Marcus,2018-12-21 My Spinoza is the culmination of two decades of research by Charles J Marcus into the life and philosophy of Baruch Spinoza A renowned Western philosopher Spinoza is revered by many from Carl Jung to Albert Einstein who called him a spiritual genius and said I believe in Spinoza s God who reveals himself in the harmony of all that exists In My Spinoza Marcus explores revolutionary nondual understanding of reality blending a mix of theology psychology Eastern philosophy and practical reasoning that reveals Spinoza to be a brilliant guide for all seeking to awaken to the highest state of being Few philosophers have been so universally loved or reviled as Spinoza While he has been honored as a Father of Enlightenment some early critics branded his work to be utterly evil and full of abominations Whatever beliefs one holds Spinoza simply cannot be ignored Mystics respect Spinoza s advocacy of human intuitive faculties and belief in a person s innate ability to perceive God directly without an intermediary Atheists admire Spinoza s logical dismantling of religious notions of God as a person fatherly presence and disseminator of reward and punishment A true universalist Spinoza captures the spirit of Judaism the Lord is one Christianity I and my father are one Buddhism no separate self and Hinduism

Franklin Merrell-Wolff Dave Vliegenthart, 2018-01-16 In *The Secular Religion of Franklin Merrell Wolff* An Intellectual History of Anti intellectualism in Modern America Dave Vliegenthart offers an account of the life and teachings of the modern American mystic Franklin Merrell Wolff 1887 1985 who combined secular and religious sources from eastern and western traditions in order to elaborate and legitimate his metaphysical claim to the realization of a transcendental reality beyond reason Using Merrell Wolff as a typical example of a modern western guru Vliegenthart investigates the larger sociological and historical context of the ongoing grand narrative that asserts a widespread anti intellectualism in modern American culture exploring developments in religious philosophical and psychological discourses in North America from 1800 until the present

More Than Allegory Bernardo Kastrup, 2016-04-29 This book is a three part journey into the rabbit hole we call the nature of reality Its ultimate destination is a plausible living validation of transcendence Each of its three parts is like a turn of a spiral exploring recurring ideas through the prisms of religious myth truth and belief respectively With each turn the book seeks to convey a more nuanced and complete understanding of the many facets of transcendence Part I puts forward the controversial notion that many religious myths are actually true and not just allegorically so Part II argues that our own inner storytelling plays a surprising role in creating the seeming concreteness of things and the tangibility of history Part III suggests in the form of a myth how deeply ingrained belief systems create the world we live in The three themes myth truth and belief flow into and interpenetrate each other throughout the book
