serials from Universal's 1930 *The Indians Are Coming* to Columbia's 1956 *Blazing the Overland Trail*. Fifteen fascinating chapters explain the importance of cliffhangers to the industry as audience builders and product leaders. The serials provided training for actors and served as a technical university for people who later made the television industry work. An appendix lists in order of release all of the sound serials from 1930 through 1956, showing titles, releasing companies, chapter titles, directors, and several cast members. Superb photographs.

The Adventures of Louis de Rougemont Henri Louis Grin, Louis de Rougemont, 1899. This work created a world sensation. The author recounts his early life, his education, and his coming to Australia. The adventures were vouched for as fact but as narrated they are beyond the bounds of credibility. After being shipwrecked in the Arafura Sea, he reaches Australia and marries the woman Yamba. He spends nearly 30 years among the Aborigines of Northern and N.W. Australia. The author, born in Switzerland in 1844, has been called the modern Munchausen, and this work has been compared to Defoe's *Robinson Crusoe*.

Folk Horror Dawn Keetley, Ruth Heholt, 2023-04-15. While the undisputed heyday of folk horror was Britain in the 1960s and 1970s, the genre has not only a rich cinematic and literary prehistory but directors and novelists around the world have also been reinventing folk horror for the contemporary moment. This study sets out to rethink the assumptions that have guided critical writing on the genre in the face of such expansions, with chapters exploring a range of subjects from the fiction of E. F. Benson to Scooby Doo, video games, and community engagement with the Lancashire witches. In looking beyond Britain, the essays collected here extend folk horror's geographic terrain to map new conceptualisations of the genre now seen emerging from Italy, Ukraine, Thailand, Mexico, and the Appalachian region of the US.

British culture and the end of empire Stuart Ward, 2017-03-01. This book is the first major attempt to examine the cultural manifestations of the demise of imperialism as a social and political ideology in post-war Britain. Far from being a matter of indifference or resigned acceptance as is often suggested, the fall of the British Empire came as a profound shock to the British national imagination and resonated widely in British popular culture. The sheer range of subjects discussed, from the satire boom of the 1960s to the worlds of sport and the arts, demonstrates how profoundly decolonisation was absorbed into the popular consciousness. Offers an extremely novel and provocative interpretation of post-war British cultural history and opens up a whole new field of enquiry in the history of decolonisation.

Drive Me Wild Vicki Lewis Thompson, 2010-04-07. Aspiring novelist Molly Drake wants only two things out of life: a book contract and one sizzling night with her driver Alec Masterson. The contract seems unlikely, especially since according to her agent, Molly's incredible sensual fantasies about Alec aren't so incredible on paper. But as for Alec, well, Molly's decided to take him for the ride of his life and make sure that the trip is something worth writing about. For months, part-time chauffeur Alec Masterson has been trying in vain to put the brakes on his infatuation with Molly. But that was before the gorgeous redhead purposely set out to drive him wild. Now Molly has him right where she wants him: in her bed, seducing him within an inch of his life. And all Alec can think about is convincing
