Handbook of Chinese Astrology Richard Craze,2013 The system of Chinese horoscopes has been in use for thousands of years and there was a time when no Chinese person would contemplate changing their job or getting married without consulting their astrologer We may no longer run our lives this way but there is much that we can learn about ourselves from this ancient Eastern astrological system The Chinese horoscope is made up of 12 animal signs but while most people know which sign they are the system is more complex than that You also need to know which of the five elements you are fire earth water metal or wood and whether you are yin or yang This accessible book guides you through finding your own particular sign and how it influences your personality family love life and future choices *The Chinese Horoscopes Guide to Relationships* Theodora Lau,1997-06-16 Are you and your partner always quarreling for no apparent reason Could it be that one of you is a Dragon and the other a Dog If you were looking for a creative person to work for you would it help to know their birth year Someone born in the Year of the Monkey would be a strong choice Were you born in the Year of the Rooster Maybe it s no surprise that your closest friends are a Horse and a Rabbit The Chinese Horoscopes Guide to Relationships is a fascinating guide to the secrets of the astrological system that has been practiced in China for years By identifying the people in your life business associates family members teachers friends lovers and spouses through their respective signs you will gain valuable insight into their personalities and aptitudes their quirks and proclivities More important you will discover how your own sign and its traits affect how you get along with others born under different signs At long last you will have the astrological explanations as to why you can be so compatible with one person yet so completely at odds with someone else Theodora Lau was born in Shanghai and lived with her husband and two children in Hong Kong before moving to California where she is presently settled She is the author of The Handbook of Chinese Horoscopes now in its third edition **A Guide to Chinese Horoscopes** D. J. Burns,2001 This fascinating book introduces you to the enchanting ancient world of Chinese astrology This book provides an exploration of the twelve animals signs and an explanation of other key concepts of Chinese astrology *Discovering World Religions at 24*

Frames Per Second Julien R. Fielding, 2008-09-26 Traditionally university students have gained access to world religions by reading primary texts *Discovering World Religions at 24 Frames Per Second* takes students beyond the written page offering an exploration of the same religious traditions through the study of feature films The many definitions of religion are examined along with its various components including doctrine myth ethics ritual and symbol Specific religious traditions including Hinduism Sikhism Zoroastrianism Buddhism Confucianism Daoism popular religion and Shinto are examined Biographical sketches of directors whose films tend to focus on a particular religious tradition are also included such as Zhang Yimou Hayao Miyazaki Deepa Mehta and Akira Kurosawa *Discovering World Religions at 24 Frames Per Second* is unique in the area of religion and film studies in that it isn't just a collection of essays Instead it provides the introductory student with the necessary background information on the various religions before looking at how their ideas can be understood not through texts but through the cinematic medium To keep the conversation fresh most of the films used in the book were made within the last decade Furthermore examples range from popular mainstream fare such as *Star Wars* and the *Lord of the Rings* trilogy to lesser known foreign films such as *The Wooden Man's Bride* and *The Great Yokai War* Several films with a cult like following are also discussed including *Fight Club* *Princess Mononoke* *Spirited Away* and *Jacob's Ladder* This book is also unique in that instead of drawing upon the Judeo Christian tradition it draws from Eastern traditions
