The Illustrated Flower:

The Illustrated Flower Emily Blair Chewning, Seymour Chwast, 1977-01-01 ~**These illustrated flower**, 1977

Flora Brent Elliott, 2003 History of botanical illustration accompanied by 300 color illustrations and biographies of their illustrators Illustrations from the Royal Horticultural Society's Lindley Library collection *The Illustrated Language of Flowers*. Anna Christian BURKE, 1920 **The Illustrated Language of Flowers** Anna Christian Burke, 1856 **The Book of Flowers** Alice M. Coats, 1973 The Book of Flowers is one of most lavish and attractive records of flower illustration ever to be produced The illustrations which include 40 magnificent full page color plates are for the most part taken from rare printed books and cover the period 1485 to 1850 after which standards of reproduction began to decline The introduction consists of a short history of illustrated flower books followed by a description of the various types the early herbals of the fifteen and sixteen centuries whose object was chiefly medicinal the illustrated picture books or florilegiums of the seventeenth century whose purpose was to express the sheer beauty of the flowers they portrayed the elaborate botanical books of the eighteenth century the writing of which was given a tremendous impetus by the almost universal acceptance of the Linnaean system of plant classification of 1737 and finally the superb volumes of the early nineteenth century when more illustrated flower books were published than in all the preceding centuries put together This was the time when black and white and color illustrations of flowers reached a standard that has never since been surpassed and when works by those two masters of flower portraiture Redout and Prevost made their first appearance book jacket The Illustrated Language of Flowers. Mrs. L. Burke, 1864 The Illustrated Flower ; Designed by Seymour Chwast; Compiled by J.C. Soares; Edited by William E. Emily Blair Chewning, 1977 Anemone Aster Camellia Chrysanthemum Crocus Dahlia Daisy Dandelion Geranium Iris Lily Lily of the Valley Marigold Morning Glory Narcissus Orchid Pansy Peony Poppy Rose Sunflower Tulip Violet Water Lily Zinnia **Establishing and Operating a Flower Shop** James P. Emerson, 1948 *The Language of Flowers* Beverly Seaton, 2012-10-10 The author traces the phenomenon of ascribing sentimental meaning to floral imagery from its beginnings in Napoleonic France through its later transformations in England and America At the heart of the book is a depiction of what the three most important flower books from each of the countries divulge about the period and the respective cultures Seaton shows that the language of flowers was not a single and universally understood correlation of flowers to meanings that men and women used to communicate in matters of love and romance The language differs from book to book country to country To place the language of flowers in social and literary perspective the author examines the nineteenth century uses of flowers in everyday life and in ceremonies and rituals and provides a brief history of floral symbolism She also discusses the sentimental flower book a genre especially intended for female readers Two especially valuable features of the book are its table of correlations of flowers and their meanings from different sourcebooks and its complete bibliography of language of flower titles This book will appeal not only to scholars in Victorian studies and women's studies but also to art historians
