## **The Hawke Ascendancy:**

**The Hawke ascendancy** Paul Kelly, 1984      **The Hawke Ascendancy** Paul Kelly, 1984      Prendre Le Pouvoir Donald J. Savoie, Jacques Bourgault, Institut d'administration publique du Canada, Canadian Centre for Management Development, 1993      *The Eighties* Frank Bongiorno, 2017-01-12 Winner of the ACT Book of the Year Award Shortlisted for the Ernest Scott Prize and CHASS Australia Prize It was the era of Hawke and Keating Kylie and INXS the America's Cup and the Bicentenary It was perhaps the most controversial decade in Australian history with high flying entrepreneurs booming and busting torrid debates over land rights and immigration the advent of AIDS a harsh recession and the rise of the New Right It was a time when Australians fought for social change on union picket lines at rallies for women's rights and against nuclear weapons and as part of a new environmental movement And then there were the events that left many scratching their heads Joh for Canberra the Australia Card Cliff Young In The Eighties Frank Bongiorno brings all this and more to life He sheds new light on both the ordinary and extraordinary things that happened to Australia and Australians during this liveliest of decades The definitive account of an inspired infuriating decade George Megalogenis A very impressive achievement The Monthly Meaty and entertaining The Australian      **A Pleasure to Be Here** John Clarke, 2017-10-30 A hilarious collection of interviews discussing the highs and lows in the public and political life of Australia over the past three decades Drawn from John Clarke's and Bryan Dawe's weekly broadcasts these timelessly funny scripts will delight readers as they revisit the scandals and stuff ups of our lifetimes Politics was never so preposterous All the old favourites are here Bob Hawke Margaret Thatcher Bob Collins the front fell off Paul Keating Alan Bond John Howard Kevin Rudd Julia Gillard Tony Abbott and Malcolm Turnbull John Clarke was born in New Zealand in 1948 He was and remains one of Australia's best known and most loved faces on TV A comedian writer and actor his appearances included the famous Fred Dagg character The Gillies Report and The Games John's books include The Even More Complete Book of Australian Verse A Dagg at My Table The Howard Miracle and The 7 56 Report His only novel The Tournament was published in the UK and the US to great critical acclaim and will be republished in the Text Classics in November He died in April 2017 A reminder of what a god of a comedian he was Clarke never imitated the voices faces or mannerisms of our overlord He simply paid lavish and travestying homage to the way they thought and did their best to deceive us Australian      Pivot of Power Paul Strangio, Paul 't Hart, James Walter, 2017-08-28 The prime ministership remains the main prize in Australian politics but it is a precarious one Leadership turnover in recent years has seen more prime ministers rise and fall than at any time since the decade after federation What explains this volatility The Pivot of Power is the second volume in a unique blend of collective biography and institutional history that shows the skills limitations and passions of incumbents are only part of the story The ways in which prime ministers thrive and fail are influenced by the resources at their command the evolving nature of the parties they lead the daunting public expectations they face under a relentless media gaze and the challenges that history throws at them

Recent changes in these areas have had a destabilising effect and made the role of prime minister more onerous than ever. After decades of strong national leadership the office has rarely seemed quite so confounding as it does for its contemporary holders. *The Pivot of Power* explains how this has come about. And its rich account of prime ministerial fortune since the mid twentieth century yields historical lessons for overcoming the current malaise. **Shelf Life** Gideon Haigh, 2021-12-01 Few journalists exemplify the creed without fear or favour like Gideon Haigh. *Shelf Life* selects from twenty one years of writing on myriad subjects by one of our clearest thinkers, sharpest stylists and most curious journalists. Architecture and airline food, Depression and doodling Goya and Grossman, Weegee and Wire. When not wiring about cricket Gideon Haigh has enjoyed taking journalism on unexpected journeys where curiosity calls into the past and future as well as the present. Edited by Russell Jackson, *Shelf Life* samples his work from the last two decades: essays, reportage, reviews, crisp analyses, deep dives into history of no camp and independent of the news cycle from his shelves to yours. *John Winston Howard* Peter Van Onselen, Wayne Errington, 2008 A portrait of one of Australia's longest serving prime ministers, this biography goes behind the public image to find neither the strong-willed man of principle his supporters like to imagine nor the cunning opportunist painted by his foes. The discussion covers Howard's suburban middle class upbringing and his success at implementing his policies, concluding that although the image of the ordinary bloke has helped his enduring popularity, he doesn't like George Bush and doesn't possess a number of uncommon strengths that have made him one of the most formidable leaders in Australian political history. Talking Politics A. W. Sparkes, 2006-06-19 *Talking Politics* is a philosophical examination of some of the basic concepts of political discourse. Its primary focus is on the ordinary: on what is said by politicians in newspapers and by people in pubs rather than on the works of political theorists. This is a work of but not on political theory. *Talking Politics* is invaluable as a source of reference for students and contains a detailed index. Arranged thematically around topics such as Nation, each entry has copious cross references and suggestions for further reading. A. W. Sparkes is uniquely qualified to write such a book, combining some thirty years teaching as a philosopher with wide experience of and a life-long fascination with politics. His attitude is that of a critical but uncynical observer. Religion and The Transformation of Capitalism Richard H. Roberts, 2012-10-02 This book addresses from a socio-scientific standpoint the interaction of religions and forms of contemporary capitalism. Contributors explore a wide range of interactions between economic systems and their socio-cultural contexts. *Beyond the Welfare State* Sirvan Karimi, 2017-01-01 In *Beyond the Welfare State* Sirvan Karimi utilizes a synthesis of Marxian class analysis and the power resources model to provide an analytical foundation for the divergent pattern of public pension systems in Canada and Australia. **Word Bytes** Carolyn Lee, 2009-07-15 Words matter. And good writing matters. Especially in the information society in which more writing than ever is disseminated and read. There may be a lot of dross out there but we can also find writing that stands out from the rest. It lodges in our heads because of its simplicity and style and because it says something worth reading. This is word byte writing, a term that

Carolyn Lee coins defines and explains in this book and which she and her contributors encourage their readers to achieve A wide range of genres of public and professional writing including magazine profiles newspaper articles and blog posts is covered in Word Bytes The contributions from other professional writers magazine and newspaper journalists through to a blogger and web editor will inspire and teach all those who want to learn to recognise and produce word bytes writing that gets noticed and read in a world of information overload

**Australia's Foreign Aid Dilemma** Jack Corbett, 2017-03-16

The Australian aid program faces a fundamental dilemma how in the absence of deep popular support should it generate the political legitimacy required to safeguard its budget and administering institution Australia's Foreign Aid Dilemma tells the story of the actors who have grappled with this question over 40 years It draws on extensive interviews and archival material to uncover how court politics shapes both aid policy and administration The lesson for scholars and practitioners is that any holistic understanding of the development enterprise must account for the complex relationship between the aid program of individual governments and the domestic political and bureaucratic contexts in which it is embedded If the way funding is administered shapes development outcomes then understanding the court politics of aid matters This comprehensive text will be of considerable interest to scholars and students of politics and foreign policy as well as development professionals in Australia and across the world
