The Law Of Oil Concessions In The Middle East And North Africa:

The Law of Oil Concessions in the Middle East and North Africa Henry Cattán, 1967 The Law of Oil Concessions in the Middle East and North Africa Henry Cattán, 1967 Global Contract Law in the Middle East and North Africa Mohamed Ismail, 2024-08-01 This book comprehensively covers the interplay between cultural and legal globalization and the impact this has on contract law with a particular focus on state contracts within the MENA region The book discusses the roles assumed by Supreme Courts in Egypt and MENA countries in creating unified principles of international contract law in states contracts which are consistent with international commercial contracts principles It makes a powerful argument for further harmonization of contract law in the area and how this can be achieved The book forms a case study of how international harmonization can be achieved through a number of routes such as codification digitalization of processes and contracts private public arbitration and further use of international instruments It also considers the implications of comparative European law convention law and other legal domains particularly international standards on contract law in the MENA region The book suggests how international legal standards can be integrated within contract law and how a harmonious contract law framework can thus be achieved Through analyzing ICSID case law the book argues that unification of contract law principles in the MENA region is a considerable step towards achieving legitimate expectations of foreign investors It argues further that global contract law is underway The book will be of interest to students and scholars in the field of international contract law public law and international law in Egypt and MENA countries Handbook of OPEC and the Global Energy Order Dag Harald Claes, Giuliano Garavini, 2020-01-20 The Organization of the Petroleum Exporting Countries OPEC celebrating its 60th anniversary in 2020 is one of the most recognizable acronyms in international politics The organization has undergone decades of changing importance from political irrelevance to the spotlight of world attention and back and from economic boom for its members to deep political and financial crisis This handbook with chapters provided by scholars and analysts from different backgrounds and specializations discusses and analyzes the history and development of OPEC its global importance and the role it has played and still plays in the global energy market Part I focuses on the relationship between OPEC and its member states Part II examines the relationship between OPEC and its customers the consuming countries and their governments while Part III addresses the relationship between OPEC and its competitors and potential partners the non OPEC producers and the international oil companies The final section Part IV looks at OPEC and the governance of international energy Chapter 20 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license **International Investment Law and Arbitration** Todd Weiler, 2005 Presents a collection of essays

South China Sea Oil Roderick O'Brien, Aims to examine two problems arising from the presence of oil deposits in the South China Sea the first relating to national ownership and the second to the systems used in development of deposits The

oil crisis will spur development of oil resources in the region for local use and export despite the present decline in activities off Malaysia and Indonesia in 4 chapters The Geology and Physiography of the Region Problems of Ownership of Oil Deposits The Exercise of Sovereignty over the Continental Shelves and over Islands Oil Exploitation and Economic Nationalism and Conclusion With a Bibliography and a map of the South China Sea **The Evolution of Oil Concessions in the Middle East and North Africa** Henry Cattani, 1967 **Oil Economics and Policy** Alberto Clò, 2013-03-09 In 20th century society oil has played a fundamental role not only from the economic point of view but also from the point of view of the political relationships established between major Western countries and oil producing countries A survey into oil history its market dynamics and price evolution is essential for a deeper understanding of modern industry and world economy as world development depends on oil supplies prices and its political accessibility Oil Economics and Policy follows the historical development of the oil industry and inevitably also covers many aspects of energy resource economy In so doing it pays particular attention to one aspect namely the fixing of oil prices This is mainly in order to attempt to understand whether and by how much the structural transformations that the oil industry has undergone during the various phases of its existence and the various market structures deriving from them have influenced the dynamics of oil prices Alberto Clò is Professor of Industrial Economics at the University of Bologna Minister of Industry and Trade during Lamberto Dini's government January 1995 May 1996 he has been a member both of national and international scientific boards and of ministerial committees He is author of numerous writings on industrial and energy economies and editor in chief of the journal *Energia* **Studies in the History of the Law of Nations** Charles Henry Alexandrowicz, 1972-01-07 **Bibliography on the World's Subsea Mineral Resources and Related Geological and Geophysical Studies (1960-1972)** Frank F. H. Wang, Paula Quinterno, 1974 *Nationalization, Natural Resources and International Investment Law* Junji Nakagawa, 2017-07-06 Nationalization disputes in natural resources development are among the most disputed issues of international investment law This book offers a fresh insight into the nature of nationalization disputes in natural resources development and the rules of international investment law governing them by systematically analyzing 1 the content of investment contracts in natural resources development and 2 the results of nationalization disputes in natural resources development from the perspective of dynamic bargaining theory Based on the comprehensive and systematic empirical analyses the book sheds new light on contractual renegotiation and renewal as a hardly known but practically normal solution of nationalization disputes and presents a set of soft law rules governing contractual renegotiation and renewal **Oil Discovery and Technical Change in Southeast Asia** Robert Fabrikant, 1973 The field report looks at the economic developments and regional industrial growth with the discovery of oil It also discusses the different implications on regional political relations as a result of the quantity and geographical territories in which the oil was found More specifically the paper attempts a legal empirical analysis of production sharing contracts in the Indonesian petroleum industry *Economic Diplomacy* M. S.

Daoudi,2019-03-05 The 1983 collapse of world oil prices revived memories of a time only a decade earlier when the price of a barrel of oil did not exceed three dollars By the late 1970s spot market prices had reached peaks of forty dollars a barrel A major role in creating these new realities was played by the 1973 1974 Arab oil embargo which formed the psychological political and market conditions for the dramatic price surge This important study probes the embargo in detail thoroughly examining its history the motivations that caused it and its ripple effect on world politics and the international economic order The authors carefully examine the interruption of oil supplies to Western Europe during the 1956 Suez Canal crisis the growing momentum of Arab oil leverage beginning with the First Arab Petroleum Congress in 1959 the decline of the oil companies domination of the petroleum industry and the Arab political environment between the 1967 Arab defeat and the 1973 Arab oil embargo The book concludes with a chapter addressing the lessons to be learned from these recent embargoes

Oil Politics Francisco Parra, 2003-11-21 The environmental the economic and indeed the political impact of the catastrophic 2010 blowout of BP s well in the Gulf of Mexico has highlighted the central part played by oil in the modern world The fate of millions now depends on the ever shifting value of petroleum and on the fortunes of the corporations that deliver it The story of oil how it came to

play such a dominant role in the world economy who controls its extraction pricing and supply is essential to an understanding of contemporary world politics In this acclaimed book Francisco Parra draws on his long experience in the oil world including as the Secretary General of OPEC to tell it Oil Politics surveys the tumultuous history of the international petroleum industry from its extraordinary growth between 1950 and 1979 presided over by the seven major oil companies to the price revolution of the 1970s and 1980s to the re emergence of Russia as an important but uncertain supplier Parra charts the changing power dynamics amongst the major oil suppliers and examines their relationships with the major oil importing countries and how these concerns have impacted on foreign policy Oil politics in the twenty first century remain fraught with tensions and this book offers a uniquely accessible guide to understanding this complex but vitally important subject Francisco Parra s long service in the oil industry and his rare intellectual capabilities make him an authority on this subject His book is a must Dr F J Chalabi Executive Director Centre for Global Energy Studies Few in the industry can match the variety of Parra s experience This is a world class book and a must for all those interested in international oil policies and politics and a good read as well Nordine Ait Laoussine former Algerian Minister of Oil This is a splendid volume erudite lucid forthright full of insight and a rollicking good read to boot Frank Parra has written a tour de force a thinking man s Prize International Atomic Energy Agency Journal
