 his contemporaries and future generations His image abounds in various cultures and literatures Eastern and Western and  
 spread around the globe through oral and literary media at an astonishing rate during late antiquity and the early Islamic  
 period The first Iskandarnama or The Book of Alexander now held in a private collection in Tehran is the oldest prose version  
 of the Alexander romance in the Persian tradition Thought to have been written at some point between the eleventh and  
 fourteenth centuries by an unknown author the lively narrative recasts Alexander as Iskandar a Muslim champion a king and  
 prophet albeit flawed but heroic and remarkably appropriated to Islam though the historic Alexander lived and died some 1  
 000 years before the birth of the faith This new English translation of the under studied text is the first to be presented  
 unabridged and sheds fresh light onto the shape and structure of this vital document In so doing it invites a reconsideration
