Siege Warfare and Military Organization in the Successor States is the first study to comprehensively treat an aspect of Byzantine Western early Islamic Slavic and Steppe military history within the framework of common descent from Roman military organization to 800 AD This not only

encompassed the army proper but also a greater complex of client management private military retainers labor obligations and civilian conscription in urban defense that were systematically developed by the Romans around 400 and survived to be adopted and adapted by all successors The result was a common post Roman military culture suitable for more restrained economic circumstances but still able to maintain defend and attack city walls with skills rivalling those of their Roman forebears

**Women, Agency and the Law, 1300-1700** Bronach Kane, 2015-10-06 Based on close readings of both public and private documents court records churchwarden accounts depositions diaries letters and pamphlets this collection of essays presents the largely untold story of non elite women and their dealings with the law

**Aristocratic Women in Medieval France** Theodore Evergates, 1999 This elegantly written volume turns upside down prejudices and ideas regarding concerning society family and women in the Middle Ages *The Medieval Review*

*Mythical Battle* Ashley Hern, 2017-11-29 The Battle of Hastings is one of the key events in the history of the British Isles This book is not merely another attempt to describe what happened at Hastings that has already been done supremely well by many others but instead to highlight two issues how little we actually know for certain about the battle and how the popular understanding of 14 October 1066 has been shaped by the concerns of later periods It looks not just at perennial themes such as how did Harold die and why did the English lose but also at other crucial issues such as the diplomatic significance of William of Normandy's claim to the English throne the Norman attempt to secure papal support and the extent to which the Norman and Anglo Saxon armies represented diametrically opposed military systems This study will be of great interest to all historians students and teachers of history and is illustrated with 10 colour and 10 black white photographs

**The Norwegian Invasion of England in 1066** Kelly DeVries, 1999 Three weeks before the battle of Hastings Harold defeated an invading army of Norwegians at the battle of Stamford Bridge a victory which was to cost him dear The events surrounding the battle are discussed in detail This very accessible narrative tells the story of the first two important battles of 1066 Fulford Gate and Stamford Bridge and of the leaders of the opposing English and Norwegian factions CHOICE He places the invasion in a broad context He outlines the Anglo Scandinavian nature of the English kingdom in the eleventh century traces the careers of the major leaders and devotes a chapter each to the English and Norwegian military systems JOURNAL OF MILITARY HISTORY William the Conqueror's invasion in 1066 was not the only attack on England that year On September 25 1066 less than three weeks before William defeated King Harold II Godwinson at the battle of Hastings that same Harold had been victorious over his other opponent of 1066 King Harald Hardr di of Norway at the battle of Stamford Bridge It was an impressive victory driving an invading army of Norwegians from the earldom of Northumbria but it was to cost Harold dear In telling the story of this neglected battle Kelly DeVries traces the rise and fall of a family of English warlords the Godwins as well as that of the equally impressive Norwegian warlord Hardr di KELLY DEVRIES is Associate Professor Department of History Loyola College in Maryland

**Decoding Domesday** David Roffe, 2015 New light is shed on the motives and objectives for the compiling of

the still mysterious Domesday Book revolutionising our understanding of the period The Domesday Book is one of our major sources for a crucial period of English history yet it remains difficult to interpret This provocative new book proposes a complete re assessment with profound implications for our understanding of the society and economy of medieval England In particular it overturns the general assumption that the Domesday inquest was a comprehensive survey of lords and their lands and so tells us about the economic underpinning of power in the late eleventh century rather it suggests that in 1086 matters of taxation and service were at issue and data were collected to illuminate these concerns What emerges from this is that Domesday Book tells us less about a real economy and those who sustained it than a tributary one with much of the wealth of England being omitted The source then is not the transparent datum that social and economic historians would like it to be In return however the book offers a richer understanding of late eleventh century England in its own terms and elucidates many long standing conundrums of the Domesday Book itself DAVID ROFFE is an honorary research fellow at Sheffield University He has written widely on Domesday Book and edited five volumes of the Alecto County Edition of the text

*Religious Life in Normandy, 1050-1300* Leonie V. Hicks, 2007 Presenting new light on the reality of religious life in Normandy the author uses ideas about space and gender to examine the social pressures arising from such interaction around four main themes display reception and intrusion enclosure and the family

### **Europe's Long Twelfth Century**

John D. Cotts, 2012-11-09 Between 1095 and 1229 Western Europe confronted a series of alternative cultural possibilities that would fundamentally transform its social structures its intellectual life and its very identity It was a period of difficult decisions and anxiety rather than a triumphant renaissance In this fresh reassessment of the twelfth century John D Cotts Shows how new social economic and religious options challenged Europeans to re imagine their place in the world Provides an overview of political life and detailed examples of the original thought and religious enthusiasm of the time Presents the Crusades as the century's defining movement Ideal for students and scholars alike this is an essential overview of a pivotal era in medieval history that arguably paved the way for a united Europe

### **Excommunication in Thirteenth-Century**

**England** Felicity Hill, 2022-05-12 Excommunication was the medieval church's most severe sanction used against people at all levels of society It was a spiritual social and legal penalty Excommunication in Thirteenth Century England offers a fresh perspective on medieval excommunication by taking a multi dimensional approach to discussion of the sanction Using England as a case study Felicity Hill analyzes the intentions behind excommunication how it was perceived and received at both national and local level the effects it had upon individuals and society The study is structured thematically to argue that our understanding of excommunication should be shaped by how it was received within the community as well as the intentions of canon law and clerics Challenging past assumptions about the inefficacy of excommunication Hill argues that the sanction remained a useful weapon for the clerical elite bringing into dialogue a wide range of source material allows effectiveness to be judged within a broader context The complexity of political communication and action are revealed

through public conflicting accepted and rejected excommunications Excommunication could be manipulated to great effect in political conflicts and was an important means by which political events were communicated down the social strata of medieval society Through its exploration of excommunication the book reveals much about medieval cursing pastoral care fears about the afterlife social ostracism shame and reputation and mass communication
