The Insider Threat:

The CERT Guide to Insider Threats Dawn Cappelli, Andrew Moore, Randall Trzeciak, 2012 Wikileaks recent data exposures demonstrate the danger now posed by insiders who can often bypass physical and technical security measures designed to prevent unauthorized access The insider threat team at CERT helps readers systematically identify prevent detect and mitigate threats *Insider Threat* Julie E. Mehan, 2016 Detailing the measures that organizations can implement to ensure high impact quick wins this in depth book looks beyond perimeter protection tools and shows how a security culture based on international best practice can help mitigate the insider threat to your security **Insider Threats in Cyber Security** Christian W. Probst, Jeffrey Hunker, Dieter Gollmann, Matt Bishop, 2010-07-28 Insider Threats in Cyber Security is a cutting edge text presenting IT and non IT facets of insider threats together This volume brings together a critical mass of well established worldwide researchers and provides a unique multidisciplinary overview Monica van Huystee Senior Policy Advisor at MCI Ontario Canada comments The book will be a must read so of course I ll need a copy Insider Threats in Cyber Security covers all aspects of insider threats from motivation to mitigation It includes how to monitor insider threats and what to monitor for how to mitigate insider threats and related topics and case studies Insider Threats in Cyber Security is intended for a professional audience composed of the military government policy makers and banking financing companies focusing on the Secure Cyberspace industry This book is also suitable for advanced level students and researchers in computer science as a secondary text or reference book *Insider Threat* Michael G. Gelles, 2016-05-28 Insider Threat Detection Mitigation Deterrence and Prevention presents a set of solutions to address the increase in cases of insider threat This includes espionage embezzlement sabotage fraud intellectual property theft and research and development theft from current or former employees This book outlines a step by step path for developing an insider threat program within any organization focusing on management and employee engagement as well as ethical legal and privacy concerns In addition it includes tactics on how to collect correlate and visualize potential risk indicators into a seamless system for protecting an organization s critical assets from malicious complacent and ignorant insiders Insider Threat presents robust mitigation strategies that will interrupt the forward motion of a potential insider who intends to do harm to a company or its employees as well as an understanding of supply chain risk and cyber security as they relate to insider threat Offers an ideal resource for executives and managers who want the latest information available on protecting their organization s assets from this growing threat Shows how departments across an entire organization can bring disparate but related information together to promote the early identification of insider threats Provides an in depth explanation of mitigating supply chain risk Outlines progressive approaches to cyber security **Managing the Insider Threat** Nick Catrantzos, 2016 An adversary who attacks an organization from within can prove fatal to the organization and is generally impervious to conventional defenses Drawn from the findings of an award winning thesis Managing the Insider

Threat No Dark Corners is the first comprehensive resource to use social science research to explain why traditional methods fail against these trust betrayers In this groundbreaking book author Nick Catrantzos identifies new management security and workplace strategies for categorizing and defeating insider threats The book begins with problem definition and research findings that lead to the No Dark Corners strategy for addressing insider threats With these foundational underpinnings the book then examines agents of change within the workplace namely key players in positions to effectively support or undermine the No Dark Corners strategy including corporate sentinels and leaders affecting application of this approach From there the author goes on to examine key areas where No Dark Corners style engagement can make a difference in the way an institution counters insider threats through rethinking background investigations recognizing deception and using lawful disruption Moving progressively from the theoretical to the practical in applying the strategy within an organizational framework the book looks at implementation challenges and offers a framework for introducing new insider defense insights into an organization Each chapter offers questions to stimulate discussion and exercises or problems suitable for team projects This practical resource enables those charged with protecting an organization from internal threats to circumvent these predators before they jeopardize the workplace and sabotage business operations

Managing the Insider Threat Nick Catrantzos, 2022-11-30 Managing the Insider Threat No Dark Corners and the Rising Tide Menace Second Edition follows up on the success of and insight provided by the first edition reframing the insider threat by distinguishing between sudden impact and slow onset aka rising tide insider attacks This edition is fully updated with coverage from the previous edition having undergone extensive review and revision including updating citations and publications that have been published in the last decade Three new chapters drill down into the advanced exploration of rising tide threats examining the nuanced complexities and presenting new tools such as the loyalty ledger Chapter 10 and intensity scale Chapter 11 New explorations of ambiguous situations and options for thwarting hostile insiders touch on examples that call for tolerance friction or radical turnaround Chapter 11 Additionally a more oblique discussion Chapter 12 explores alternatives for bolstering organizational resilience in circumstances where internal threats show signs of gaining ascendancy over external ones hence a need for defenders to promote clearer thinking as a means of enhancing resilience against hostile insiders Coverage goes on to identify counters to such pitfalls called lifelines providing examples of questions rephrased to encourage clear thinking and reasoned debate without inviting emotional speech that derails both The goal is to redirect hostile insiders thereby offering alternatives to bolstering organizational resilience particularly in circumstances where internal threats show signs of gaining ascendancy over external ones hence a need for defenders to promote clearer thinking as a means of enhancing resilience against hostile insiders Defenders of institutions and observers of human rascality will find in Managing the Insider Threat Second Edition new tools and applications for the No Dark Corners approach to countering a vexing predicament that seems to be increasing in frequency scope and menace

Program Shawn M. Thompson, Gaby Friedlander, 2016-10-12 Company insiders are responsible for 90% of security incidents Of these 29% are due to deliberate and malicious actions and 71% result from unintentional actions Unfortunately today s piecemeal and ad hoc approach is simply not working You need a holistic Insider Threat Management Program ITMP to effectively manage these threats and reduce the risk to your corporate assets Managing the Insider Threat Nick Catrantzos, 2012-05-17 An adversary who attacks an organization from within can prove fatal to the organization and is generally impervious to conventional defenses Drawn from the findings of an award winning thesis *Managing the Insider Threat* No Dark Corners is the first comprehensive resource to use social science research to explain why traditional methods fail aga **Insider Attack and Cyber Security** Salvatore J. Stolfo, Steven M. Bellovin, Shlomo HersHKop, Angelos D. Keromytis, Sara Sinclair, Sean W. Smith, 2008-08-29 *Insider Attack and Cyber Security* Beyond the Hacker defines the nature and scope of insider problems as viewed by the financial industry This edited volume is based on the first workshop on Insider Attack and Cyber Security IACS 2007 The workshop was a joint effort from the Information Security Departments of Columbia University and Dartmouth College This book sets an agenda for an ongoing research initiative to solve one of the most vexing problems encountered in security and includes the following topics critical IT infrastructure insider threats awareness and dealing with nefarious human activities in a manner that respects individual liberties and privacy policies of organizations while providing the best protection of critical resources and services In some sense the insider problem is the ultimate security problem This volume concludes with technical and legal challenges facing researchers who study and propose solutions to mitigate insider attacks *The Insider Threat* Adam Lovinger, 2024-11-19 This stunning whistleblower account reveals how the Deep State weaponizes federal powers against its political enemies and explores the disastrous reality of the Obama Doctrine which seeks to create a global balance of power by weakening American preeminence and strengthening America s foreign adversaries During his eight year reign Barack Obama transformed the U S national security intelligence and law enforcement bureaucracies as no other president in history has done advancing a policy of U S diminishment that has undermined our global primacy to this day In *The Insider Threat* Adam Lovinger draws on more than ten years of experience at the Pentagon to explain how the Obama administration orchestrated this coup Obama spent his first year in office persuading Americans that the U S should step back from its global leadership role to create a new world order based on balance of power politics But what he never said out loud was that this meant Washington would transfer power to its enemies When his 2009 worldwide apology tour proved a debacle Obama changed tack to subversion by bureaucratic fiat He spent the next eight years staging a stealth revolution inside America s most sensitive government agencies using ideological infighters to replace America s strategic objectives with those of China Russia and the Islamic Republic of Iran In return through a range of acts and omissions described in this book America s adversaries helped Obama and Joe Biden win elections wealth and prestige Equal parts George Orwell and Franz Kafka *The Insider Threat* exposes for

the first time the secret playbook that Lovinger discovered on his U S Department of Defense computer This file reveals how corrupt senior officials enrich their patrons at taxpayer expense advance the interests of America s enemies undermine core U S national interests from within and make administrative reform impossible Even longtime Washington insiders will be shocked at the extent of lawlessness that now passes for normal in America s administrative state
