The Left Behind Deception:

The Left Behind Deception Steve Wohlberg, 2001-11 Biblical proof that there is NO secret rapture 7 Year Tribulation or second chance for salvation after Jesus Christ returns A credible alternative to the Left Behind series **New Age & the Last Days Deception** Billy Crone, 2019-03 Some would say New Age refers to those flower loving freewheeling people in the 60 s who wore tinfoil triangles on their head Others will remark it has to do with those who fear for the ecosystem Still some will give you a blank stare and say they have no idea what you re talking about Yet little do any of these people realize that the beliefs and teachings of the New Age Movement have not only permeated virtually every sector of our society but they are leading mankind towards the greatest time of deceit this planet has ever seen Therefore this book New Age the Last Days Deception seeks to give you the reader an in depth insight into the background and beliefs of the New Age Movement and how they are attempting to lead and deceive our planet Here you will discover such shocking facts as The Basics of New Age New Age in Society The Beliefs of New Age New Age Astrology The History of New Age New Age Mediumship Oprah Winfrey Her New Age Friends and New Age Divination **Writing the Rapture** Crawford Gribben, 2009-02-02 For the past twenty years evangelical prophecy novels have been a powerful presence on American bestseller lists Emerging from a growing conservative culture industry the genre dramatizes events that many believers expect to occur at the end of the age the rapture of the saved the rise of the Antichrist and the fearful tribulation faced by those who are left behind Seeking the forces that drove the unexpected success of the Left Behind novels Crawford Gribben traces the gradual development of the prophecy fiction genre from its eclectic roots among early twentieth century fundamentalists The first rapture novels came onto the scene at the high water mark of Protestant America From there the genre would both witness the defeat of conservative Protestantism and participate in its eventual reconstruction and return providing for the renaissance of the evangelical imagination that would culminate in the Left Behind novels Yet as Gribben shows the rapture genre while vividly expressing some prototypically American themes also serves to greatly complicate the idea of American modernity assaulting some of its most cherished tenets Gribben concludes with a look at post Left Behind rapture fiction noting some works that were written specifically to counter the claims of the best selling series Along the way he gives attention not just to literary fictions but to rapture films and apocalyptic themes in Christian music Writing the Rapture is an indispensable guide to this flourishing yet little understood body of literature **The Deception Files** Adrian Ferruelo, 2025-05-26 The Deception Files A Detective s Race Against Lies When Detective Laura Hayes is called to investigate the murder of a prominent businessman she quickly realizes that nothing is as it seems The case is a labyrinth of lies hidden motives and false alibis with each clue leading to more questions than answers As Laura digs deeper she uncovers a web of deception that threatens to unravel her own life The Deception Files is a heart pounding detective novel filled with twists that will keep you guessing until the very end Perfect for fans of Sherlock Holmes and The Girl with the Dragon Tattoo this story is a masterclass in suspense and

intrigue **When The Third Temple Is Built** Nicklas Arthur,2017-01-13 Most of the Evangelical and Christian world today believes that the Coming of Christ is imminent and that they will be Raptured away before all of the calamity of the entire Book of Revelation ensues during the very last seven or three and a half years of this era a period of Great Tribulation unlike any other in the History of the World As the world around us shapes to confirm that we are indeed in the time of the very end many are beginning to look deeper into the Bible and more specifically the prophetic passages of Jesus the epistles and the Revelation This has caused many to lay down the Pre Tribulation Rapture Doctrine because of the shaky ground on which it is founded What I found out is that the error and deception goes much deeper than one would think upon entering this sojourn KEY TO THE APOCALYPSE H. Slavoj Zizek, 2020-05-05 Psychoanalysis is less merciful than Christianity Where God the Father forgives our ignorance
psychoanalysis holds out no such hope Ignorance is not a sufficient ground for forgiveness since it masks enjoyment an
enjoyment which erupts in those black holes in our symbolic universe that escape the Father's prohibition Today with the
disintegration of state socialism we are witnessing this eruption of enjoyment in the re emergence of aggressive nationalism
and racism With the lid of repression lifted the desires that have emerged are far from democratic To explain this apparent
paradox says Slavoj Zizek socialist critical thought must turn to psychoanalysis *For They Know Not What They Do* seeks to
understand the status of enjoyment within ideological discourse from Hegel through Lacan to these political and ideological
deadlocks The author's own enjoyment of popular culture makes this an engaging and lucid exposition in which Hegel joins
hands with Rossellini Marx with Hitchcock Lacan with Frankenstein high theory with Hollywood melodrama **Taken**

Irony and Idealism Fred Rush,2016-09-22 Irony and Idealism investigates the historical and conceptual structure of the development of a philosophically distinctive conception of irony in early to mid nineteenth century European philosophy The principal figures treated are the romantic thinkers Friedrich Schlegel and Novalis Hegel and Kierkegaard Fred Rush argues that the development of philosophical irony in this historical period is best understood as providing a way forward in philosophy in the wake of Kant and Jacobi that is discrete from and many times opposed to German idealism Irony and Idealism argues against the grain of received opinion that among the German romantics Schlegel s conception of irony is superior to similar ideas found in Novalis It also presents a sustained argument showing that historical reconsideration of Schlegel has been hampered by contestable Hegelian assumptions concerning the conceptual viability of romantic irony and by the misinterpretation of what the romantics mean by the absolute Rush argues that this is primarily a social ontological term and not as is often supposed a metaphysical concept Kierkegaard although critical of the romantic conception deploys his own adaptation of it in his criticism of Hegel continuing and in a way completing the arc of irony through nineteenth century philosophy The book concludes by offering suggestions meant to guide contemporary reconsideration of Schlegel s and Kierkegaard s views on the philosophical significance of irony
