The Moral Imagination and the Legal Life Zenon Bankowski, Maksymilian Del Mar, 2016-03-03 What role can resources that go beyond text play in the development of moral education in law schools and law firms How can these resources especially those from the visual and performing arts nourish the imagination needed to confront the ethical complexities of particular situations This book asks and answers these questions thereby introducing radically new resources for law schools and law firms committed to fighting against the moral complacency that can all too often creep into the life of the law The chapters in this volume build on the companion volume The Arts and the Legal Academy also published by Ashgate which focuses on the role of non textual resources in legal education generally Concentrating in particular on the moral dimension of legal education the contributors to this volume include a wide range of theorists and leading legal educators from the UK and the US

Assessing the Quality of Educational Research in

Higher Education ,2019-02-11 Tina Besley has edited this collection which examines and critiques the ways that different countries particularly Commonwealth and European states assess the quality of educational research in publicly funded higher education institutions Such assessment often ranks universities departments and even individual academics and plays an important role in determining the allocation of funding to support university research Yet research is only one aspect of academic performance alongside teaching and service or administration components The book focuses on the theoretical and practical issues that accompany the development of national and international systems of research assessment particularly in the field of education In our interconnected globalised world some of the ideas of assessment that have evolved in one country have almost inevitably travelled elsewhere especially the UK model Consequently the book comprises an introduction eighteen chapters that discuss the situation in ten countries followed by a postscript It gathers together an outstanding group of twenty five prominent international scholars with expertise in the field of educational research and includes many with hands on experience in the peer review process The book is designed to appeal to a wide group of people involved as knowledge workers and knowledge managers academics students and policy makers in higher education and interested in assessment and accountability mechanisms and processes

Legal pedagogy, practice and curriculum transformation: What does the future hold and look like? Charles Maimela ,2025-07-18 In an era marked by rapid technological innovation and complex socio political shifts legal education stands at a critical crossroads This timely publication explores the imperative for a curriculum that is both responsive and resilient capable of adapting to the evolving needs of students institutions and society at large Blending theoretical analysis with practical insight the book offers forwardthinking strategies to navigate the multifaceted challenges of curriculum transformation Drawing on the lived experiences and reflections of law educators across diverse institutions it provides a unique lens into how curriculum innovation can enhance teaching learning and research in the legal academy More than a commentary this book is a call to action a vital resource for educators academic leaders and policymakers committed to ensuring the continued relevance excellence and social responsiveness of legal education in the 21st century

Law and Leadership Paula Monopoli,Susan McCarty,2016-04-15 Leadership includes the ability to persuade others to embrace one s ideas and to act upon them Teaching law students the art of persuasion through advocacy is at the heart of legal education But historically law schools have not included leadership studies in the curriculum This book is one of the first to examine whether and how to integrate the theory and practice of leadership studies into legal education and the legal profession Interdisciplinary in its scope with contributions from legal educators and practitioners the book defines leadership in the context of the legal profession and explores its challenges in legal academia private practice and government It also investigates whether law students need to study leadership and if they should why it should be offered as part of the curriculum Finally it considers how leadership should be taught and how it should be integrated into classes It evaluates new leadership courses and the adaptation of

existing courses to reflect on how to effectively blend law and leadership in doctrinal clinical and experiential classrooms The book includes a foreword by Pulitzer Prize winning historian and noted leadership scholar James MacGregor Burns and a foundational essay by prominent leadership scholar and one of the founders of the International Leadership Association Georgia Sorenson It will be a valuable resource to anyone interested in leadership education policy and legal ethics **The Teaching Profession** A. Reis Monteiro,2014-11-03 This volume contributes to debates about the teaching profession by reviewing international and national reports on its status as well as on reforms of various education systems It proposes a global approach to the quality of the teaching profession as a decisive ingredient of education quality including a conception of its identity and a vision of its future Moreover it is suggested that professional self regulation may be the best way to achieve higher professional and social status for teachers since it allows educators collectively to assume the culture of the values that comprise the uniqueness and fullness of the teaching profession **Resources in Education** ,1999-10 **The Ethical Teacher** Campbell, Elizabeth,2003-09-01 This text combines teachers beliefs and practices with a discussion of the connections between the moral dimensions of schooling and professional ethics applied in teaching It presents the concept of ethical knowledge as it is revealed as it is challenged and as it may be used in schools
