Military Space Power James Fergusson, Wilson W.S. Wong, 2010-02-26 This handbook examines the militarization of space providing a fair and balanced discussion of the emerging issues concerning space security and defense The militarization of space is already underway with unpredictable consequences for the way war will be conducted in the future Military Space Power A Guide to the Issues examines the militarization of space from historical technological and geopolitical angles It traces space militarization from concepts proposed before World War II through the use of space for military surveillance and communications purposes to the actual deployment of weapons that pass through high altitude space such as ballistic missiles and nuclear armed interceptors The book focuses on the main space pioneers like the United States Russia and China but also includes discussion of potential future players It looks at the state of current space technology but also projects how recent inventions or new discoveries might be weaponized for the space environment And it analyzes how the militarization of space might influence international relations The result is a fair and balanced discussion of the emerging issues concerning space security and defense *The Illustrated Encyclopedia of 20th Century Weapons and Warfare*, 1979

They'll Have to Follow You! Mark Albertson, 2008-02 Others may do as you have done but they ll have to follow you so proclaimed Teddy Roosevelt to the sailors and marines assembled on the afterdeck of USS Connecticut flagship of the Great White Fleet The United States Navy had come of age as sixteen coal burning battleships carried the Stars and Stripes to the far flung ends of the globe in the most extraordinary peacetime demonstration of naval power in modern times It is a story set in the closing stages of the Golden Age of Imperialism a time when the Great Powers engaged in a battleship building binge that not only set the world tottering on the brink of global catastrophe but foreshadowed the later contest in nuclear arms between the United States and the Soviet Union In this companion volume to USS Connecticut Constitution State Battleship Mark Albertson captures one of the finest moments of the United States Navy In the first major strategic initiative by the United States in the twentieth century the Atlantic Fleet Battleship Force circumnavigated the globe steaming more than 46 000 miles in the most monumental achievement in modern maritime history a triumph that helped make the United States a global power and eventually a super power Step aboard one of the ships comprising the Great White Fleet and travel round the world in They ll Have to Follow You *The Illustrated Encyclopedia of 20th Century Weapons and Warfare* Bernard Fitzsimons, 1971 *The Illustrated Encyclopedia of 20th Century Weapons and Warfare* Bernard Fitzsimons, 1971
