The Integrated Life Thomas P. Beyer, 1948-12-15 The Integrated Life was first published in 1948 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions This volume of essays and poems is representative of the work and life of their author a professor of English at Hamline University and for any years chairman of the department Of the essays some are personal others works of literary appreciation and still others discuss the profession of teaching in particular the teaching of English all reveal the man who wrote them At Hamline Dr Beyer and reading have been almost synonymous He proposed the general reading course in 1921 and directed it for twelve years Students alert to this form of inspiration found existing delight not only in the outside reading but in the discussions with faculty members which followed Colleagues and off campus friends also came under provocative influence of Dr Beyer and his guidance has been frequently and freely acknowledged When Dr Beyer was honored in 1947 for his long fruitful association with Hamline University a publication fund was established It was unanimously agreed that a collection of Dr Beyer s own essays poems and sketches should be the first venture *The Integrated Life* is that volume No attempt has been made to bring the material up to date The collection appears as it was written full of the flavor and wisdom of a truly honorable teacher and friend *The Integrated Life* Thomas Percival Beyer, 1948
