## **The Idea Of Atonement In The Philosophy Of Hermann Cohen:**

*The Idea of Atonement in the Philosophy of Hermann Cohen* Michael Zank, 2020-03 [The National Element in Hermann Cohen's Philosophy and Religion](#) Hartwig Wiedebach, 2012-07-05 Hermann Cohen was a Jewish German thinker with a passion for philosophy Two forms of national engagement influenced his philosophical system and his Jewish thought a cultural political Germanness *Deutschtum* and a religious Judaism beyond the political [Hermann Cohen](#) Frederick C. Beiser, 2018-10-04 This book is the first complete intellectual biography of Hermann Cohen 1842 1918 and the only work to cover all his major philosophical and Jewish writings Frederick C Beiser pays special attention to all phases of Cohen s intellectual development its breaks and its continuities throughout seven decades The guiding goal behind Cohen s intellectual career he argues was the development of a radical rationalism one committed to defending the rights of unending enquiry and unlimited criticism Cohen s philosophy was therefore an attempt to defend and revive the Enlightenment belief in the authority of reason his critical idealism an attempt to justify this belief and to establish a purely rational worldview According to this interpretation Cohen s thought is resolutely opposed to any form of irrationalism or mysticism because these would impose arbitrary and artificial limits on criticism and enquiry It is therefore critical of those interpretations which see Cohen s philosophy as a species of proto existentialism Rosenzweig or Jewish mysticism Adelman and K hnke *Hermann Cohen An Intellectual Biography* attempts to unify the two sides of Cohen s thought his philosophy and his Judaism Maintaining that Cohen s Judaism was not a limit to his radical rationalism but a consistent development of it Beiser contends that his religion was one of reason He concludes that most critical interpretations have failed to appreciate the philosophical depth and sophistication of his Judaism a religion which committed the believer to the unending search for truth and the striving to achieve the cosmopolitan ideals of reason **Hermann Cohen and the Crisis of Liberalism** Paul E. Nahme, 2019-03-28 A fresh look at a nineteenth century Jewish philosopher whose theology offers a beacon in an illiberal twenty first century world Recommended Choice Hermann Cohen is often held to be one of the most important Jewish philosophers of the nineteenth century Paul E Nahme in this new consideration of Cohen liberalism and religion emphasizes the idea of enchantment or the faith in and commitment to ideas reason and critique the animating spirits that move society forward Nahme views Cohen through the lenses of the crises of Imperial Germany the rise of antisemitism nationalism and secularization to come to a greater understanding of liberalism its Protestant and Jewish roots and the spirits of modernity and tradition that form its foundation Nahme s philosophical and historical retelling of the story of Cohen and his spiritual investment in liberal theology present a strong argument for religious pluralism and public reason in a world rife with populism identity politics and conspiracy theories **Hermann Cohen's Ethics** Robert Gibbs, 2006-07-01 The essays assembled here represent the leading Hermann Cohen scholars from the United States Canada Italy Switzerland Germany the Netherlands and Israel Emerging from their efforts is a new set of explorations both in Cohen s own system and also in

his relation to a wide range of subsequent thinkers They open Cohen s Ethics of Pure Will in two ways First they show us the deep questions that are operating within Cohen s texts and second they raise questions for ethics itself particularly in relation to Jewish tradition That specific topic the primacy of ethics for Judaism received one of its most philosophically rigorous treatments in Cohen s work where thinking of the relation of ethics and Judaism became a truly philosophical task Originally published as Volume 13 2005 of The Journal of Jewish Thought and Philosophy For more details on this journal please click here

**Monotheism and Tolerance** Robert Erlewine,2010-01-11 Why are religious tolerance and pluralism so difficult to achieve Why is the often violent fundamentalist backlash against them so potent Robert Erlewine looks to a new religion of reason for answers to these questions Drawing on Enlightenment writers Moses Mendelssohn Immanuel Kant and Hermann Cohen who placed Christianity and Judaism in tension with tolerance and pluralism Erlewine finds a way to break the impasse soften hostilities and establish equal relationships with the Other Erlewine s recovery of a religion of reason stands in contrast both to secularist critics of religion who reject religion for the sake of reason and to contemporary religious conservatives who eschew reason for the sake of religion Monotheism and Tolerance suggests a way to deal with the intractable problem of religiously motivated and justified violence *Reading Maimonides' Philosophy in 19th Century Germany* George Y. Kohler,2012-05-03 This book investigates the re discovery of Maimonides Guide of the Perplexed by the Wissenschaft des Judentums movement in Germany of the nineteenth and beginning twentieth Germany Since this movement is inseparably connected with religious reforms that took place at about the same time it shall be demonstrated how the Reform Movement in Judaism used the Guide for its own agenda of historizing rationalizing and finally turning Judaism into a philosophical enterprise of ethical monotheism The study follows the reception of Maimonidean thought and the Guide specifically through the nineteenth century from the first beginnings of early reformers in 1810 and their reading of Maimonides to the development of a sophisticated reform theology based on Maimonides in the writings of Hermann Cohen more than a hundred years later Paradox and the Prophets Daniel H. Weiss,2012-09-01 Weiss examines the style and method of Hermann Cohen s magnum opus Religion of Reason out of the Sources of Judaism Through philosophical and scriptural analyses Weiss argues for a new reading of this long misunderstood book demonstrating Cohen s continuing significance for Jewish thought and for philosophy of religion more broadly

**Thinking Through Rituals** Kevin Schilbrack,2004-08-02 Many philosophical approaches today seek to overcome the division between mind and body If such projects succeed then thinking is not restricted to the disembodied mind but is in some sense done through the body From a post Cartesian perspective then ritual activities that discipline the body are not just thoughtless motions but crucial parts of the way people think Thinking Through Rituals explores religious ritual acts and their connection to meaning and truth belief memory inquiry worldview and ethics Drawing on philosophers such as Foucault Merleau Ponty and Wittgenstein and sources from cognitive science pragmatism and feminist theory it provides philosophical resources for understanding

religious ritual practices like the Christian Eucharistic ceremony Hatha Yoga sacred meditation or liturgical speech Its essays consider a wide variety of rituals in Christianity Judaism Hinduism and Buddhism including political protest rituals and gay commitment ceremonies traditional Vedic and Yogic rites Christian and Buddhist meditation and the Jewish Shabbat They challenge the traditional disjunction between thought and action showing how philosophy can help to illuminate the relationship between doing and meaning which ritual practices imply

**Encyclopedia of Judaism** Sara E. Karesh, Mitchell M. Hurvitz, 2005 An illustrated A to Z reference containing over 800 entries providing information on the theology people historical events institutions and movements related to the religion of Judaism
