The Ackerley Letters Joe Randolph Ackerley,1975 **The Letters of T. S. Eliot** T. S. Eliot,2016-08-23 The sixth volume of the personal correspondences of British literary giant T S Eliot The letters of T S Eliot collected in this sixth volume were written during the years the Nobel Prize winning poet playwright critic and essayist called the happiest I can ever remember in my life Penned in large part during his tour of Depression Era America these letters reflect Eliot s resolve to end his torturous eighteen year marriage to his wife Vivienne and offer fascinating descriptions of the author s encounters with F Scott Fitzgerald Edmund Wilson Marianne Moore and other notable figures Queer Domesticities M. Cook,2014-04-29 Sissy home boys or domestic outlaws Through a series of vivid case studies taken from across the late nineteenth and twentieth centuries Matt Cook explores the emergence of these trenchant stereotypes and looks at how they play out in the home and family lives of queer men *Colonialism and Homosexuality* Robert Aldrich,2008-01-28 Colonialism and Homosexuality is a thorough investigation of the connections of homosexuality and imperialism from the late 1800s the era of new imperialism until the era of decolonization Robert Aldrich reconstructs the context of a number of liaisons including those of famous men such as Cecil Rhodes E M Forster or Andr Gide and the historical situations which produced both the Europeans and their non Western lovers Colonial lands which in the late nineteenth and early twentieth century included most of Africa South and Southeast Asia and the islands of the Pacific and Indian Oceans and the Caribbean provided a haven for many Europeans whose sexual inclinations did not fit neatly into the constraints of European society Each of the case studies is a micro history of a particular colonial situation a sexual encounter and its wider implications for cultural and political life Students both of colonial history and of gender and queer studies will find this an informative read The Letter Killers Club Sigizmund Krzhizhanovsky,2011-12-06 The Letter Killers Club is a secret society of self described conceivers who to preserve the purity of their conceptions will commit nothing to paper What after all is your run of the mill scribbler of stories if not an accomplished corruptor of conceptions The logic of the club is strict and uncompromising Every Saturday members meet in a firelit room filled with empty black bookshelves where they strive to top one another by developing ever unlikelier ever more perfect conceptions a rehearsal of Hamlet hijacked by an actor who vanishes with the role the double life of a merry medieval cleric derailed by a costume change a machine run world that imprisons men s minds while conscripting their bodies a dead Roman scribe stranded this side of the River Acheron But in this book set in an ominous Soviet Moscow of the 1920s the members of the club are strangely mistrustful of one another while all are under the spell of its despotic President and there is no telling in the end just how lethal the purely conceptual or for that matter letters may be *The Girl from the Fiction Department* Hilary Spurling,2016-01-28 Absorbing and provocative a biography of George Orwell s controversial second wife from the Whitbread Prize winning author of Matisse the Master and Anthony

Powell Just three months before his death the author of Nineteen Eighty Four took a new wife Sonia Brownell was model for Julia in Orwell's most famous novel she was fifteen years younger than her husband and after his death she was hounded and pilloried as a manipulative gold digger who would stop at nothing to keep control of the literary legacy But the truth about Sonia was altogether different Beautiful intelligent and fiercely idealistic she lived at the heart of London's literary and artistic scene before her marriage to Orwell changed her life for ever Those who knew her Lucien Freud and Francis Bacon Jean Paul Sartre and Albert Camus witnessed her great personal generosity And yet burdened with the almost impossible task of protecting Orwell's intellectual estate Sonia's loyalty to her late husband brought her nothing but poverty and despair

The Letters of John McGahern John McGahern, 2021-08-31 I am no good at letters John McGahern 1963 John McGahern is consistently hailed as one of the finest Irish writers since James Joyce and Samuel Beckett This volume collects some of the witty profound and unfailingly brilliant letters that he exchanged with family friends and literary luminaries such as Seamus Heaney Colm Tóibín and Paul Muldoon over the course of a well travelled life It is one of the major contributions to the study of Irish and British literature of the past thirty years acting not just as a crucial insight into the life and works of a much revered writer but also a history of post war Irish literature and its close ties to British and American literary life One of the greatest writers of our era Hilary Mantel McGahern brings us that tonic gift of the best fiction the sense of truth the sense of transparency that permits us to see imaginary lives more clearly than we see our own John Updike **Book Review Index**

, 1985 Every 3rd issue is a quarterly cumulation The Lord Chandos Letter Hugo Von Hofmannsthal, 2005-01-31 Hugo von Hoffmannsthal made his mark as a poet as a playwright and as the librettist for Richard Strauss's greatest operas but he was no less accomplished as a writer of short strangely evocative prose works The atmospheric stories and sketches collected here fin de siècle fairy tales from the Vienna of Klimt and Freud a number of them never before translated into English propel the reader into a shadowy world of uncanny fates and secret desires An aristocrat from Paris in the plague years shares a single night of passion with an unknown woman a cavalry sergeant meets his double on the battlefield an orphaned man withdraws from the world with his four servants each of whom has a mysterious power over his destiny The most influential of all of Hofmannsthal's writings is the title story a fictional letter to the English philosopher Francis Bacon in which Lord Chandos explains why he is no longer able to write The Letter not only symbolized Hofmannsthal's own turn away from poetry it captured the psychological crisis of faith and language which was to define the twentieth century Developing

the Heart: E.M. Forster and India Nigel Collett, 2022-01-01 English novelist E M Forster wrote his last and best loved work A Passage to India both as a paean to his love for India and as a tribute to the relationships he formed with Indians Forster became entranced by the India of the Raj at a young age and his love affair with the sub continent its princes and peoples was to last all his life At his most socially transgressive it was with Indians that Forster chose to connect and with whom he put into effect his belief in man's duty to value friendship over state or ideology His time in India was undoubtedly when he

was at his most human and most vulnerable At once a contemporary reflection on India's rich history and a biographical retelling of Forster's travels through the country in the early 1900s *Developing the Heart* delves into the past to better understand the profound impact certain events and people had on his writing In doing so it allows readers to look on as Forster matures and softens over time in his behaviour with others as well as with himself Often using Forster's own words to evoke a vivid landscape this is the story of the most dramatic and exotic part of the life of one of England's greatest novelists *Location Register of Twentieth-century English Literary Manuscripts and Letters* British Library Staff, 1988

Enlightening: Letters 1946 - 1960 Isaiah Berlin, 2012-06-30 People are my landscape Isaiah Berlin liked to say and nowhere is the truth of this observation more evident than in his letters He is a fascinated watcher of human beings in all their variety and revels in describing them to his many correspondents His letters combine ironic social comedy and a passionate concern for individual freedom His interpretation of political events historical and contemporary and his views on how life should be lived are always grounded in the personal and his fiercest condemnation is reserved for purveyors of grand abstract theories that ignore what people are really like This second volume of Berlin's letters takes up the story when after war service in the United States he returns to life as an Oxford don Against the background of post war austerity the letters chart years of academic frustration and self doubt the intellectual explosion when he moves from philosophy to the history of ideas his growing national fame as broadcaster and lecturer the publication of some of his best known works his election to a professorship and his reaction to knighthood These are the years too of momentous developments in his private life the bachelor don's loss of sexual innocence the emotional turmoil of his father's death his courtship of a married woman and transformation into husband and stepfather Above all these revealing letters vividly display Berlin's effervescent personality often infuriating but always irresistible

The Animals: Love Letters Between Christopher Isherwood and Don Bachardy Christopher Isherwood, Don Bachardy, 2014-05-13 The love story between Christopher Isherwood and Don Bachardy in their own words Christopher Isherwood was the celebrated middle aged English author of *Goodbye to Berlin* when he met the Californian teenager Don Bachardy on a Santa Monica beach in 1952 Defying convention the two created an enduring relationship out of that initial spark living as an openly gay couple for more than three decades in the closeted world of Hollywood *The Animals* is the testimony in letters of their extraordinary partnership which lasted until Isherwood's death in 1986 despite a thirty year age gap affairs jealousies the pressures of literary fame and the disdain of twentieth century America for love between two men In romantic letters to each other they invented the private world of the Animals Chris was Dobbin a stubborn old workhorse Don was a rash spirited white kitten named Kitty The ability to create a world a safe and separate milieu was a great talent of Isherwood's and a necessary one as a gay man in mid twentieth century America But Isherwood knew how to spread hay around his stable and attract beauty He drew Bachardy into his semisecret realm and together they invented a place for their love to thrive Bold transgressive and playful *The Animals* shows us the

devotion between two creative spirits in tenderness and storms **The Journals and Diaries of E M Forster Vol 2** Philip Gardner,2024-08-01 A writer of fiction literary criticism travel narratives and libretti E M Forster is best known for his beautifully structured novels which held a mirror up to the English class system This fascinating collection of diaries travel journals and itineraries brings together all unpublished material Forster wrote which can be classed as memoir

Contemporary Queer Modernism Melanie Micir,2025-04-16 Contemporary Queer Modernism offers a fresh interdisciplinary approach to the study of the intersections of queer studies and modernist studies The theoretical expansiveness and mutual overlapping of these still growing fields is both introduced and complicated in the pages of this volume Presenting a wide range of critical perspectives the collection brings together original scholarship from both emerging and established scholars that when read together demonstrates the continued vitality of queer modernist studies The book is divided into five parts Temporality Form Embodiment Networks Affect and Atmosphere Contemporary Queer Modernism is a foundational collection that will be invaluable to scholars and students studying modernism and queer theory across a range of disciplines including gender and sexuality studies literary studies cultural studies and performance *The Short Narratives of E. M. Forster* Judith S Herz,1988-02-16 *Letters* Oliver Sacks,2024-11-05 The letters of one of the greatest observers of the human species revealing his passion for life and work friendship and art medicine and society and the richness of his relationships with friends family and fellow intellectuals over the decades collected here for the first time Here is the unedited Oliver Sacks struggling passionate a furiously intelligent misfit And also endless interesting He was a man like no other Atul Gawande author of *Being Mortal* Dr Oliver Sacks who describes himself in these pages as a philosophical physician and a neuropathological Talmudist wrote letters throughout his life to his parents and his beloved Auntie Len to friends and colleagues from London Oxford California and around the world The letters begin with his arrival in America as a young man eager to establish himself away from the confines of postwar England and carry us through his bumpy early career in medicine and the discovery of his writer s voice his weight lifting motorcycle riding years and his explosive seasons of discovery with the patients who populate his book *Awakenings* his growing interest in matters of sight and the musical brain his many friendships and exchanges with writers artists and scientists to say nothing of astronauts botanists and mathematicians and his deep gratitude for all these relationships at the end of his life Sensitively introduced and edited by Kate Edgar Sacks s longtime editor the letters deliver a portrait of Sacks as he wrestles with the workings of the brain and mind We see through his eyes the beginnings of modern neuroscience following the thought processes of one of the great intellectuals of our time whose words as evidenced in these pages were unfailingly shaped with generosity and wonder toward other people **Living in sin** Ginger Frost,2013-07-19 *Living in sin* is the first book length study of cohabitation in nineteenth century England based on research into the lives of hundreds of couples Common law marriages did not have any legal basis so the Victorian courts had to wrestle with unions that resembled marriage in every way yet did

not meet its most basic requirements The majority of those who lived in irregular unions did so because they could not marry legally Others chose not to marry from indifference from class differences or because they dissented from marriage for philosophical reasons This book looks at each motivation in turn highlighting class gender and generational differences as well as the reactions of wider kin and community Frost shows how these couples slowly widened the definition of legal marriage preparing the way for the more substantial changes of the twentieth century making this a valuable resource for all those interested in Gender and Social History
