Prophets, Prophecy, and Ancient Israelite Historiography Mark J. Boda, Lissa Wray Beal, 2013-01-18

The 18 essays by members of the Canadian Society for Biblical Studies published in this volume showcase the work of leading authorities on ancient Israelite and Jewish historiography as it intersects with the phenomenon of prophecy. A deep divide exists between the traditions of historiography and prophecy in the academic study of the Hebrew Bible and the concern of the contributors is to close that gap to expose the close relationship between these two traditions in the literature of the Hebrew Bible. The first section of the book explores prophecy and prophets in ancient Israelite and Jewish historiographic books: Torah, Deuteronomistic History, Chronicles, Ezra, Nehemiah, Second Temple Jewish historiography. The second section surveys historiography in Israelite and Jewish prophetic books: Isaiah, Jeremiah, Ezekiel, Book of the Twelve, Daniel, 1 Enoch. The contributors engage diverse methodological perspectives in these studies, the goal first being to show the role that the prophets played within the great Hebrew historiographic works and second to demonstrate the role that historiography plays within the great Hebrew prophetic works. This makes it clear that the influence is bidirectional. *Prophets, Prophecy, and Ancient Israelite Historiography* will be of value for advanced students and scholars working on historiographic and prophetic materials in the ancient Israelite and Jewish traditions, featuring the best of research and analysis and interacting with many major ancient literary traditions of historiography and prophecy.

God at War Thomas B. Dozeman, 1996-09-05 The destruction of the Egyptian army in the Book of Exodus is the primary story of salvation for Israel God is the chief combatant in this story Yahweh is a warrior So goes the victory hymn in Exodus 15 3 after the annihilation of the enemy by Yahweh marking the importance held by this show of divine power This unleashing of divine power and its militaristic imagery has long caught the attention of scholars as starkly nationalistic Thomas B Dozeman furthers this study by addressing the theological problem of divine power in the Exodus story and by extension the Judeo Christian attempt to deify nationalism by calling its wars holy

He interprets Exodus as liturgy the Day of Yahweh celebrating God's defeat of Pharaoh and the ultimate ascendancy of Israelite authority. This liturgy though did not remain static but changed as the national experience of exile changed the practice of Israelite worship. An isolated event evolved into an extended account of salvation history in which the life of faith becomes a wilderness march to the promised land. Dozeman traces how revisionary embellishments in the plot structure and characters of the Exodus story reflected the new understanding of divine power. By combining literary and historical interpretation this study offers the first serious inquiry into the idea of divine power and makes a major contribution to resurgent research on the Pentateuch as a whole. No scholar concerned with biblical historiography and its justification of holy wars can afford to ignore this book.
