The Incendiary Fellowship:

The Incendiary Fellowship Elton Trueblood, 1967 Trueblood states his conclusions about the present emphasis on church renewal

Spiritual Theology Simon Chan, 2025-10-14 Academy of Parish Clergy Top Ten Book Theology is the doctrine of living unto God wrote the Puritan theologian William Ames Unfortunately post Enlightenment theology has tended to divorce doctrine from living unto God And to the degree that this split has been deepened and perpetuated both theology and spirituality have been impoverished Spiritual Theology is a rare book In it Simon Chan surveys the little explored landscape where systematic theology and godly praxis meet highlighting the connections between Christian doctrine and Christian living and drawing out the spiritual implications of particular aspects of systematic theology Allowing rational formulations to drop into the background he brings the mystery of the faith to the fore Chan begins with the principal doctrines of God sin salvation and the church He then progresses to a reflective consideration of the practice of the spiritual life from prayer to spiritual direction Unabashedly evangelical and truly ecumenical Chan grounds his exploration in the sources of the Protestant Catholic and Orthodox traditions His work is well abreast of contemporary theological currents and crossculturally conversant from an Asian perspective Spiritual Theology is a book for those who care deeply about theology and spirituality and strive to integrate the two It is well worth careful reflection and prayerful reading

Integrative Theology Gordon R. Lewis, Bruce A. Demarest, 2010-09-21 Integrative Theology is designed to help graduate students in a pluralistic world utilize a standard method of fruitful research Each chapter on a major doctrine 1 states a classic issue of ultimate concern 2 surveys alternative past and present answers and 3 tests those proposals by their congruence with information on the subject progressively revealed from Genesis to Revelation Then the chapter 4 formulates a doctrinal conclusion that consistently fits the many lines of biblical data 5 defends that conviction respectfully and finally 6 explores the conclusion's relevance to a person's spiritual birth growth and service to others all for the glory of God Why the title Integrative Theology In each chapter steps 2-6 integrate the disciplines of historical biblical systematic apologetic and practical theology

A Stone in My Shoe J. Michael Walters, 2021-06-15 What's more miserable than trying to walk with a stone in your shoe Many American evangelicals are experiencing pain and discomfort in their relationship to the church Stones in their shoes make the faith journey uncomfortable and increasingly untenable They either leave the church altogether become church shoppers or live on the margins of the church as outliers This book presents the vantage point of a lifelong evangelical pastor and religious educator who sees himself as an outlier Walters draws on decades of pastoral life and classroom experience to engage the church in a conversation aimed at clarifying the concerns and discomforts of evangelical outliers While this is one person's story it intersects with the stories of many others in American evangelicalism especially clergy In identifying the stones which trouble and discomfort so many like him Walters continually calls the church his church back to its biblical and theological foundations

The Second Reformation Bill Beckham, 2015-11-27 Bill

Beckham describes how Jesus used groups of different sizes and relationships three twelve seventy and one hundred and twenty at Pentecost to fulfill his global purpose Beckham demonstrates how we need to relearn Christ's same relational strategy to plant churches and win a lost world for Jesus Christ Beckham shows how many churches today have allowed an Old Testament theology to dictate their ecclesiology He then offers practical advice and clear direction to return to the original way to live Church as an expansion movement like Jesus did In this book Beckham shows how the Cell Church Movement is God's answer to take the church back to a place of fruitfulness and effectiveness Missional Church Lois Barrett, 1998-02-09 What would a theology of the Church look like that took seriously the fact that North America is now itself a mission field This question lies at the foundation of this volume written by an ecumenical team of six noted missiologists Lois Barrett Inagrace T Dietterich Darrell L Guder George R Hunsberger Alan J Roxburgh and Craig Van Gelder The result of a three year research project undertaken by The Gospel and Our Culture Network this book issues a firm challenge for the church to recover its missional call right here in North America while also offering the tools to help it do so The authors examine North America's secular culture and the church's loss of dominance in today's society They then present a biblically based theology that takes seriously the church's missional vocation and draw out the consequences of this theology for the structure and institutions of the church **Unfinished Business** Greg Ogden, 2010-05-11 The Reformation restored the Scriptures to the people but the job was only halfway finished Today the church is awakening to the truth that ministry is not just the domain of clergy but belongs to the entire body of Christ God is moving her to complete her unfinished business of placing the ministry back in the hands of the people Unfinished Business has played a pivotal part in helping the church reclaim ministry at the grassroots level First published in 1990 as *The New Reformation* it has become a classic resource for church life Expanding on and updating the original material with fresh examples and references to eight key important movements this new edition lays foundations for the church to move from Passive to active Maintenance to mission Clergy to people of God Teacher caregiver to equipping enabler Pointing us back to the church as an organism not an institution author Greg Ogden shows how each of us is called to help finish the Reformation's unfinished business expressing the priesthood of every believer practically in the church the world and all avenues of life Radical Renewal Howard A. Snyder, 2005-08-08 This updated best seller challenges the reader to examine the current church structure If you have never read this classic you have missed a treasure chest of information and wisdom from one of the most respected authors of our time Wine the gospel of Jesus Christ and Wineskins the man made structures of the church How do the two relate What happens when new wine is poured into old wineskins What about making new wineskins In short What kinds of church structures are most compatible with the gospel in our modern techno urban society Snyder addresses these questions and provides some challenging answers In the course of his argument he discusses the fellowship of the Holy Spirit the mind of Christ the role of spiritual gifts the pastor as a superstar and renewal that is deeply spiritual and immediately practical

Way To Grow Ronald J. Lavin, 1996 Nothing is more important for ministry today than small groups George Gallop Jr a Christian who conducts polls on political and religious matters quoted in chapter 1 of this book Lavin is quick to point out that this book is not merely about numerical growth It is about nurturing spiritual growth which in itself is a dynamic that leads to growth in numbers Use this publication as a workbook The chapters each end with fascinating questions for consideration and group discussion Dr Lavin offers five different kinds of group structures for discipleship development Each is fully explored offering the reader or study participant the opportunity to determine which style best fits their group He also lists five essentials that must be present for any group to function effectively Lavin has had over 35 years of experience in the ministry during which time he has refined the methods that are most successful in leading people to commitment and discipleship This book is filled with fascinating anecdotes and stories that have grown out of his experience with congregations where impressive growth has taken place Dr Ronald J Lavin is Senior Pastor of King of Glory Lutheran Church Fountain Valley California He previously served congregations in Indiana Iowa and Arizona In each church where he served as pastor the membership doubled He graduated cum laude from Carthage College Northwestern Theological School of Theology and engaged in graduate studies at the Lutheran School of Theology Chicago Lavin has published twelve books and numerous magazine articles He has been in demand as a speaker and seminar leader at schools and churches throughout the country as well as in several foreign countries

Decide for Yourself Gordon R. Lewis, 2012-10-01 The great Christian doctrines are worth thinking through for ourselves That s why Gordon Lewis has provided this concise and complete survey of the major truths of the Christian faith But rather than just telling us what he has discovered in Scripture he offers a theological workbook that helps us explore the evidence itself and to draw our own conclusions He has organized the material around the main themes of God Christ the Holy Spirit humanity creation the church and the end times This unique text has been used by students of the Bible over the last three decades in the classroom in the home and in the church Its enduring quality continues to make it a valuable tool for all who want to develop a systematic theology for themselves Of Lewis s six published books his *Decide for Yourself A Theological Workbook* has been the most versatile It has been used in informal neighborhood and college Bible studies church education classes youth groups Bible schools colleges and seminaries and extension courses in theological education It has been translated into Arabic Chinese French Lithuanian Spanish and Vietnamese Chapters 1 3 are updated to interact with the postmodernist views of human language
