History of Sikh Gurus Retold: 1469-1606 C.E. Surjit Singh Gandhi, 2007. The impulse behind the study in hand was the longing to find adequate answers to certain vital questions: What exactly does Sikhism stand for? Why was it originated and developed by Guru Nanak and his nine successors? How did it strike roots among people? What institutions and structures the Gurus evolved to highlight and escalate it? What type of praxis of man and society Gurus visualized? How was it different from contemporary religious systems: Islam, Hinduism, Sahajyana, Buddhism, Nathism, Bhakti system etc.? Was it a synthesis of different traits of different religions? Was it a syncretism of Hindu and Muslim cultures or was it an independent system? Did Sikhism purport to design to raise itself on premises different from the ones which formed the foundations of Hindu or other societies? Was it merely a reformist movement aiming at certain targets within time and space or a distinct *spiritus socialis* process to urge the people to march towards integrated development both at micro and macro levels? What was the true nature of supreme reality as conceived by the Gurus? How is this related with the universe including man and how does it permeate, pervade and operate the whole universe? What type of society conforms to God's will and how was its consummation possible? Which models of polity and social edifice were recommended by the Gurus? Is Sikhism a life-affirming dispensation or life-negating philosophy? Why was structural bonding of religion and politics effected and institutionalised? What is the place of Sikhism in the comity of religions and how it is relevant to challenges of the present-day world? Such questions and a lot more being vital and crucial for the understanding of the role of Gurus and their dispensation have been fully taken cognizance of in the present study.

Portraying the Guru Atsushi Ikeda, 2024-09-24. Brings to light the evolution of Sikh art from the eighteenth to the twentieth century. Breaking fresh ground in the study of Sikh art after the pioneering contributions of W. H. McLeod and B. N. Goswamy, this book on Sikh art evolution is centred on portraits of Sikh Gurus from the eighteenth to the twentieth century. It examines around two hundred and fifty texts of art of various mediums scattered across museums and private collections; the world over. Ikeda artfully proves how Guru Nanak's portraiture catered to the spiritual and cultural needs not only of ordinary Sikhs but also satisfied the expectations of the newly formed urban middle class. Including critical review of Harjot Oberoi's study and emphasizing the significant role of Sikh art in the formation of a distinct Sikh community's identity, the author takes note of how the Singh Sabha Movement (1873-1909) and the Akali Movement of 1920 onwards popularized devotional portraits of Guru Nanak even though idolatry is forbidden in the sacred text, Guru Granth Sahib. It underlines how there was a paradigm shift in the mentality of Sikh society under the colonial impact of the British Raj. This highly illustrated volume will not only be appreciated by students of visual arts, researchers and academics but also by the universities across the world in which
