*'A Happy Holiday'* Cecilia Louise Morgan, 2008-01-01 One of the most revealing things about national character is the way that citizens react to and report on their travels abroad Oftentimes a tourist's experience with a foreign place says as much about their country of origin as it does about their destination A Happy Holiday examines the travels of English speaking Canadian men and women to Britain and Europe during the late nineteenth and early twentieth centuries It describes the experiences of tourists detailing where they went and their reactions to tourist sites and draws attention to the centrality of culture and the sensory dimensions of overseas tourism Among the specific topics explored are travellers class relationships with people in the tourism industry impressions of historic landscapes in Britain and Europe descriptions of imperial spectacles and cultural sights the use of public spaces and encounters with fellow tourists and how such encounters either solidified or unsettled national subjectivities Cecilia Morgan draws our attention to the important ambiguities between empire and nation and how this relationship was dealt with by tourists in foreign lands

Based on personal letters diaries newspapers and periodicals from across Canada A Happy Holiday argues that overseas tourism offered people the chance to explore questions of identity during this period a time in which issues such as gender nation and empire were the subject of much public debate and discussion     The Letters of "Norah" On Her Tour Through Ireland; Being a Series of Letters to the Montreal "Witness" As Special Correspondent to Ireland Margaret Dixon McDougal,2025-08-17 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage     **Everyday Life 19th Century Ireland** Ian Maxwell,2011-11-30 To Victorian visitors Ireland was a world of extremes Luxurious country houses to one room mud cabins in 1841 40% of Irish housing was the latter This thorough and engaging social history of Ireland offers new insights into the ways in which ordinary people lived during this dramatic moment in Ireland s history from 1800 1914 It covers wide range of aspects of everyday lives from work on the many wealthy country estates to grinding poverty in the towns It covers the transformative effects of the railway development and Ireland s first tourist boom Workhouse life and the new Poor Law system which incarcerated entire families behind forbidding walls Religious divisions educational boycotts customs and superstitions     **Glenveagh Mystery** Lucy Costigan,2012-11-08 Arthur Kingsley Porter 1883 1933 renowned American Harvard professor and owner of Glenveagh Castle vanished without trace from Inishbofin Island Co Donegal in 1933 No trace of the professor was ever found Over the decades stories of Porter s disappearance turned into legend A strong swimmer and always fond of the outdoors was it likely that Porter had been drowned by misadventure or was foul play involved Perhaps Porter took off alone to pursue new adventures By the late 1920s Porter and his wife Lucy possessed every asset that most mortals can only dream of But was there a dark secret that led the enigmatic professor to jump from the rocks on that fateful morning The truth about the secret inner world of Arthur Kingsley Porter has only recently been revealed In a historical thriller set in Ireland America and Europe in the 1920s and 30s Lucy Costigan conjures up the world of Irish cultural and rural life examines Porter s friendship with the literary figure AE and Irish society luminaries and celebrates the raw beauty of Glenveagh and Donegal     *Letters of Norah on Her Tour Through Ireland* Margaret Dixon McDougal,2005
