## **The Habsburg Legacy 1867-1939:**

**The Habsburg Legacy, 1867-1939** Bruce F. Pauley, 1972 *Pioneering History on Two Continents* Bruce F. Pauley, 2014-07-15 Bruce F. Pauley draws on his family and personal history to tell a story that examines the lives of Volga Germans during the eighteenth century the pioneering experiences of his family in late nineteenth century Nebraska and the dramatic transformations influencing the history profession during the second half of the twentieth century An award winning historian of antisemitism Nazism and totalitarianism Pauley helped shape historical practice from the 1970s to the 90s both in the United States and Central Europe *Pioneering History on Two Continents* provides an intimate look at the shifting approaches to the historian's craft during a volatile period of world history with an emphasis on twentieth century Central European political social and diplomatic developments It also examines the greater sweep of history through the author's firsthand experiences as well as those of his ancestors who participated in these global currents through their migration from Germany to the steppes of Russia to the Great Plains of the United States

**Defeat and Disarmament** Joe C. Dixon, 1986 This book traces Austria's attempts in 1918-1922 to create and control a new army and to do so under the limitations imposed by the Paris Peace Conference The tragic tale that emerges is one in which optimism ironically feeds the currents of distrust and bitterness which finally cause the demise of the embryonic Austrian republic and adds to our understanding of the failure of Europe as a whole to achieve a secure peace between the wars

*Hitler's Austria* Evan Burr Bukey, 2018-08-25 Although Austrians comprised only 8 percent of the population of Hitler's Reich they made up 14 percent of SS members and 40 percent of those involved in the Nazis killing operations This was no coincidence Popular anti-Semitism was so powerful in Austria that once deportations of Jews began in 1941 the streets of Vienna were frequently lined with crowds of bystanders shouting their approval Such scenes did not occur in Berlin Exploring the convictions behind these phenomena Evan Bukey offers a detailed examination of popular opinion in Hitler's native country after the Anschluss annexation of 1938 He uses evidence gathered in Europe and the United States including highly confidential reports of the Nazi Security Service to dissect the reactions views and conduct of disparate political and social groups most notably the Austrian Nazi Party the industrial working class the Catholic Church and the farming community Sketching a nuanced and complex portrait of Austrian attitudes and behavior in the Nazi era Bukey demonstrates that despite widespread dissent discontent and noncompliance a majority of the Austrian populace supported the Anschluss regime until the bitter end particularly in its economic and social policies and its actions against Jews

**Beyond Secularism and Jihad?** Peter D. Beaulieu, 2012-07-13 Peter D. Beaulieu examines the challenge posed by and to modernity and historic Islam as they encounter one another He compares the Western separation of Church and state with the unitary Islamic State and explores the proposed cultural and societal principles of the Second Vatican Council as potentially influencing long term events in both arenas Beaulieu's research is comprehensive and richly documented yet offers an accessible triangular inquiry into the

mosque the manger and modernity By restoring a place at the table for Trinitarian Christianity alongside the engulfing monotheism of Islam and the alternative skepticism of Western rationalism this inquiry broadens the pallet of inter religious and intercultural contact points Beyond Secularism and Jihad provides balanced attention to the differences as well as the similarities between Christianity Islam and modernity An emerging theme is natural law which is universal and intrinsic to all mankind and not confined to competing theologies Neglected in the West that it helped create natural law might contribute to the needed grammar for dialogue between the citizens in the West and the followers of Islam

*Seedtime for Fascism* George V. Strong,2016-09-16 This study examines the political culture in Austria Hungary in the latter half of the 19th century It analyzes the centrifugal forces that arose from growing ethnic nationalism in the empire and that ultimately overpowered the centripetal forces which held the Austrian Hungarian state idea together The analysis is applied further to provide an historical explanation of analogous developments in post 1989 Europe

**Przemyśl, Poland** John E. Fahey,2023-02-15 *Przemyśl, Poland A Multiethnic City During and After a Fortress 1867-1939* examines the economic political demographic and cultural ramifications of Austro Hungarian military investment in Przemyśl, Poland from the inception of the fortress in the 1870s through four months of siege in World War I to the decades of social change before World War II The city of Przemyśl lies a few miles west of the Poland Ukraine border In the decades before World War I the Austro Hungarian military poured money troops and material into this multiethnic city and transformed it into the Empire's largest fortress complex Though intended to protect the border with Russia and inspire political loyalty the resultant garrison instead made the city a target and prompted revulsion among local socialists who opposed the army's dominant position in town The heart of this book is the exploration of the relationship between soldiers and civilians in urban environments The city's physical and demographic growth was irreversibly tied to the army yet much of the population rejected the garrison and fought with its soldiers By 1907 Przemyśl featured one of the largest social democratic movements in Austrian Galicia By 1914 the city was besieged by the Russian Army and by 1918 the city was part of the new Second Polish Republic Przemyśl, Poland is the story of how a single city transformed radically over a few decades with lasting lessons about the consequences of the military culture colliding with civilian life

*The Ambivalence of Identity* Peter Thaler,2001 *The Ambivalence of Identity* examines nation building in Austria and uses the Austrian experience to explore the conceptual foundations of nationhood Traditionally Hapsburg Austria has provided the background for these works In the course of this study it should become clear that Republican Austria is as valuable in understanding national identity as its monarchic predecessor Historical interpretations to Austrian nation building gives the Austrian experience special relevance for the larger debate about the nature of history Such aspects in the analysis of the post war Austrian nation building are the role of consciousness during the building process the role of neighboring countries and the role of World War II

**Religious Dissent Between the Modern and the National** Bojan Aleksov,2006 Bojan Aleksov's study portrays the origins and the spreading of the Nazarenes the first

Protestant Serbs in South Hungary and Serbia as an indicator of social change among the Serbian people whose demands and needs the Orthodox Church had failed to meet In order to account for the success of Nazarene missionaries it also illuminates the strategies employed by Nazarenes in expanding and maintaining their communities which range from communalism group mores and practices internal economic organization of the Nazarene communities and their attitude towards economic change and finally the appeal of the Nazarene faith and worship Looking at the social economic cultural and historical motives of conversions to Nazarenes it examines in depth the Nazarenes challenge to the Serbian Orthodox Church and the latter s belated response in the form of the so called re Orthodoxization in line with newly invented tradition of the Serbian version of Orthodox Christianity Svetosavlje and the development of the mass Bogomoljci movement with its implications for the development of the Serbian national self identification observed in the changes of the notions of Church religion and piety which finally during the interwar period resulted in a discourse that combined and fused the nation and the Orthodox Church and closed the long lasting gap between the Church and the Serbian people nation *Historical Dictionary of Vienna* Peter Csendes,1999-02-18 Vienna can boast of a great deal of culture and history despite its relatively small size Indeed the city has a long and rich history From the medieval feudal town to the twentieth century bastion of music theater and culture Vienna has weathered changes for the good and the ill Vienna s rich history has not gone unnoticed by scholars both Austrians and others Peter Csendes s *Historical Dictionary of Vienna* is an important contribution to the literature on Vienna Csendes provides a unique resource for students or visitors of Vienna Special articles explain the way of living the historical development of the political situation legal system urban functions economic structures cultural institutions and events The Dictionary provides a visitor with a perspective wholly different from that of the usual guide book For the scholar it describes Vienna as a manifesto for urban development with all the changes and their consequences Of interest to scholars and travelers the Dictionary is a true vade mecum of Vienna s past present and future with entries focusing on everything from politics economics society and culture to people places and events A detailed bibliography follows the work as do several appendixes of important people and statistical tables *Austrian Information* ,2010 **From Prejudice to Persecution** Bruce F. Pauley,2000-11-09 According to Simon Wiesenthal nearly half of the crimes associated with the Holocaust were committed by Austrians who comprised just 8.5 percent of the population of Hitler s Greater German Reich Bruce Pauley s book explains this phenomenon by providing a history of Austrian anti-Semitism and Jewish responses to it from the Middle Ages to the present with a particular focus on the period from 1914 to 1938 In contrast to works that view anti-Semitism as an inherent national characteristic his account identifies many sources and varieties of the anti-Semitic sentiment that pervaded Austrian society on the eve of the Holocaust **Portrait of a City** Bruce F. Pauley,2023-09 Bruce F Pauley highlights his hometown of Lincoln Nebraska to study larger trends that affected daily life during a period of rapid social and technological change between the 1890s and 1920s **Anti-Semitism** F. Schweitzer,M.

Perry,2005-11-03 In this provocative book Marvin Perry and Frederick M Schweitzer analyze the lies misperceptions and myths about Jews and Judaism that anti semites have propagated throughout the centuries Beginning with antiquity and continuing into the present day the authors explore the irrational fabrications that have led to numerous acts of violence and hatred against Jews The book examines ancient and medieval myths central to the history of anti semitism Jews as Christ killers instruments of Satan and ritual murderers of Christian children It also explores the scapegoating of Jews in the modern world as conspirators bent on world domination extortionists who manufactured the Holocaust as a hoax designed to gain reparation payments from Germany and the leaders of the slave trade that put Africa in chains No other book has focused its attention exclusively on a thematic discussion of historic and contemporary anti semitic myths covering such an expansive scope of time and allowing for such a painstaking level of exemplification Anti semitism is an essential book that will serve as a corrective to bigotry stereotype and historical distortion

*Priest and Parish in Vienna* William David Bowman,1999 *Priest and Parish in Vienna 1780 to 1880* details the social cultural and political transformation of the Austrian Catholic priesthood in nineteenth century Vienna It shows how priests a very important and influential group in Austria were changed from servants of the state into political activists working for the contentious Christian Social Party in fin de siècle Vienna
