The Inner Eye Of Love Mysticism And Religion:

The Inner Eye of Love William Johnston, 1978 The Inner Eye of Love offers a contemporary theology of mysticism that locates it at the very center of authentic religious experience It provides as well a practical guide for meditation even as it maps out the oceanic experience toward which meditation points The Inner Eye of Love William Johnston, 1997 In a reprint of his 1978 volume published in San Francisco by Harper and Row Johnston offers a contemporary theology of mysticism and a practical guide for meditation He draws on the Gospels and early church writings to locate mysticism at the center of authentic religious experience and maps out the oceanic experience toward which meditation points Paper edition unseen 17 00 Annotation copyrighted by Book News Inc Portland OR Silent Music William Johnston, 1997 Silent Music breaks down the barriers between science and religion as well as between religions themselves in order to extrapolate a comprehensive understanding of the science of meditation Johnston explores the concept of meditation from all perspectives in a rich account that runs the gamut from friendship to biofeedback Understanding all approaches and incorporating them into a united vision Silent Music reveals as new way of understanding the mystical and our search for wisdom in the modern world Included is a glossary of terms and an index **Arise My Love--** William Johnston, 2000 Rediscovered the long ignored tradition of mysticism in Christianity and shows how this wisdom can renew our lives and champion peace and reconciliation around the world **Great Mystics and Social Justice** Susan Rakoczy, IHM, 2006 *Apparitions, Healings, and Weeping Madonnas* Lisa J. Schwebel, 2014-05-14 Mysticism and parapsychology Ghosts and apparitions Weeping icons and other unusual phenomena Prophecy and precognition Criteria for genuine visions Healings and miracles Conclusion Some theological observations Reflections on Divinity Harold Dierckx, 2023-08-18 This book is an original non denominational approach to the concept of divinity The basic underlying philosophy is that since the existence of God cannot be proven one can only hypothesize about his her its existence Mystics claim to know God through direct experience Their views are amply represented In conclusion a hypothesis of divinity is formulated inspired by the mystical view of the omnipresence of the Divine The Naked God Vincent Strudwick, Jane Shaw, 2020-04-28 Every generation puts clothes onto God to help their understanding but the underlying reality of God still lies beneath those garments If we go on clothing God only with garments that are suitable for medieval Christendom or any other age then we can hardly expect that God will be understood in the twenty first century We live in an age in which many people are interested in spirituality but have been disillusioned by the Church and are unaware of what lies behind institutional religion There is little knowledge of historical attempts to understand and to clothe God and it is more difficult for twenty first century generations to find the tools with which to wrestle with the big questions about who we are and how we relate both to God and to each other Vincent Strudwick in collaboration with theologian historian and priest Jane Shaw invites all readers to become wrestlers to explore difficult questions about God the Bible spirituality and the Church Earthing the Cosmic Christ of Ephesians—The Universe,

Trinity, and Zhiyi's Threefold Truth, Volume 4 John P. Keenan, 2024-02-26 In a Tiantai theology conventional truth is conventionally arisen which means that such truth is never set once and for all but is to be cherished and rethought in new circumstances whether interreligious or scientific but always in critical consonance with its ancient embodiments Contexts shift frameworks but life in Christ is translatable across cultures Christian faith and theology discourage the assumption that the point of it can be clearly pinned down God's appearance to Elijah out of the whirlwind is an eternal reminder of the paltriness of all human perspectives Symbolic worlds of faith and wisdom are not themselves finished products Because it has a past and a future the cosmos itself is unfinished Christian creeds ought not be defended as last word ideological positions and bastions against relativity but instead recognized in their cultural contexts and affirmed as grammars of communal and personal assent **Literature and Lore of the Sea** , 2021-11-08
