DEWEY W. GRANTHAM

The Life And Death Of The Solid South A Political History

John Kyle Day

The Life And Death Of The Solid South A Political History:

The Life and Death of the Solid South Dewey W. Grantham, 2021-10-21 Southern style politics was one of those peculiar institutions that differentiated the South from other American regions This system long referred to as the Solid South embodied a distinctive regional culture and was perpetuated through an undemocratic distribution of power and a structure based on disfranchisement malapportioned legislatures and one party politics It was the mechanism that determined who would govern in the states and localities and in national politics it was the means through which the South s politicians defended their region s special interests and political autonomy The history of this remarkable institution can be traced in the gradual rise long persistence and ultimate decline of the Democratic Party dominance in the land below the Potomac and the Ohio This is the story that Dewey W Grantham tells in his fresh and authoritative account of the South s modern political experience The distillation of many years of research and reflection is both a synthesis of the extensive literature on politics in the recent South and a challenging reinterpretation of the region s political history

Southern Democrats Nicol C. Rae Associate Professor of Political Science Florida International University, 1994-03-29 From the election of Jimmy Carter to the wide defection of Democrats in the South to the Republican ticket in the Reagan Bush years Southern Democrats have played a crucial role in recent American national politics With the 1992 election of President Clinton they once again occupy a place at the center of the American political stage A timely examination of this important phenomenon in American politics Southern Democrats traces the history of this influential regional faction and gauges the extent and nature of Southern Democratic influence in congressional and presidential politics today Nicol Rae argues that the Southern Democrats remain a distinctive faction despite the passage of the 1965 Voting Rights Act which initiated the end of the social and economic system that had previously bound them together The only surviving political faction based on regional rather than ideological concerns they have nevertheless evolved from being a deviant element within the party to coming closer to the national Democratic norm which is most apparent in civil rights issues Drawing on interviews with many southern politicians and memoirs and accounts of past campaigns Rae deals with the success of Southern Democrat and Democratic Leadership Council leader Bill Clinton in winning the 1992 Democratic presidential nomination and reveals the changing role of Southern Democrats in internal party politics and national elections He concludes with an overall assessment of the present and future state of this important southern wing of the Democratic party

The ^ACongress of the United States Donald A. Ritchie, 2006-10-12 This completely revised and updated third edition to the Young Oxford Companion to the Congress of the United States 1994 and The Congress of the United States A Student Companion second edition 2001 contains more than 200 articles arranged alphabetically that provide a concise and easy to use guide to the people issues vocabulary and activities of the U S Senate and House of Representatives

The Origins of the Southern Strategy Bruce H. Kalk, 2001-01-01 The Origins of the Southern Strategy is a detailed study of the rise of two party competition in South

Carolina during the mid twentieth century In 1950 when the study begins there was for all practical purposes no functioning Republican party in that state nor was there much of one anywhere in the deep South During the two decades covered by this study the interplay between two clear factions economic and racial conservatives shaped the growth of the party Bruce H Kalk amply demonstrates the implications of these developments for the rightward shift in national politics and charts their effect on the resurgence of assertive economic conservatism as a new southern base became the core of the Republican party s presidential strategies after 1968 **The Future South** Joe P. Dunn,Howard Lawrence Preston,1991 **The Southern**

Manifesto John Kyle Day,2014-07-09 On March 13 1956 ninety nine members of the United States Congress promulgated the Declaration of Constitutional Principles popularly known as the Southern Manifesto Reprinted here the Southern Manifesto formally stated opposition to the landmark United State Supreme Court decision Brown v Board of Education and the emergent civil rights movement This statement allowed the white South to prevent Brown s immediate full scale implementation and for nearly two decades set the slothful timetable and glacial pace of public school desegregation The Southern Manifesto also provided the Southern Congressional Delegation with the means to stymie federal voting rights legislation so that the dismantling of Jim Crow could be managed largely on white southern terms In the wake of the Brown decision that declared public school segregation unconstitutional seminal events in the early stages of the civil rights movement like the Emmett Till lynching the Montgomery bus boycott and the Autherine Lucy riots at the University of Alabama brought the struggle for black freedom to national attention Orchestrated by United States Senator Richard Brevard Russell Jr of Georgia the Southern Congressional Delegation in general and the United States Senate s Southern Caucus in particular fought vigorously and successfully to counter the initial successes of civil rights workers and maintain Jim Crow The South s defense of white supremacy culminated with this most notorious statement of opposition to desegregation The Southern Manifesto Massive Resistance and the Fight to Preserve Segregation narrates this single worst episode of racial demagoguery in modern American political history and considers the statement s impact upon both the struggle for black freedom and the larger racial dynamics of postwar America **Billy Graham and the Rise of the**

Republican South Steven P. Miller,2011-08-23 While spreading the gospel around the world through his signature crusades internationally renowned evangelist Billy Graham maintained a visible and controversial presence in his native South a region that underwent substantial political and economic change in the latter half of the twentieth century In this period Graham was alternately a desegregating crusader in Alabama Sunbelt booster in Atlanta regional apologist in the national press and southern strategist in the Nixon administration Billy Graham and the Rise of the Republican South considers the critical but underappreciated role of the noted evangelist in the creation of the modern American South The region experienced two significant related shifts away from its status as what observers and critics called the Solid South the end of legalized Jim Crow and the end of Democratic Party dominance Author Steven P Miller treats Graham as a serious actor and

a powerful symbol in this transition an evangelist first and foremost but also a profoundly political figure In his roles as the nation s most visible evangelist adviser to political leaders and a regional spokesperson Graham influenced many of the developments that drove celebrants and detractors alike to place the South at the vanguard of political religious and cultural trends He forged a path on which white southern moderates could retreat from Jim Crow while his evangelical critique of white supremacy portended the emergence of color blind rhetoric within mainstream conservatism Through his involvement in the Eisenhower and Nixon administrations as well as his deep social ties in the South the evangelist influenced the decades long process of political realignment Graham s public life sheds new light on recent southern history in all of its ambiguities and his social and political ethics complicate conventional understandings of evangelical Christianity in postwar America Miller s book seeks to reintroduce a familiar figure to the narrative of southern history and in the process examine the political and social transitions constitutive of the modern South

The ^AOxford Guide to the United States

Government John J. Patrick, Richard M. Pious, Donald A. Ritchie, 2001-07-04 The Oxford Guide to the United States Government is the ultimate resource for authoritative information on the U S Presidency Congress and Supreme Court Compiled by three top scholars its pages brim with the key figures events and structures that have animated U S government for more than 200 years In addition to coverage of the 2000 Presidential race and election this Guide features biographies of all the Presidents Vice Presidents and Supreme Court Justices as well as notable members of Congress including current leadership historical commentary on past elections major Presidential decisions international and domestic programs and the key advisors and agencies of the executive branch in depth analysis of Congressional leadership and committees agencies and staff and historic legislation and detailed discussions of 100 landmark Supreme Court cases and the major issues facing the Court today In addition to entries that define legal terms and phrases and others that elaborate on the wide array of government traditions this invaluable book includes extensive back matter including tables of Presidential election results lists of Presidents Vice Presidents Congresses and Supreme Court Justices with dates of service lists of Presidential museums libraries and historic sites relevant websites and information on visiting the White House the Capitol and Supreme Court buildings A one stop comprehensive guide that will assist students educators and anyone curious about the inner workings of government The Oxford Guide to the United States Government will be a valued addition to any home library

Pursuit of

Unity Michael Perman, 2010-01-01 In Pursuit of Unity Michael Perman presents a comprehensive analysis of the South s political history In the 1800s the region endured almost continuous political crisis nullification secession Reconstruction the Populist revolt and disfranchisement For most of the twentieth century the region was dominated by a one party system the Solid South that ensured both political unity internally and political influence in Washington But in both centuries the South suffered from the noncompetitive one party politics that differentiated it from the rest of the country Since the passage of the Voting Rights Act in 1965 Perman argues the South s political distinctiveness has come to an end as has its pursuit of unity

In Search of Federal Enforcement Vanessa A. Holloway, 2015-05-08 *In Search of Federal Enforcement* is a call to investigate the history of federal oversight to secure and preserve black Americans voting rights over a ninety five year interregnum This book satiates the reader s harboring curiosity as to why the national government was culpably negligent in protecting the exercise of the franchise for black Americans until the 1965 Voting Rights Act As Holloway explains much of this problem stemmed from Southern Democrats operating in tandem with the power of private actors to circumvent the Fifteenth Amendment This mutual advantage partnership codified disfranchisement safeguarded the interests of recalcitrant Southern states and localities and defended local systems of privilege In the pages of this timely study Holloway lays bare the abject failure of the national government and critically evaluates how the Southern status quo stimulated chaos at the national level Despite market paradigms *In Search of Federal Enforcement* confronts this historical conundrum and offers keen observations about voting manipulations and electoral abuse by both incumbents and private actors

Winning the White House, 2008 K. McMahon, 2009-08-31 What does it take to win the White House This book helps students understand both the issues and how and why people vote for one candidate After discussing the dynamics of the primary campaigns the authors examine three broad sets of issues that play a key role in voting foreign policy domestic policies and the culture wars This sets the foundations for an examination of regional similarities and differences in voting patterns as the varying salience and valence of issues whether general or specific is explored across and within regions Special attention is paid to battleground states Drawing on concepts from political science this book advances students understanding both of the field and the phenomenon

Winning the White House, 2004 David M. Rankin, 2005-07-14 What does it take to win the White House This book helps students understand both the issues and how and why people vote for one candidate After discussing the dynamics of the primary campaigns the authors examine three broad sets of issues that play a key role in voting foreign policy domestic policies and the culture wars This sets the foundations for an examination of regional similarities and differences in voting patterns as the varying salience and valence of issues whether general or specific is explored across and within regions Special attention is paid to battleground states Drawing on concepts from political science this book advances students understanding both of the field and the phenomenon

Mediated Images of the South Alison Slade, Dedria Givens-Carroll, Amber J. Narro, 2012-03-01 *Mediated Images of the South The Portrayal of Dixie in Popular Culture* edited by Alison F Slade Dedria Givens Carroll and Amber J Narro is an anthology that explores the impact of the image of the Southerner within mass communication and popular culture The contributors offer a contemporary analysis of the Southerner in the media In most cases previous literature situates these media images in the past most notably through historic analyses of the Southerner during the Civil Rights movement *Mediated Images of the South* breaks out of the box of the 1960s and 1970s by including the most recent and contemporary cultural examples of the Southerner This book represents a long overdue analysis of those images from both the past and the present In addition the discussions are not

limited to one genre of media but provide the reader with an opportunity to see how far reaching the myth of the Southerner and the Southern image is in American society While there is a long list of successful southern politicians historical figures businessmen and women actors and actresses sports figures and other national and world leaders Slade Givens Carroll and Narro find that there is still work to be done to present southerners as capable and educated **Biscuits, the Dole, and Nodding Donkeys** Norman D. Brown,2019-10-22 A fascinating tour of Texas state politics during the Great Depression from the historian and author of Hood Bonnet and Little Brown Jug Keith J Volanto author of Texas Voices When the venerable historian Norman D Brown published Hood Bonnet and Little Brown Jug in 1984 he earned national acclaim for revealing the audacious tactics at play in Texas politics during the Roaring Twenties detailing the effects of the Ku Klux Klan newly enfranchised women and Prohibition Shortly before his death in 2015 Brown completed Biscuits the Dole and Nodding Donkeys which picks up just as the Democratic Party was poised for a bruising fight in the 1930 primary Charting the governorships of Dan Moody Ross Sterling Miriam Ma Ferguson in her second term and James V Allred this engrossing sequel takes its title from the notion that Texas politicians should give voters what they want When you cease to deliver the biscuits they will not be for you any longer said Jim Pa Ferguson while remaining wary of federal assistance the dole in a state where the economy is fueled by oil pumpjacks nodding donkeys Taking readers to an era when a self serving group of Texas politicians operated in a system that was closed to anyone outside the state s white wealthy echelons Brown unearths a riveting little known history whose impact continues to ripple at the capitol Rich in personal detail and general audiences and aficionados of Texana will enjoy the colorful portraits of James and Miriam Ferguson Ross Sterling Tom Love John Nance Garner and others History Reviews of New Books **Two-Party Politics in the One-Party South** Samuel L. Webb,2018-05-22 Samuel L Webb presents new evidence that contrary to popular belief voters in at least one Deep South state did not flee en masse from the Republican party after Reconstruction Instead as Webb conclusively demonstrates the party gained strength among white voters in northern Alabama s Hill Country region between 1896 and 1920 *A Companion to Lyndon B. Johnson* Mitchell B. Lerner,2012-02-13 This companion offers an overview of Lyndon B Johnson s life presidency and legacy as well as a detailed look at the central arguments and scholarly debates from his term in office Explores the legacy of Johnson and the historical significance of his years as president Covers the full range of topics from the social and civil rights reforms of the Great Society to the increased American involvement in Vietnam Incorporates the dramatic new evidence that has come to light through the release of around 8 000 phone conversations and meetings that Johnson secretly recorded as President *The End of Southern Exceptionalism* Byron E. Shafer,Richard Johnston,2009-03-31 The shift in Southern political allegiance from Democratic to Republican has been explained by scholars and journalists as a white backlash to the civil rights revolution Here the authors refute that view The true story they argue is instead one of dramatic class reversal beginning in the 1950s and pulling everything else in its wake The Unsolid South

Devin Caughey, 2018-09-25 During the Jim Crow era the Democratic Party dominated the American South presiding over a racially segregated society while also playing an outsized role in national politics In this compelling book Devin Caughey provides an entirely new understanding of electoral competition and national representation in this exclusionary one party enclave Challenging the notion that the Democratic Party's political monopoly inhibited competition and served only the Southern elite he demonstrates how Democratic primaries even as they excluded African Americans provided forums for ordinary whites to press their interests Focusing on politics during and after the New Deal Caughey shows that congressional primary elections effectively substituted for partisan competition in part because the spillover from national party conflict helped compensate for the informational deficits of elections without party labels Caughey draws on a broad range of historical and quantitative evidence including archival materials primary election returns congressional voting records and hundreds of early public opinion polls that illuminate ideological patterns in the Southern public Defying the received wisdom this evidence reveals that members of Congress from the one party South were no less responsive to their electorates than members from states with true partisan competition Reinterpreting a critical period in American history *The Unsolid South* reshapes our understanding of the role of parties in democratic theory and sheds critical new light on electoral politics in authoritarian regimes

A New South Rebellion Karin A. Shapiro, 2017-11-01 In 1891 thousands of Tennessee miners rose up against the use of convict labor by the state's coal companies eventually engulfing five mountain communities in a rebellion against government authority Propelled by the insurgent sensibilities of Populism and Gilded Age unionism the miners initially sought to abolish the convict lease system through legal challenges and legislative lobbying When nonviolent tactics failed to achieve reform the predominantly white miners repeatedly seized control of the stockades and expelled the mostly black convicts from the mining districts Insurrection hastened the demise of convict leasing in Tennessee though at the cost of greatly weakening organized labor in the state's coal regions Exhaustively researched and vividly written *A New South Rebellion* brings to life the hopes that rural southerners invested in industrialization and the political tensions that could result when their aspirations were not met Karin Shapiro skillfully analyzes the place of convict labor in southern economic development the contested meanings of citizenship in late nineteenth century America the weaknesses of Populist era reform politics and the fluidity of race relations during the early years of Jim Crow

Reading the Postwar Future Kirrily Freeman, John Munro, 2019-10-17 This original collection explores a number of significant texts produced in 1944 that define that year as a textual turning point when overlapping and diverging visions of a new world emerged The questions posed at that moment about capitalism race empire nation and cultural modernity gave rise to debates that defined the global politics of their era and continue to delineate our own Highlighting the goals agendas and priorities that emerged for artists intellectuals and politicians in 1944 *Reading the Postwar Future* rethinks the intellectual history of the 20th century and the way 1944's texts shaped the contours of the postwar world This is essential reading for any student or scholar of the

intellectual political economic and cultural history of the postwar era
