consciousness including ascended masters angels and Archangels I have chosen to refer to them collectively as Spirit When one reads from their messages it becomes obvious that they are not contrary to any religion nor are they postulating a religion They are merely supplemental revelations spoken through divine grace in order that we might understand a little bit more about divine design about karma and the power each of us holds in our words deeds and actions They offer enlightening information about why life is and how we can and will affect our own future collectively and individually as evolving spirits The best way to allow the messages to serve you is to hold the book in your hands and simply ask in the name of Love and Light that guidance be revealed that will serve your highest good Relax and breathe in the loving presence of divine grace letting go any other thoughts When you are ready randomly open the book You will undoubtedly be drawn to a message that will speak directly to your situation Spirit says Take from these messages that which truly speaks to your heart and know that what we share with you comes in and of the divine Light Through the choices we make in our words deeds and actions we create our own tempering It is drawn unto us and thus becomes the living proof of who we are and that which we have learned regarding love and compassion respect and honor to name a few And in so making these choices we are creating the karma that will shape the future lessons of not only this life but the ones to come You will reap that which you sow the great master Jesus said By collective choice the future is ours to sow We can engage the energy of Love and Light or we can wallow in the energy of fear and negativity The question is which will we choose In Love and Light Scott Elliott Kuenzel Kenzel      **SoulStroller** Kayce Stevens Hughlett, 2018-11-01 Seductive sincere and at times hysterical and heartbreaking this memoir follows author and good girl Kayce Stevens Hughlett out of her carefully constructed comfort zone into the world of international travel healers wise winged mentors and inspiring versions of humankind SoulStroller introduces a fresh and exciting way of experiencing and living life on one's own terms expanding readers world views whether they choose to visit destinations like Paris Ireland or Bali or get to know what home looks like through fresh eyes Labeled shy and rendered virtually silent by age six Kayce had been raised to fit the role of perfect wife doting mom and accomplished woman She fulfilled her mission by her mid forties when society said she had it all Society was wrong When her eldest child disappears into the haze of addiction her perfect world changes faster than you can say Get it right Ethereal gritty and relatable SoulStroller is the evolution of a woman too timid to speak her mind into someone who writes her own rules and redefines what it means to live with silence compassion and joie de vivre      **Angel Therapy** Doreen Virtue, 1997-11-01 Dr Doreen Virtue's life changed dramatically when angels miraculously warned her and then intervened during a carjacking After her angelic encounter Doreen began asking the angels for additional guidance They answered her requests with very clear and loving words She writes of how the angelic guidance affected her work as a psychotherapist I began helping my counselling clients to hear their own angels Very quickly I discovered that the healing power of the angels exceeds any form of man made therapy I had ever witnessed The angels have wonderful gifts from God to impart to us In

Angel Therapy Doreen delivers The Angelic Realm's messages of comfort and guidance that can help you with troubling emotions such as depression boredom confusion and anger and issues associated with careers relationships parenting and much more     *The Automatic Writing Experience (AWE)* Michael Sandler, 2021-02-16 An AWE Inspiring Adventure
