movies and their global followings are emerging as a distinct subject of film and media theory dedicated to dissecting the world's unruliest images. This book is the world's first reader on cult film. It brings together key works in the field on the structure, form, status, and reception of cult cinema traditions. Including work from key established scholars in the field such as Umberto Eco, Janet Staiger, Jeffrey Sconce, Henry Jenkins, and Barry Keith Grant, as well as new perspectives on the gradually developing canon of cult cinema, the book not only presents an overview of ways in which cult cinema can be approached, it also reassesses the methods used to study the cult text and its audiences. With editors' introductions to the volume and to each section, the book is divided into four clear thematic areas of study: The Conceptions of Cult, Cult Case Studies, National and International Cults, and Cult Consumption, to provide an accessible overview of the topic. It also contains an extensive bibliography for further related readings. Written in a lively and accessible style, *The Cult Film Reader* dissects some of the biggest trends, icons, auteurs, and periods of global cult film production.
