The Letters Of The First Viscount Hardinge Of Lahore 1844 1847 Camden Fourth Ser No 3:

Empress Miles Taylor, 2018-10-02 An entirely original account of Victoria's relationship with the Raj which shows how India was central to the Victorian monarchy from as early as 1837. In this engaging and controversial book Miles Taylor shows how both Victoria and Albert were spellbound by India and argues that the Queen was humanely intelligently and passionately involved with the country throughout her reign and not just in the last decades. Taylor also reveals the way in which Victoria's influence as empress contributed significantly to India's modernization both political and economic. This is in a number of respects a fresh account of imperial rule in India suggesting that it was one of Victoria's successes.
