The Science of Ghosts Joe Nickell, 2012-07-03 Are ghosts real Are there truly haunted places only haunted people or both And how can we know Taking neither a credulous nor a dismissive approach this first of its kind book solves those perplexing mysteries and more even answering the question of why we care so very much Putting aside purely romantic tales this book examines the actual evidence for ghosts from eyewitness accounts to mediumistic productions such as diaphanous forms materializing in dim light spirit photographs ghost detection phenomena and even CSI type trace evidence Offering numerous exciting case studies this book engages in serious investigation rather than breathless mystifying Pseudoscience folk legends and outright hoaxes are challenged and exposed while the historical cultural and scientific aspects of ghost experiences and haunting reports are carefully explored The author the world's only professional paranormal investigator brings his skills as a stage magician private detective folklorist and forensic science writer to bear on a topic that demands serious study

The Gates of Hell David Henderson, 2024-10-17 This book is mostly a collection of true stories about demonic beings frightening torturing and creating chaos among humans The first reason I authored this book was because I simply enjoy this topic Yes I am a bit odd I find topics that are strange mysterious and diabolical to be interesting The second reason is because we are in a spiritual battle and I find many Christians that I know seem to be almost oblivious to this fact My hope in this book is to make you more aware of the battle going on around us and that we can and should be ready to defend and battle Satan and his demonic army Our struggle is not against flesh and blood but against the rulers against the authorities against the powers of this dark world and against the spiritual forces of evil in the heavenly realms Ephesians 6:12

The Sallie House Haunting Debra Lyn Pickman, 2024-11-06 The real story behind one family's paranormal nightmare in a small Kansas house The thing started to move closer to me and as it did I could make out more details Her hand was covered in a long black lace glove as it got within inches of my face I saw a black bird on her finger I struggled out of bed and over to the door but I couldn't get the door open This is the firsthand account of what Tony and Debra Pickman and their newborn son Taylor experienced in the now notorious Sallie House from the day they moved in to the turn of the century haunted house until they finally fled in terror The story of the Sallie House and the fire starting ghost girl who haunted it has sparked endless rumors and theories of murder cover ups racism and abuse But the Pickmans

know the real story because they lived it and barely made it out alive Now for the first time Tony and Debra reveal untold stories from their ordeal They describe Sallie s seemingly protective fascination with their baby and tell what it was like to live with menacing entities that scratched bit and terrorized their family Along with historical research the Pickmans share personal photographs and journal entries from their time spent living in the nightmare house that still haunts them today

American Exorcism Michael W. Cuneo,2002-10-15 A guided tour through the burgeoning business of exorcism and the darker side of American life There is no other religious ritual more fascinating or more disturbing than exorcism This is particularly true in America today where the ancient rite has a surprisingly strong hold on our imagination and on our popular entertainment industry We ve all heard of exorcism seen the movies and read the books but few of us have ever experienced it firsthand Conducted by exorcists officially appointed by Catholic archdioceses and by maverick priests sidestepping Church sanctions by evangelical ministers and Episcopal charismatics exorcism is alive and well in the new millennium Oprah Diane Sawyer and Barbara Walters have featured exorcists on their shows The New York Times Los Angeles Times Time and other publications have charted the proliferation of exorcisms across the United States Last year the Archdiocese of Chicago appointed its first full time exorcist in its 160 year history in New York four priests have officially investigated about forty cases of suspected possession every year since 1995 American Exorcism is an inside look at this burgeoning phenomenon written with objectivity insight and just the right touch of irony Michael W Cuneo attended more than fifty exorcisms and interviewed many of the participants both the exorcists who performed the rituals and the people from all walks of life who believed they were possessed by the devil He brings vividly to life the ceremonies themselves conjuring up memories of Linda Blair s astonishing performance in the 1973 movie The Exorcist and other bizarre and sometimes stomach churning images Cuneo dissects as well the arguments of such well known exorcism advocates as Malachi Martin author of the controversial Hostage to the Devil self help guru M Scott Peck and self professed demonologists Ed and Lorraine Warren of Amityville Horror fame As he explores this netherworld of American life Cuneo reflects on the meaning of exorcism in the twenty first century and on the relationship between religious ritual and popular culture Touching on such provocative topics as the satanic panics of the 1980s repressed memory and ritual abuse American Exorcism is a remarkably revealing consistently entertaining work of cultural commentary *Nightmares with the Bible* Steve A. Wiggins,2020-11-16 Demons Nightmares with the Bible views demons through two lenses that of western religion and that of cinema Sketching out the long fear of demons in western history including the Bible Steve A Wiggins moves on to analyze how popular movies inform our beliefs about demonic forces Beginning with the idea of possession he explores the portrayal of demons from ancient Mesopotamia and the biblical world including in select extra biblical texts and then examines the portrayal of demons in popular horror franchises The Conjuring The Amityville Horror and Paranormal Activity In the final chapter Wiggins looks at movies that followed The Exorcist and offers new perspectives for viewing possession

and exorcism Written in non technical language this book is intended for anyone interested in how demons are perceived and how popular culture informs those perceptions **Ghosts in Popular Culture and Legend** June Michele Pulliam,Anthony J.
