The Letters And Papers Of Chaim Weizmann Series B Papers 1931 1952 Series B:

The Letters and Papers of Chaim Weizmann Chaim Weizmann, 1983-01-01 These two volumes of the papers of Chaim Weizmann the first president of Israel are essential for a complete understanding of Weizmann's thinking as a Jew as a scientist and as a political leader They present statements deeply thought out often polished before delivery and intended for insertion into an historical record This selection which spans his life from 1898 1952 includes speeches many of them to closed audiences and not previously published private interviews evidence before investigating committees minutes of meetings memoirs and newspaper articles It is evident from these papers that Weizmann had a larger vision of an audience before him whether it be a group of listeners a mass of readers a government department or an influential interlocutor The earliest documents represent Weizmann's ideas alone later ones reflect the views of like minded Zionists and express the collective striving of his nation These papers together with the previously published twenty three volumes of the letters of Chaim Weizmann constitute a matchless commentary on over sixty years of dedication to building a nation state on moral foundations *Identity, Ideology and the Future of Jerusalem* D. Hulme, 2016-09-23 Using recalled personal history to examine the crucial place that Jerusalem has occupied in the identity and ideology core of fourteen key Palestinian and Jewish Israeli leaders in the Arab Zionist impasse this fascinating study explores the roles of identity and ideology in preventing or promoting a resolution between Israel and the Palestinians **Early Arab-Zionist Negotiation Attempts, 1913-1931** Neil Caplan, 2013-09-05 Part of series that aims to provide a careful and balanced behind the scenes account of the intricate diplomatic activity of the period between the first and second Arab Israeli wars It exploits a range of available archive sources as well as extensive secondary sources *The Israel-Palestine Conflict* Neil Caplan, 2019-09-11 One of the 10 Must Read Histories of the Palestine Israel Conflict Ian Black Literary Hub on the 100th anniversary of the Balfour Declaration The new edition of the acclaimed text that explores the issues continuing to define the Israeli Palestinian conflict Numerous instances of competing sometimes incompatible narratives of controversial events are found throughout history Perhaps the starkest example of such contradictory representations is the decades long conflict between Israel and Palestine For over 140 years Israelis Palestinians and scores of peacemakers have failed to establish a sustainable mutually acceptable solution The Israel Palestine Conflict introduces the historical basis of the dispute and explores both the tangible issues and intangible factors that have blocked a peaceful resolution Author Neil Caplan helps readers understand the complexities and contradictions of the conflict and why the histories of Palestine and Israel are so fiercely contested Now in its second edition this book has been thoroughly updated to reflect the events that have transpired since its original publication Fresh insights consider the impact of current global and regional instability and violence on the prospects of peace and reconciliation New discussions address recent debates over two state versus one state solutions growing polarization in public discourse outside of the Middle East the role of public intellectuals and the growing trend of merging scholarship with advocacy Part of the

Wiley Blackwell Contested Histories series this clear and accessible volume Offers a balanced non polemic approach to current academic discussions and political debates on the Israel Palestine conflict Highlights eleven core arguments viewed by the author as unwinnable Encourages readers to go beyond simply assigning blame in the conflict Explores the major historiographical debates arising from the dispute Includes updated references and additional maps Already a standard text for courses on the history and politics of the Middle East The Israel Palestine Conflict is an indispensable resource for students scholars and interested general readers

Futile Diplomacy, Volume 1 Neil Caplan, 2015-05-15 Most students of the history of Arab Jewish relations have come to take for granted the stubborn resistance of the continuing dispute to any form of lasting and reasonable solution This book first published in 1983 examines early Arab Zionist negotiating experience with the assumption that this has direct relevance to our understanding of the possible outcomes of diplomatic approaches to resolving the conflict Its main purpose is to assemble half of the book consists of original source documents and discuss some of the raw material which may help readers focus more clearly on the origins of the conflict and perhaps to eliminate some recurring fallacies about its development and the prospects for its resolution An examination of the period 1913 to 1931 reveals a wealth of previous negotiating experience which is today largely forgotten and indicates that there was little or no movement of any of the parties in the direction of modifying its basic minimum demands and aspirations

The Evian Conference of 1938 and the Jewish Refugee Crisis Paul R. Bartrop, 2017-09-17 This book provides the first dedicated study of the Evian Conference of July 1938 an international initiative called by U S President Franklin D Roosevelt While on the surface the conference appeared as an attempt to alleviate the distress faced by Jews being forced out of Germany and Austria in reality it only served to demonstrate that the nations of the world were not willing to accept Jews as refugees Since the Holocaust a generally held assumption has been that the Evian Conference represented a lost opportunity to save Germany's Jews and that the conference failed to rescue the Jews of Europe In this study Paul Bartrop argues that in fact it did not fail when measured against the original reasons for which it was called Exposing many of the myths surrounding the meeting this work addresses a glaring lacuna in the literature of the Holocaust and places the so called failure of the Evian Conference into its proper context

Futile Diplomacy - A History of Arab-Israeli Negotiations, 1913-56 Neil Caplan, 2021-03-04 These four volumes provide a careful and balanced behind the scenes account of the intricate diplomatic activity of the period between 1913 and 1956 Exploiting a range of available archive sources as well as extensive secondary sources they provide an authoritative analysis of the positions and strategies which the principal parties and the would be mediators adopted in the elusive search for a stable peace The text of each volume comprises both analytical historical chapters and a selection of primary documents from archival sources providing an essential reference source for the student of the Arab Israeli conflict and its long history

And None Shall Make Them Afraid Rick Richman, 2023-03-07 This is the story of how Zionism supported by Americanism created a modern miracle told through the little known stories of eight

individuals who collectively changed history And None Shall Make Them Afraid presents eight historic figures four from Europe Theodor Herzl Chaim Weizmann Vladimir Jabotinsky and Abba Eban and four from America Louis D Brandeis Golda Meir Ben Hecht and Ron Dermer who reflect the intellectual and social revolutions that Zionism and Americanism brought to the world In some cases the stories have been forgotten in other cases misrepresented in still others not yet given their full due But they are central to the miraculous recovery of the Jewish people in the twentieth century Taken together they recount both a people's return to its place among the nations and the impact on history that a single individual can make More than a century ago after studying the early Zionist texts Brandeis concluded that Jews were the trustees of their history charged to carry forward what others in the past have borne so well The stories in this book recording the extraordinary efforts of extraordinary individuals that created the modern state of Israel and then sustained it reinforce Brandeis's observation for our own time The story of Zionism and its interaction with Americanism is a continuing one This book is not only about the past but the present and future as well

Arab-Zionist Perspectives on the Early Struggle for Justice in Palestine Labeeb Ahmed Bsoul, 2025-06-20 This book offers an in depth exploration of the early history of Palestine providing a rigorous analysis of pivotal events and underlying dynamics The study begins with examining the emergence of Zionist movements and their proposals the period of Ottoman governance in the Levant and the influence of Western imperialism concluding with the critical era surrounding the Second World War specifically from 1939 to 1948 The following four chapters adopt a chronological and analytical approach to address topics of lasting significance These chapters critically examine the development of ideological currents originating from early Zionist initiatives the progression of Jewish settlement projects in Palestine from 1891 to 1917 and their contemporary relevance Furthermore they investigate the international political responses to the Palestine issue during the First and Second World Wars with particular emphasis on the interactions between the Zionist movement and Western imperialism In the final section the book scrutinizes the foundational principles of the Zionist movement and the challenges encountered by the Arab population during the interwar period offering valuable insights into the complex socio political realities of the time

Raider, 2009-03-18 The life career and legacy of Nahum Goldmann 1895 1982 one of the most colorful and important Zionist leaders of the twentieth century are fully revealed in this illuminating collection of essays American Israeli and European scholars speak to the many sides of Goldmann including his upbringing rise in the international public arena as a premier advocate for Jewish life and the Zionist enterprise and his role as an elder statesman in the 1960s and 1970s Often ahead of his time Goldmann proved highly influential at several critical historical junctures on the eve of the creation of the Jewish state he played a key role articulating Israel's relationship with diaspora Jewry postwar Germany and the Arab world This volume captures Goldmann in all his complexity while making this important figure and his time accessible to researchers students and interested readers

The Ambiguity of Virtue Bernard Wasserstein, 2014-03-31 Working with the Nazi appointed Jewish Council in Amsterdam Gertrude van Tijn helped many Jews escape But she faced difficult moral choices Some called her a heroine others a collaborator Bernard Wasserstein's haunting narrative draws readers into this twilight world to expose the terrible dilemmas confronting Jews under Nazi occupation

Racing Against History Rick Richman, 2018-01-30 *Racing Against History* is the stunning story of three powerful personalities who sought in 1940 to turn the tide of history David Ben Gurion Vladimir Jabotinsky and Chaim Weizmann the leaders of the left right and center of Zionism undertook separate missions that year to America then frozen in isolationism to seek support for a Jewish army to fight Hitler Their efforts were at once heroic and tragic The book presents a portrait of three historic figures and the American Jewish community at the beginning of the most consequential decade in modern Jewish history and a cautionary tale about divisions within the Jewish community at a time of American isolationism Based on previously unpublished materials the book sheds new light on Zionism in America and the history of World War II and it aims to stimulate discussion about the evolving relationship between Israel and American Jews as the Jewish State approaches its 70th anniversary under the continuing threat of annihilation A book for general readers history buffs and academics alike it includes 75 pages of End Notes that enable readers to pursue the stunning story in further depth

The Farhud Edwin Black, 2010-11-16 The Nazis needed oil The Arabs wanted the Jews and British out of Iraq The Mufti of Jerusalem forged a far ranging alliance with Hitler resulting in the June 1941 Farhud a Nazi style pogrom in Baghdad that set the stage for the devastation and expulsion of the Iraqi Jews and ultimately almost a million Jews across the Arab world The Farhud was the beginning of what became a broad Nazi Arab alliance in the Holocaust

The Left and Israel J. Edmunds, 2000-01-13 This book looks at policy change in political parties through an examination of the British and French Left's policy towards Israel in the postwar period It illuminates not only how the left dealt with the dilemmas of the Israel Arab hostilities but also the process of policy development and party democracy

Zion and State Mitchell Cohen, 1992-09-05 *Zion and State* explores the origins of the struggle between the left and right in Israel and the Zionist movement Mitchell Cohen traces the emergence of Jewish nationalism and modern Jewish political ideologies in the late nineteenth century the birth of Zionist political parties at the time of Theodor Herzl and the genesis of Israeli politics through the first fifteen years of Jewish statehood Analyzing the political battles of the 1920s and 1930s Cohen shows how the Zionist Labor movement led by David Ben Gurion defeated the challenge of the right wing Revisionist Zionists led by Vladimir Jabotinsky demonstrating how the growing dominance of Labor made the birth of Israel possible At the same time the author argues that once in power the labor movement's long term policies were ultimately self defeating and helped to lay the groundwork for its own undoing in the 1970s This new and expanded edition of *Zion and State* includes a new preface and a new essay *Between Revolution and Normalcy*

To Repair a Broken World Dvora Hachohen, 2021-05-11

Dvora Hacoen offers the authoritative biography of Henrietta Szold the founder of Hadassah A global humanitarian Szold promoted refugee assistance immigrant education in her native Baltimore and poverty alleviation in Palestine inspiring generations of activists With a foreword by Supreme Court Justice Ruth Bader Ginsburg **Kasztner's Crime** Paul Bogdanor,2017-07-05 This book re examines one of the most intense controversies of the Holocaust the role of Rezs Kasztner in facilitating the murder of most of Nazi occupied Hungary s Jews in 1944 Because he was acting head of the Jewish rescue operation in Hungary some have hailed him as a saviour Others have charged that he collaborated with the Nazis in the deportations to Auschwitz What is indisputable is that Adolf Eichmann agreed to spare a special group of 1 684 Jews who included some of Kasztner s relatives and friends while nearly 500 000 Hungarian Jews were sent to their deaths Why were so many lives lost After World War II many Holocaust survivors condemned Kasztner for complicity in the deportation of Hungarian Jews It was alleged that as a condition of saving a small number of Jewish leaders and select others he deceived ordinary Jews into boarding the trains to Auschwitz The ultimate question is whether Kasztner was a Nazi collaborator as branded by Ben Hecht in his 1961 book *Perfidy* or a hero as Anna Porter argued in her 2009 book *Kasztner s Train* Opinion remains divided Paul Bogdanor makes an original compelling case that Kasztner helped the Nazis keep order in Hungary s ghettos before the Jews were sent to Auschwitz and sent Nazi disinformation to his Jewish contacts in the free world Drawing on unpublished documents and making extensive use of the transcripts of the Kasztner and Eichmann trials in Israel Kasztner s Crime is a chilling account of one man s descent into evil during the genocide of his own people Heroines of Vichy France Paul R. Bartrop,Samantha J. Lakin,2019-05-10 This book tells the largely unknown story behind the rescue activities of several remarkable young Jewish women in Vichy France during World War II and their role in the resistance against Nazi and Vichy France deportation policies Few studies of Vichy France and the Holocaust have looked at the rescue of Jews by those prepared to risk everything to escort them to safety in the border regions and even fewer have considered Jewish rescue of Jews specifically of Jewish children by women This work will be arguably the first book in which the experiences and efforts of a number of female rescuers all of whom knew or knew of each other have been brought together in a single volume with the object of honoring their memory and showing how the value of human life was sustained through the Holocaust Focusing on a number of young Jewish women who defied the Nazis this narrative highlights their courage and sacrifice in their efforts to rescue Jews in France during World War II Additionally it shows how these French women responded to Nazi and Vichy France policies of deportation through resistance activities This is a story that will captivate anyone with an interest in the innate goodness of human beings that can shine even when confronted with the darkest expressions of depravity that occurred during the Holocaust Transit Istanbul-Palästina Reiner Möckelmann,2023-03-10 Die bisher kaum bekannte Fluchtgeschichte europäischer Juden aus Südosteuropa Die Besetzung Frankreichs durch die Wehrmacht der Kriegseintritt Mussolinis im Sommer 1940 sowie die deutsch-italienische Besetzung Griechenlands 1941

verschluss den Juden die Flucht über fast alle Mittelmeer Häfen. Aus Südosteuropa blieb nur der schwierige Weg über Istanbul nach Palästina, um den Nationalsozialisten und dem Holocaust zu entkommen. Die formell neutrale Türkei war bestrebt, Nazideutschland nicht zu provozieren. Nur über ein vorwiegend klandestines informelles Netzwerk in Istanbul, in dem auch Angelo Roncalli, der spätere Papst Johannes XXIII, eine wichtige Rolle spielte, konnte die Flucht der südosteuropäischen Juden nach Palästina organisiert werden. Erstmals beleuchtet Die Türkei als Transitland für jüdische Flüchtlinge während des Zweiten Weltkriegs, welche Rolle spielte Angelo Roncalli, der spätere Papst Johannes XXIII, als vatikanischer Vertreter in Istanbul. Rückgriff auf bislang unbekannte Dokumente, Briefe und Tagebücher. Autor ist bester Kenner der Fluchtgeschichte in die Türkei. Von der Struma-Tragödie zur heutigen Erinnerungskultur in Deutschland. Die Türkei und Südosteuropa. Reiner Mückelmann war lange Jahre als Diplomat in Ankara und Istanbul tätig. Er stellt erstmals die Geschichte dieser Fluchtroute dar und beleuchtet das bisher unbekannte Zusammenspiel aus selbstlosen jüdischen Helfern, Diplomaten und Vertretern der Kirche. Ein ganz neues Kapitel in der Geschichtsschreibung zur Flucht europäischer Juden.
