Rome it explores how the Georgics can draw attention to alternative non Roman histories Part Two examines how British travellers quoted directly from the poem to describe peoples and places across the world at times equating the colonial subjects of European empires to the happy farmers of Virgil's poem perceived to be unaware and in need of the blessings of colonial rule Drawing attention to the depoliticization of the poem in scholarly discourse and using newly discovered archival material this interdisciplinary work seeks to re politicize both the poem and its history in service of a decolonizing pedagogy Its unique dual focus allows for an extended exploration not just of geography and empire but of Europe's long relationship with the wider world

Paul, The Apostle of Obedience Jason A. Myers,2022-08-25 Jason A Myers reconsiders the meaning and context of the phrase the obedience of faith in Rom 1 5 and how it contributes to the theme of obedience in Romans In contrast to previous studies that have nearly exclusively focused on the obedience language in light of the Hebrew Bible and Second Temple literature Myers instead investigates how this language functioned within the Greco Roman world particularly in the discourse of the Roman Empire By studying both the Greco Roman contexts and the use of obedience language during the Empire Myers sheds fresh light on the meaning of the obedience of faith and concludes that such examination helps contemporary readers understand how Gentiles in Paul s audience would have heard and received the terms and images relating to obedience In addition he argues that Paul s use of obedience language both at the beginning and end of Romans 1 5 15 18 serves as rhetorical bookends and signals a theme that is central to Paul s purpose in Romans and integral to his calling as an apostle to the Gentiles **The Fall of the Roman World and the Rise of Christianity** Kelly

Roscoe,2017-07-15 Although once regarded as a time of uninterrupted ignorance superstition and social oppression the Middle Ages are now understood as a dynamic period during which the idea of Europe as a distinct cultural unit emerged This title dives into late antiquity and the early Middle Ages a time when political social economic and cultural structures were profoundly reorganized As Roman imperial traditions gave way to those of the Germanic peoples who established kingdoms in the former Western Empire new forms of political leadership were introduced and the population of Europe was gradually Christianized *The Province of Achaea in the 2nd Century CE* Anna Kouremenos,2022-03-06 The Province of Achaea in the 2nd Century CE explores the conception and utilization of the Greek past in the Roman province of Achaea in the 2nd century CE and the reception of the artistic cultural and intellectual outputs of this century in later periods Achaea often defined by international scholars as old Greece was the only Roman province located entirely within the confines of the Modern Greek state In many ways Achaea in the 2nd century CE witnessed a second Golden Age one based on collective historical nostalgia under Roman imperial protection and innovation The papers in this volume are holistic in scope with special emphasis on Roman imperial relations with the people of Achaea and their conceptualizations of their past Material culture monumental and domestic spaces and artistic representations are discussed as well as the literary output of individuals like Plutarch Herodes Atticus Aelius Aristides and others The debate over Roman influence in various Hellenic cities and the significance of collective historical nostalgia also feature in this volume as does the utilization of Achaea s past in the Roman present within the wider empire As this century has produced the highest percentage of archaeological and

literary material from the Roman period in the province under consideration the time is ripe to position it more firmly in the academic discourse of studies of the Roman Empire The Province of Achaëa in the 2nd Century CE will appeal to scholars students and other individuals who are interested in the history archaeology art and literature of the Graeco Roman world and its reception
