compassionate style Misa Hopkins reveals the reason so many of us don't get well even though we have tried a variety of treatments and solutions. There is a growing acknowledgement in contemporary spiritual thought that we are the creators of our own reality including our health. Hopkins shares real life stories demonstrating that healing is not just the result of finding the right cure but rather a personal opportunity to create wellness by engaging the sacred flow of Divine consciousness. Without promoting any particular healing methodology or spiritual practice she provides us with simple steps a guidebook for accessing the healing power and wisdom that already lives inside. Hopkins candidly takes us into the successes of her own healing as she uncovered and transformed secret needs being met through her life challenging illnesses. She shows us how illness can actually meet profound subconscious emotional needs causing us to remain sick and then she teaches us how to invite our subconscious worlds into alignment with our conscious desires. The result of this alignment is the ultimate root of all healing a new level of our own Divine awareness and power awakened. If everyone seeking medical and holistic help read this and addressed the hidden barriers to healing they would get healthier faster and with less struggle. I want all my patients to have this book. Valerie Olmsted NMD Host of The Enlightened Medicine Show Misa after witnessing the results of your healing steps several times in my life and in the lives of clients you've helped I know miracles can be created.
