**The Life and Personality of Phoebe Apperson Hearst** John Henry Nash, Winifred Black Bonfils, Winifred Sweet Black, 1928      **The Life and Personality of Phoebe Apperson Hearst** Winifred Black Bonfils, 2012-09      The Life and Personality of Phoebe Apperson Hearst W. Bonfils, 1928      **Phoebe Apperson Hearst** Alexandra M. Nickliss, 2018-05 In *Phoebe Apperson Hearst A Life in Power and Politics* Alexandra M Nickliss offers the first biography of one of the Gilded Age's most prominent and powerful women A financial manager businesswoman and reformer Phoebe Apperson Hearst was one of the wealthiest and most influential women of the era and a philanthropist almost without rival in the San Francisco Bay Area Hearst was born into a humble middle class family in rural Missouri in 1842 yet she died a powerful member of society's urban elite in 1919 Most people know her as the mother of William Randolph Hearst the famed newspaper mogul and as the wife of George Hearst a mining tycoon and U S senator By age forty eight however Hearst had come to control her husband's extravagant wealth after his death She shepherded the fortune of the family estate until her own death demonstrating her intelligence and skill as a financial manager Hearst supported a number of significant urban reforms in the Bay Area across the country and around the world giving much of her wealth to organizations supporting children health reform women's rights and well being higher education municipal policy formation progressive voluntary associations and urban architecture and design among other endeavors She worked to exert her ideas and implement plans regarding the burgeoning Progressive movement and was the first female regent of the University of California which later became one of the world's leading research institutions Hearst held other prominent positions as the first president of the Century Club of San Francisco first treasurer of the General Federation of Woman's Clubs first vice president of the National Congress of Mothers president of the Columbian Kindergarten Association and head of the Woman's Board of the Panama Pacific International Exposition *Phoebe Apperson Hearst* tells the story of Hearst's world and examines the opportunities and challenges that she faced as she navigated local national and international corridors of influence rendering a penetrating portrait of a powerful and often contradictory woman      *Announcing a Public Showing of The Life and Personality of Phoebe Apperson Hearst by Winifred Black Bonfils* ,1929      George Hearst Matthew Bernstein, 2021-08-19 Rising from a Missouri boyhood and meager prospecting success to owning the most productive copper silver and gold mines in the world and being elected a United States senator George Hearst 1820-91 spent decades veering between the heights of prosperity and the depths of financial ruin In *George Hearst Silver King of the Gilded Age* Matthew Bernstein captures Hearst's ascent casting light on his actions during the Civil War his tempestuous marriage to his cousin Phoebe his role as disciplinarian and doting father to future media magnate William Randolph Hearst and his devious methods of building the greatest mining empire in the West Whether driving a pack of mules laden with silver from the Comstock Lode to San Francisco bribing jurors in Pioche and Deadwood or unearthing bonanzas in Utah and Montana Territories Hearst's cunning energy and industry were always

evident along with occasional glimmers of the villainy ascribed to him in the television series *Deadwood* In this first full length biography George Hearst emerges in all his human dimensions and historical significance an ambitious complex flawed and quintessentially American character

**California Women and Politics** Robert W. Cherny, Mary Ann Irwin, Ann Marie Wilson, 2011-05-01 In 1911 as progressivism moved toward its zenith the state of California granted women the right to vote However women's political involvement in California's public life did not begin with suffrage nor did it end there Across the state women had been deeply involved in politics long before suffrage and although their tactics and objectives changed they remained deeply involved thereafter *California Women and Politics* examines the wide array of women's public activism from the 1850s to 1929 including the temperance movement moral reform conservation trade unionism settlement work philanthropy wartime volunteerism and more and reveals unexpected contours to women's politics in California The contributors consider not only white middle class women's organizing but also the politics of working class women and women of color emphasizing that there was not one monolithic women's agenda but rather a multiplicity of women's voices demanding recognition for a variety of causes

**Women in International and Universal Exhibitions, 1876-1937** Rebecca Rogers, Myriam Boussahba-Bravard, 2017-08-14 This book argues for the importance of bringing women and gender more directly into the dynamic field of exposition studies *Reclaiming women for the history of world fairs 1876-1937* it also seeks to introduce new voices into these studies dialoguing across disciplinary and national historiographies From the outset women participated not only as spectators but also as artists writers educators artisans and workers without figuring among the organizers of international exhibitions until the 20th century Their presence became more pointedly acknowledged as feminist movements developed within the Western World and specific spaces dedicated to women's achievements emerged International exhibitions emerged as showcases of modernity and progress but also as windows onto the foreign the different the unexpected and the spectacular As public rituals of celebration they transposed national ceremonies and protests onto an international stage For spectators exhibitions brought the world home for organizers the entire world was a fair Women were actors and writers of the fair narrative although acknowledgment of their contribution was uneven and often ephemeral Uncovering such silence highlights how gendered the triumphant history of modernity was and reveals the ways women as a category engaged with modern life within that quintessential modern space the world fair

**The Cathedral Age**, 1929

**Inventing the Dream** Kevin Starr, 1986-12-04 This second volume of Starr's cultural history of the Golden State focuses on the turn of the century years and the emergence of Southern California as a regional culture in its own right

**Collecting Native America, 1870-1960** Shepard Krech III, 2014-08-19 Between the 1870s and 1950s collectors vigorously pursued the artifacts of Native American groups Setting out to preserve what they thought was a vanishing culture they amassed ethnographic and archaeological collections amounting to well over one million objects and founded museums throughout North America that were meant to educate the public about American Indian skills practices and beliefs

In *Collecting Native America* contributors examine the motivations intentions and actions of eleven collectors who devoted substantial parts of their lives and fortunes to acquiring American Indian objects and founding museums They describe obsessive hobbyists such as George Heye who beginning with the purchase of a lice ridden shirt built a collection that still unsurpassed in richness diversity and size today forms the core of the Smithsonian s National Museum of the American Indian Sheldon Jackson a Presbyterian missionary in Alaska collected and displayed artifacts as a means of converting Native peoples to Christianity Clara Endicott Sears used sometimes invented displays and ceremonies at her Indian Museum near Boston to emphasize Native American spirituality The contributors chart the collectors diverse attitudes towards Native peoples showing how their limited contact with American Indian groups resulted in museums that revealed more about assumptions of the wider society than about the cultures being described *William Randolph Hearst* Ben

Procter,1998-04-16 William Randolph Hearst was one of the most colorful and important figures of turn of the century America a man who changed the face of American journalism and whose influence extends to the present day Now in William Randolph Hearst Ben Procter gives us the most authoritative account of Hearst s extraordinary career in newspapers and politics Born to great wealth his father was a partial owner of four fabulously rich mines Hearst began his career in his early twenties by revitalizing a rundown newspaper the San Francisco Examiner Hearst took what had been a relatively sedate form of communicating information and essentially created the modern tabloid complete with outrageous headlines human interest stories star columnists comic strips wide photo coverage and crusading zeal His papers fairly bristled with life By 1910 he had built a newspaper empire eight papers and two magazines read by nearly three million people Hearst did much to create yellow journalism with the emphasis on sensationalism and the lowering of journalistic standards But Procter shows that Hearst s papers were also challenging and innovative and powerful They exposed corruption advocated progressive reforms strongly supported recent immigrants became a force in the Democratic Party and helped ignite the Spanish American War Procter vividly depicts Hearst s own political career from his 1902 election to Congress to his presidential campaign in 1904 and his bitter defeats in New York s Mayoral and Gubernatorial races Written with a broad narrative sweep and based on previously unavailable letters and manuscripts William Randolph Hearst illuminates the character and era of the man who left an indelible mark on American journalism **A Stranger in Her Native Land** Joan T.

Mark,1988-01-01 Recreates the life of the nineteenth century American anthropologist focusing on her efforts to improve the conditions under which the American Indians existed **Collected Books** ALLEN OSB;AHEARN AHEARN

(PATRICIA.),Patricia Ahearn,2013-02 An introduction to and advice on book collecting with a glossary of terms and tips on how to identify first editions and estimated values for over 20 000 collectible books published in English including translations over the last three centuries about half are literary titles in the broadest sense novels poetry plays mysteries science fiction and children s books and the other half are non fiction Americana travel and exploration finance cookbooks

color plate medicine science photography Mormonism sports et al      **Winifred Black/Annie Laurie and the Making of Modern Nonfiction** Katherine H. Adams, Michael L. Keene, 2015-08-12 Winifred Black worked in journalism from 1888 to 1936 often writing under the pseudonym Annie Laurie Her work appeared in the Hearst papers especially the San Francisco Examiner and in fifty additional newspapers weekly through syndication Black wrote 10 000 short pieces as well as three books a nonfiction oeuvre that combined quasi autobiographical details with characters and scenes to provide cultural analysis for a nationwide audience She wrote about the realities facing modern women their work their marriages and divorces the violence they endured their need for independence Contemporary praise for Black named her the world's most famous feature writer and one of the world's most successful reporters while her critics affixed the pejorative labels stunt girl and sob sister This study covers her influential career and gives the first serious attention to her journalism and nonfiction

Private Presses and Their Books Will Ransom, 1929 A history of the private press movement in England and America with detailed check lists of the publications arranged chronologically under the name of the press with index to presses books and individuals recorded      *The Publishers Weekly*, 1929      And Along Came Boas Regna Darnell, 1998-01-01 The advent of Franz Boas on the North American scene irrevocably redirected the course of Americanist anthropology This volume documents the revolutionary character of the theoretical and methodological standpoint introduced by Boas and his first generation of students among whom linguist Edward Sapir was among the most distinguished Virtually all of the classic Boasians were at least part time linguists alongside their ethnological work During the crucial transitional period beginning with the founding of the Bureau of American Ethnology in 1879 there were as many continuities as discontinuities between the work of Boas and that of John Wesley Powell and his Bureau Boas shared with Powell a commitment to the study of aboriginal languages to a symbolic definition of culture to ethnography based on texts to historical reconstruction on linguistic grounds and to mapping the linguistic and cultural diversity of native North America The obstacle to Boas's vision of anthropology was not the Bureau but the archaeological and museum establishment centred in Washington D C and in Boston Moreover the scientific revolution was concluded not when Boas began to teach at Columbia University in New York in 1897 but around 1920 when first generation Boasians dominated the discipline in institutional as well as theoretical terms The impact of Boas is explored in terms of theoretical positions interactional networks of scholars and institutions within which anthropological work was carried out The volume shows how collaboration of universities and museums gradually gave way to an academic centre for anthropology in North America in line with the professionalization of American science along German lines during the late 19th and early 20th centuries The author is Professor of Anthropology and Director of the Centre for Research and Teaching of Canadian Native Languages at the University of Western Ontario Canada She is a fellow of the Royal Society of Canada      **Encyclopedia of Feminist Literature** Mary Ellen Snodgrass, 2015-04-22 Presents articles on feminist literature including significant authors themes and history      *Funding Feminism* Joan Marie

Johnson,2017-08-04 Joan Marie Johnson examines an understudied dimension of women s history in the United States how a group of affluent white women from the late nineteenth through the mid twentieth centuries advanced the status of all women through acts of philanthropy This cadre of activists included Phoebe Hearst the mother of William Randolph Hearst Grace Dodge granddaughter of Wall Street Merchant Prince William Earle Dodge and Ava Belmont who married into the Vanderbilt family fortune Motivated by their own experiences with sexism and focusing on women s need for economic independence these benefactors sought to expand women s access to higher education promote suffrage and champion reproductive rights as well as to provide assistance to working class women In a time when women still wielded limited political power philanthropy was perhaps the most potent tool they had But even as these wealthy women exercised considerable influence their activism had significant limits As Johnson argues restrictions tied to their giving engendered resentment and jeopardized efforts to establish coalitions across racial and class lines As the struggle for full economic and political power and self determination for women continues today this history reveals how generous women helped shape the movement And Johnson shows us that tensions over wealth and power that persist in the modern movement have deep historical roots
