Greenaway* Marion Harry Spielmann, George Somes Layard, 1905 *Kate Greenaway, a Biography* Rodney K. Engen, 1981 A
biography of the well known illustrator frankly told by Engen who uses much unpublished correspondence and illustrations
which appear here for the first time **Literature and the Child** James Holt McGavran, James Holt McGavran, 1998-04 The
Romantic myth of childhood as a transhistorical holy time of innocence and spirituality uncorrupted by the adult world has
been subjected in recent years to increasingly serious interrogation Was there ever really a time when mythic ideals were
simple pure and uncomplicated The contributors to this book contend although in widely differing ways and not always
approvingly that our culture is indeed still pervaded in this postmodern moment of the very late twentieth century by the
Romantic conception of childhood which first emerged two hundred years ago In the wake of the French Revolution and the
Industrial Revolution western Europe experienced another fin de siècle characterized by overwhelming material and
institutional change and instability By historicizing the specific political social and economic conflicts at work within the
notion of Romantic childhood the essayists in *Literature and the Child* show us how little these forces have changed over time
and how enriching and empowering they can still be for children and their parents In the first section *Romanticism
Continued and Contested* Alan Richardson and Mitzi Myers question the origins and ends of Romantic childhood In *Romantic
Ironies Postmodern Texts* Dieter Petzold Richard Flynn and James McGavran argue that postmodern texts for both children
and adults perpetuate the Romantic complexities of childhood Next in *The Commerce of Children's Books* Anne Lundin and
Paula Connolly study the production and marketing of children's classics Finally in *Romantic Ideas in Cultural Confrontations*
William Scheick and Teya Rosenberg investigate interactions of Romantic myths with those of other cultural systems

Traditionally associated with rural ways of life in England often hand crafted and held up as one of the only items of English folk dress to survive into the 20th century the smock frock is an object of curiosity in many museum collections Drawing on a wide variety of sources from surviving garments to newspapers and photographs this book reveals the hidden history of the smock frock to present new social histories Discussing the smock frock in its widest contexts Alison Toplis explores how garments were handmade and manufactured by the ready made clothing industry and bought by men of different trades She traces the smock frock's usage across England as well as in export markets such as Australia Following the garment's decline in the late 19th century the book investigates how this essentially utilitarian style of workwear came to be held up as an example of disappearing peasant craft in an emotional response to urbanisation and how it was preserved by collectors under the influence of the Arts and Crafts movement Around the turn of the 20th century the smock frock was reinvented as both women's and children's wear and is now regularly revived in fashion collections by the likes of Molly Goddard Drawing together extensive visual and material cultures Alison Toplis unravels a new history of the smock frock 1979-1990

The Making of Women Artists in Victorian England Jo Devereux, 2016-08-02 When women were admitted to the Royal Academy Schools in 1860 female art students gained a foothold in the most conservative art institution in England The Royal Female College of Art the South Kensington Schools and the Slade School of Fine Art also produced increasing numbers of women artists Their entry into a male dominated art world altered the perspective of other artists and the public They came from disparate levels of society Princess Louise the fourth daughter of Queen Victoria studied sculpture at the National Art Training School yet they all shared ambition talent and courage Analyzing their education and careers this book argues that the women who attended the art schools during the 1860s and 1870s including Kate Greenaway Elizabeth Butler Helen Allingham Evelyn De Morgan and Henrietta Rae produced work that would accommodate yet subtly challenge the orthodoxies of the fine art establishment Without their contributions Victorian art would be not simply the poorer but hardly recognizable to us today **The Cambridge Bibliography of English Literature** Joanne Shattock, 1999 Elva S. Smith,2023-09-28 *Literary Cultures and Nineteenth Century Childhoods* explores the construction of the child and the development of texts for children in the nineteenth century through the application of fresh theoretical approaches and attention to aspects of literary childhoods that have only recently begun to be illuminated This scope enables examination of the child in canonical nineteenth century novels by Charles Dickens Elizabeth Gaskell Charlotte Bronte and Thomas Hardy alongside well known fiction intended for young readers by George MacDonald Christabel Coleridge and Kate Greenaway The century was also distinctive for the rise of the children s magazine and this book broadens the definition of literary cultures to include magazines produced both by and for young people The volume examines how the child and family are conceptualised how children are positioned as readers in genres including the domestic novel school story Robinsonade and fantasy fiction how literary childhoods are written and politicised and how childhood intersects with perceptions of animals and the natural environment The range of chapters in this collection and the texts they consider demonstrates the variability and fluidity of literary cultures and nineteenth century childhoods Elementary English Review ,1928 SCC library has 1949 cur
