Levasseur, 2020-06-15 Featuring over seventy images from the heroic age of space exploration *Through Astronaut Eyes* presents the story of how human daring along with technological ingenuity allowed people to see the Earth and stars as they never had before Photographs from the Mercury Gemini and Apollo programs tell powerful and compelling stories that continue to have cultural resonance to this day not just for what they revealed about the spaceflight experience but also as products of a larger visual rhetoric of exploration The photographs tell

us as much about space and the astronauts who took them as their reception within an American culture undergoing radical change throughout the turbulent 1960s This book explores the origins and impact of astronaut still photography from 1962 to 1972 the period when human spaceflight first captured the imagination of people around the world Photographs taken during those three historic programs are much admired and reprinted but rarely seriously studied This book suggests astronaut photography is particularly relevant to American culture based on how easily the images were shared through reproduction and circulation in a very visually oriented society Space photography s impact at the crossroads of cultural studies the history of exploration and technology and public memory illuminates its continuing importance to American identity **Journey**

MCMAHON,2009-11-03 THE WAY IT WAS is a compilation of several non fiction short stories at various periods in the past of a woman s and her family s lives At times it may seem like extraordinary happenings to the people of these stories but they did happen The stories represent truthful views of a family that were at times hilarious poignant heartwarming thoughtful and sometimes sad These short stories are thought provoking with touches of humor and a bit of satire These stories take place in an extraordinary period in history several years before World War II and a few years after two other wars They happened when most women did not do the things that the grandmother did in her stories and at other times what a mother accomplished when most women did not have executive positions in traditionally heavy industrial manufacturing male oriented companies The woman in these unique stories had the courage and the intestinal fortitude to carry on through many discouraging times and still find the humor to laugh at herself The young man a typical young and naive teenager shows

ingenuity and drive which showed up in later years again when he received the Bronze Star for his service to our country A story that has yet to be told The sister blazed a trail to be one of the first in her field for a major company There are lessons for the young to learn and a verification of life as it was or could have been by elders It is also the process of a written history to the families of the people in days long past The stories show that good stories can and are written that do not have to be filled with unsuitable language or sex to be exciting and interesting Observations by the Way John Clarke,2025-03-24 John Clarke husband and father of 5 children has compiled these life experiences inspired by a pamphlet written by his grandfather The Reverend Clifton McGlothlan **The British Journal of Photography** ,1986 **The Way Home** Jack Carnegie,2022-04-26 In sleepy Sweet Water Alabama one family has had its fair share of conflict but still Christian George does his duty like his father and uncle before him The Vietnam War was different to other wars though a war that couldn t be won one that kept service personnel imprisoned for the longest time in US history and their families suffering from uncertainty for years Many of those incarcerated didn t live to see home again and those that did discovered their war was far from over their story had only just begun The Asahi Pentax Book for ME, MX, K2, KX, KM and K1000 Users Clyde Reynolds,1978 **Popular Photography** ,1973 U.S. Camera Tom Maloney,1969
