The Legacy Of Maimonides:

The Legacy of Maimonides Ben Zion Bokser, 1950

The Legacy of Maimonides Yamin Levy, Shalom Carmy, 2006

Rabbi Moses Maimonides 1135-1204 known as Rambam is widely known as a profound philosopher and authoritative legal scholar. However, Rambam's contributions are not merely remnants of medieval scholarship but a vibrant legacy that gives compelling guidance in modern man's spiritual search. In this book, leading scholars present surveys of Rambam's thinking and his impact on Judaism and apply Rambam's approach to various issues of critical contemporary importance. The opening essay in the book is by the late Professor Isadore Twersky, dean of intellectual historians working on Rambam and himself a role model for the combination of Torah and academic scholarship. His subject is the growth of Rambam's reputation and his impact on later Torah scholarship. Rabbi Norman Lamm, for so many years a productive scholar and leader of American Orthodoxy, discusses a question central to religious life: the love of God, drawing on Rambam's halakhic works and the Guide. Professor Arthur Hyman, who occupies a prominent place among contemporary interpreters of Maimonides' philosophy, surveys with his customary concision and clarity the broad options in the academic scholarship of the 20th century. Contributions by Shalom Carmy and David Berger focus on critical questions regarding the ongoing implications of certain Maimonidean doctrines. Rabbi Carmy's article offers a defense of Rambam's robust approach to dogma. Dr. Berger explores present-day utilizations of Rambam's naturalistic teachings about the messianic age. The late educator and scholar Rabbi Norman Frimer depicts Rambam's influence as a role model for intellectual searchers. His son, the legal scholar Dov Frimer, turns to the details of Rambam's jurisprudence and produces some unexpected conclusions regarding the halakhic status of non-Jews. Roslyn Weiss devotes her paper to a detailed examination of one text in the introduction to the Guide, communicating the exhilaration of such microscopic study and its more systematic pertinence. Yamin Levy's essay looks at the general relationship between Rambam's championing of rational thought and the kind of community it fosters. Hayyim Angel surveys many of Rambam's discussions pertinent to Biblical exegesis and their abiding importance for our own study of Tanakh. Elimelech Polinsky deals with a specific area: honor and respect for parents. His essay too exemplifies the integrated study of Rambam's Halakhah and his philosophy. The essays by Moshe Sokolow and Gerald Blidstein expand the scope of the book. Sokolow demonstrates the significant issues tackled by Rambam in his epistles. Blidstein, much admired for his three analytic and historical monographs on specific topics in Maimonides' jurisprudence, discusses the idea of Oral Law in Rambam. David Shatz aptly closes the volume with an analysis of the last chapters in the Guide, casting new light on Rambam's view of human nature, the role of the mitzvot, and the goal of human existence, while demonstrating yet again the necessity of painstaking microscopic analysis of the text and its literary organization.

Searching for a Distant God Kenneth Seeskin, 2000-01-13. Monotheism is usually considered Judaism's greatest contribution to world culture, but it is far from clear what monotheism is. This work examines the notion that monotheism is not so much a claim about the number of God as a

claim about the nature of God Seeskin argues that the idea of a God who is separate from his creation and unique is not just an abstraction but a suitable basis for worship He examines this conclusion in the contexts of prayer creation sabbath observance repentance religious freedom and love of God Maimonides plays a central role in the argument both because of his importance to Jewish self understanding and because he deals with the question of how philosophic ideas are embodied in religious ritual

The Medical Legacy of Moses Maimonides Fred Rosner,1998

Maimonides's Yahweh Amy Karen Downey,2019-03-20 The life of Moshe ben Maimon Maimonides remains a mystery to many within evangelical Christianity However he is lauded as a second Moses by many within modern Judaism Does he deserve that title Maimonides's via negativa created a rationale for rejecting the messiahship claims of Jesus in Rabbinic Judaism Therefore this book seeks to illustrate that Maimonides in his desire to create an anti Christian apologetic regarding the incarnation fashioned a Judaism that does not reflect the truths of the Tanakh Old Testament and developed a Judaism that was untenable for the Jewish people of the twenty first century Many Jewish people today are turning in a thousand and one different directions for spiritual answers but not in the only way that will offer the way to God Jesus of Nazareth John 14 6 This work examines the history of Maimonides his teachings and an apologetic approach to bring the gospel back to the Jewish people Rom 1 16

The Legacy of Leo Strauss Tony Burns,James Connelly,2016-12-22 Leo Strauss was a political philosopher who died in 1973 but came to prominent attention in the United States and also Britain around the beginning of the War in Iraq Charges began emerging that architects of the war such as Paul Wolfowitz and large numbers of staff in the US State and Defense Departments had studied with or been influenced by the academic work of Strauss and his followers A vague but powerful idea was generated in the popular press that a group known as the Straussians had been instrumental in the long range strategic planning of American foreign policy both to advance American interests and to encourage democratic revolutions outside the West This volume of essays opens up the topic of Leo Strauss and the Straussians to those outside the relatively narrow circles who have been concerned with him and his followers up to now

The Legacy of Ivanhoe Cross Publications,2007-04-01

The Legacy of Israel Edwyn Robert Bevan,1927 The Legacy of Israel deals with the

contribution that has come to the sum of human thought from Judaism and from the Jewish view of the world It is not in any sense either a history of the Jewish people or an exposition of Judaism and it is concerned with these topics only in so far as discussion of them may be necessary for the clear setting forth of the proper theme of the volume It is a companion to the Legacy of Greece and The Legacy of Rome Excerpted from Preface page v by E R B C S

The Legacy of Liberal Judaism Ned Curthoys,2013-10-01 Comparing the liberal Jewish ethics of the German Jewish philosophers Ernst Cassirer and Hannah Arendt this book argues that both espoused a diasporic worldly conception of Jewish identity that was anchored in a pluralist and politically engaged interpretation of Jewish history and an abiding interest in the complex lived reality of modern Jews Arendt's indebtedness to liberal Jewish thinkers such as Moses Mendelssohn Abraham Geiger Hermann Cohen and Ernst

Cassirer has been obscured by her modernist posture and caustic critique of the assimilationism of her German Jewish forebears By reorienting our conception of Arendt as a profoundly secular thinker anchored in twentieth century political debates we are led to rethink the philosophical political and ethical legacy of liberal Jewish discourse *The Cambridge Companion to Maimonides* Kenneth Seeskin, 2005-09-26 Discusses the problems Maimonides encountered showing the depth and breadth of his philosophical thought *An Analysis of Moses Maimonides's Guide for the Perplexed* Mark Scarlata, 2021-12-24 Written by the great medieval Jewish philosopher Maimonides The Guide of the Perplexed attempts to explain the perplexities of biblical language and apparent inconsistencies in the text in the light of philosophy and scientific reason Composed as a letter to a student The Guide aims to harmonize Aristotelian principles with the Hebrew Bible and argues that God must be understood as both unified and incorporeal Engaging both contemporary and ancient scholars Maimonides fluidly moves from cosmology to the problem of evil to the end goal of human happiness His intellectual breadth and openness makes The Guide a lasting model of creative synthesis in biblical studies and philosophical theology *The Legacy of German Jewry* Hermann Levin Goldschmidt, 2007 This volume is a comprehensive rethinking of the German Jewish experience Goldschmidt challenges the elegiac view of Gershom Scholem showing us the German Jewish legacy in literature philosophy and critical thought in a new light **Same God, Other god** Alon Goshen-Gottstein, 2017-08-30 Jews often consider Hinduism to be Avoda Zara idolatry due to its worship of images and multiple gods Closer study of Hinduism and of recent Jewish attitudes to it suggests the problem is far more complex In the process of considering Hinduism's status as Avoda Zara this book revisits the fundamental definitions of Avoda Zara and asks how we use the category By appealing to the history of Judaism's view of Christianity author Alon Goshen Gottstein seeks to define what Avoda Zara is and how one might recognize the same God in different religions despite legal definitions Through a series of leading questions the discussion moves from a blanket view of Hinduism as idolatry to a recognition that all religions have aspects that are idolatrous and non idolatrous Goshen Gottstein explains how the category of idolatry itself must be viewed with more nuance Introducing this nuance he asserts leads one away from a globalized view of an entire tradition in these terms **The Oxford Handbook of Spinoza** Michael Della Rocca, 2018 Until recently Spinoza's standing in Anglophone studies of philosophy has been relatively low and has only seemed to confirm Friedrich Heinrich Jacobi's assessment of him as a dead dog However an exuberant outburst of excellent scholarship on Spinoza has of late come to dominate work on early modern philosophy This resurgence is due in no small part to the recent revival of metaphysics in contemporary philosophy and to the increased appreciation of Spinoza's role as an unorthodox pivotal figure indeed perhaps the pivotal figure in the development of Enlightenment thinking Spinoza's penetrating articulation of his extreme rationalism makes him a demanding philosopher who offers deep and prescient challenges to all subsequent inevitably less radical approaches to philosophy While the twenty six essays in this volume by many of the world's leading Spinoza specialists grapple directly with Spinoza's most important

arguments these essays also seek to identify and explain Spinoza's debts to previous philosophy his influence on later philosophers and his significance for contemporary philosophy and for us

The Quest for God and the Good Diana Lobel, 2011 Lobel crosses Eastern and Western philosophical and religious traditions to discover a beauty and purpose at the heart of reality that makes life worth living This title does not treat philosophy as an abstract theoretical discipline but as living experience

The Concept of Tolerance in Judaism, Christianity and Islam Catharina Rachik, Georges Tamer, 2025-10-06 Tolerance as a universal value of modernity is not usually associated in popular consciousness with religion which is often regarded as inherently intolerant This volume addresses the hermeneutics of tolerance as it pertains to Judaism Christianity and Islam Each author offers a distinctive theological interpretation of traditional sources elucidating the potential and limitations of tolerance in the monotheistic thought Additionally the book presents examinations of the promotion of tolerance in diverse historical and cultural contexts illustrating both similarities and differences between the three religions The evidence presented in this volume demonstrates that tolerance occupies an important place in Judaism Christianity and Islam

The Cambridge Companion to Medieval Jewish Philosophy Daniel H. Frank, Oliver Leaman, 2003-09-11 From the ninth to the fifteenth centuries Jewish thinkers living in Islamic and Christian lands philosophized about Judaism Influenced first by Islamic theological speculation and the great philosophers of classical antiquity and then in the late medieval period by Christian Scholasticism Jewish philosophers and scientists reflected on the nature of language about God the scope and limits of human understanding the eternity or createdness of the world prophecy and divine providence the possibility of human freedom and the relationship between divine and human law Though many viewed philosophy as a dangerous threat others incorporated it into their understanding of what it is to be a Jew This Companion presents all the major Jewish thinkers of the period the philosophical and non philosophical contexts of their thought and the interactions between Jewish and non Jewish philosophers It is a comprehensive introduction to a vital period of Jewish intellectual history

Accounting for the Commandments in Medieval Judaism Jeremy P. Brown, Marc Herman, 2022-01-17 Accounting for the Commandments in Medieval Judaism explores the discursive formation of the commandments as a generative matrix of Jewish thought and life in the posttalmudic period Each study sheds light on how medieval Jews crafted the commandments out of theretofore underdetermined material By systematizing representing or interrogating the amorphous category of commandment medieval Jewish authors across both the Islamic and Christian spheres of influence sought to explain justify and characterize Israel's legal system divine revelation the cosmos and even the divine order This volume correlates bodies of knowledge such as jurisprudence philosophy ethics pietism and kabbalah that are normally treated in isolation into a single conversation about a shared constitutional concern

Abraham Joshua Heschel and the Sources of Wonder Michael Marmur, 2016-01-01 Abraham Joshua Heschel and the Sources of Wonder is the first book to demonstrate how Heschel's political intellectual and spiritual commitments were embedded in his reading of

Jewish tradition We Are Not Alone Menachem Kellner, 2021-08-10 Maimonides Guide of the Perplexed addressed Jews of his day who felt challenged by apparent contradictions between Torah and science We Are Not Alone A Maimonidean Theology of the Other uses Maimonides writings to address Jews of today who are perplexed by apparent contradictions between the morality of the Torah and their conviction that all human beings are created in the image of God and are the object of divine concern that other religions have value that genocide is never justified and that slavery is evil Individuals who choose to emphasize the moral and universalist elements of Jewish tradition can often find support in positions explicitly held by Maimonides or implied by his teachings We Are Not Alone offers an ethical and universalist vision of traditionalist Judaism

The Legacy Of Maimonides Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever.
