Office of Personnel Management. Library,1958

Composition-Rhetoric Robert Connors,1997-06-15 Connors provides a history of composition and its pedagogical approaches to form genre and correctness He shows where many of the today s practices and assumptions about writing come from and he translates what our techniques and theories of teaching have said over time about our attitudes toward students language and life Connors locates the beginning of a new rhetorical tradition in the mid nineteenth century and from there he discusses the theoretical and pedagogical innovations of the last two centuries as the result of historical forces

social needs and cultural shifts This important book proves that American composition rhetoric is a genuine rhetorical tradition with its own evolving theory and praxis As such it is an essential reference for all teachers of English and students of American education **The Handbook of Communication Skills** Owen Hargie,1997 This fully revised 2nd ed is intended as a comprehensive volume on the subject of psychology has contributions from world leaders in their particular fields It will be of interest to a wide range of people including researchers students *Redfern's Nursing Older People* Fiona M.

Ross,Ruth Harris,Joanne M. Fitzpatrick,Clare Abley,2023-04-20 Redfern s Nursing Older People provides accessible evidence based information for nurses care assistants and other health professionals wanting to improve the quality of health and social care for older people Republished for the first time since 2006 this fifth edition has been comprehensively revised and rewritten by a large team of expert contributors while preserving the person centred spirit of earlier editions It applies best evidence in straightforward and practical ways to the demographic physical psychological social and emotional challenges of ageing with a focus on supporting independence and health maintenance With new contributions covering emerging challenges such as understanding frailty and the use of digital technology and the themes of diversity service user perspectives and the impact of the COVID 19 pandemic woven throughout Redfern s Nursing Older People is essential reading to help nurses shape practice improve outcomes and promote opportunities for ageing well Written by a team of 68 specialists and experts drawn from the fields of nursing social sciences gerontology and healthcare practice Covers the latest evidence policy and nursing practice Focus on nursing led solutions for improving activities of daily living independence and preventing common problems of ageing Accessible to all with stories case studies and lived experience to bring material to life Summaries and learning points support learning around complex problems Emphasis on countering ageism using images and wider literature where appropriate All chapters either extensively rewritten or completely new New chapters on frailty the misuse of alcohol as a growing problem in old age digital technology and nursing older people with intellectual disabilities Core themes of gerontology embedded throughout such as assessment and rehabilitation Impact of COVID 19 embedded throughout **Crisis Management in Acute Care Settings** Michael St.Pierre,Gesine Hofinger,Cornelius

Buerschaper,Robert Simon,2011-06-28 Critical situations in acute and emergency care are one of the great clinical challenges because of the uncertainty high stakes time pressure and stress that are involved This book provides a comprehensive outline of all the human factors issues relevant to patient safety during acute care Following an initial section discussing the basic principles of human behavior and decision making the various influences on safe patient care are discussed in depth These are divided into three interacting groups individual factors team factors and organizational factors Relevant psychological theories are carefully examined and case studies and descriptions of proven strategies help to ground these theories in daily practice This newly revised edition in which each chapter has been enlarged and updated will help both physicians and non physicians to better understand the principles of human behavior and decision making in critical

situations and thus to provide safer treatment

Introduction to Communication Course Book 1 S. Steinberg, 1995
 Introduces history and basics of human communication covering the communication process functions of communication language and communication non verbal communication interpersonal communication listening public speaking and mass communication

Professional Interviewing Rob Millar, Valerie Crute, Owen Hargie, 2017-06-26 This book first published in 1992 presents a detailed informed and informative account of research theory and practice in interviewing As a single source for practitioners it focuses on the professional practice of interviewing as a strategy for achieving specific objectives As well as providing reviews of recent research in interviewing it includes practical examples of interviewing in many different contexts The authors all of whom have wide experience of interviewing draw on a wealth of information and insight acquired during their work They examine the definitions and purposes of interviewing and then describe the main settings within which it takes place counselling selection research medical and appraisal Taking a social interactional model of interviewing they discuss the main components of the activity person perception interviewer goals interview structures and stages effective interviewing skills and the interviewee's perspective on the interview process Examples are used to illustrate particular issues and to highlight their relevance to practice The authors also consider important ethical and professional problems which may crucially affect the practice of interviewing This book should be of interest to professionals and students in psychology health counselling human resource management and business

Library of Congress Catalog Library of Congress, 1960 A cumulative list of works represented by Library of Congress printed cards

An A-Z of Counselling Theory and Practice William Stewart, 2005 The broad perspective multidisciplinary approach of the second edition makes it invaluable in the counselling context at any level It is comprehensive enough for full time counsellors and students but it is also a resource for health care professionals for whom counselling is an intrinsic component of their practice

Library of Congress Catalogs Library of Congress, 1960

An Introduction to Communication Studies Sheila Steinberg, 2007 In this introductory textbook the author contextualises approaches and theories on communication studies by making use of local examples from the mass media as well as relevant political and social experiences The book is divided into two parts The first provides students with a strong foundation in communication while the second focuses on the areas of specialisation within communication studies Each chapter starts with the learning Outcomes and a short overview of the chapter Students can monitor their learning by using the summaries and test yourself questions at the end of every chapter Scenarios provide examples of how the theory can be applied in practice This makes for a learner friendly and accessible book which will prove invaluable to Students and professionals alike Beginner students majoring in Communication Studies as well as those studying towards various degrees or qualifications where communication is a prerequisite will find this book useful
